			High standard of communication and interpersonal skills (evidenced by referee report)			
			Has enthusiasm for teaching and for subject (evidenced by referee report)			

Please note:

- Publications, Research & Clinical Surveys and Supporting Services sit outside of the generic eligibility pool and will have its own recruitment process that will include endorsement/referee report + subject matter expertise.
- We have a high-trust model that assumes members possess extensive knowledge of, and regularly refer to, the manual.
- Not all of the additional criteria are required, to allow us to consider members who do not meet all the criteria listed - individual exceptions to competencies will be considered at the Clinical Governance Committee's discretion.

Criteria will be reviewed in an ongoing fashion and may be subject to change.
