Assure Lock for Andersen

Protection for the home, peace for the mind.

Yale is trusted by millions of people every day to keep what's important to them safe. Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from a leader in mechanical locks to innovating connected smart locks and homes. We were there for your grandparents (and probably theirs) and we'll be there for your children. Today, and every day to come. Shop our wide range of smart locks, keypad locks and smart storage products.

Trusted every day

The Master Lock Company is recognized worldwide as the authentic, enduring name in padlocks and security products. The company offers a broad range of innovative security and safety solutions for consumer, commercial, and industrial end-users. The Master Lock Company is part of Fortune Brand Innovations, Inc. (NYSE: FBIN), a brand, innovation and channel leader focused on exciting, supercharged categories in the home products, security and commercial building markets. Visit www.masterlock.com and www.FBIN.com to learn more.

Let Yale Get the Door™ with a suite of keyless door locks designed to secure and simplify your life.

Whether you are looking for a keyed or key-free option, or a touchscreen or keypad version, Yale has a Yale Pro® 2 lock designed for you.

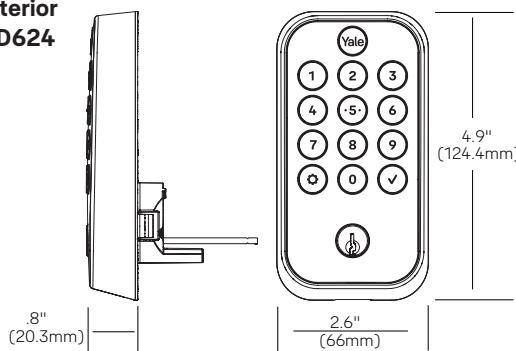

Enjoy peace of mind, protected by Yale Pro® 2 locks with 180 years of security expertise built in.

- Smart app programming: Use the Yale Access app, at the door, for simple programming and creating entry codes
- No professional installation needed: Replaces your deadbolt on most standard doors using just a screwdriver
- Unlock your way: Use the keypad, Yale Access app (only for BLE or WF1 SKUs) on your smartphone or Apple Watch (only for BLE / WF1 SKUs) at the door, or Auto-Unlock (only for BLE / WF1 SKUs).

Yale Pro® SL

Key Free Entry Deadbolts

Buying Group: Deadbolt Pro

Yale Pro SL Keypad
YRD136

Yale Pro SL Touchscreen
YRD156

The Yale Pro SL is a key-free deadbolt with Z-Wave Plus built in. It replaces a standard deadbolt in minutes using just a screwdriver and can be added to dozens of Z-Wave smart home and alarm systems with one-touch enrollment. Get the premium Yale design and features seen in retail, at a lower cost for the pro channel.

- The lock is 100% key free so it can't be picked and there's no keys to lose.
- Available with a backlit touchscreen or keypad
- To prevent lockouts due to dead batteries, there is a 9V battery terminal located below the keypad.
- The lock has a backlit, keypad that wakes with a touch and has numbers that won't wear off.

ACCESS MANAGEMENT SOLUTIONS: MASTER LOCK® VAULT ENTERPRISE

Smart. Simple. Secure.

The Master Lock Vault Enterprise software and suite of Bluetooth® enabled hardware provide business users who manage many locks and many users with a convenient way to control access, oversee assets and improve accountability. This proven security innovation eliminates the cost, security risk and complexity of physical keys.

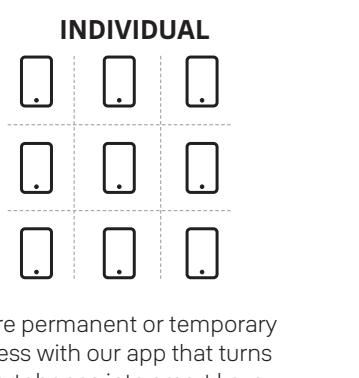

INNOVATIVE FEATURES:

- Efficiently manage access to ensure the right users have the right access
- Simplify security set-up with bulk user uploads and fast lock scanning for registration
- Automatically map lock and lock box locations via smartphone
- Easily monitor access with robust data and audit trails
- Assured back-up entry method using manual, directional or numeric code on locks and lockboxes
- Leverage the security of 256-bit, military-grade encryption

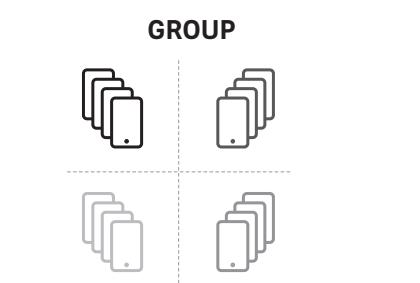

Flexible Asset Management

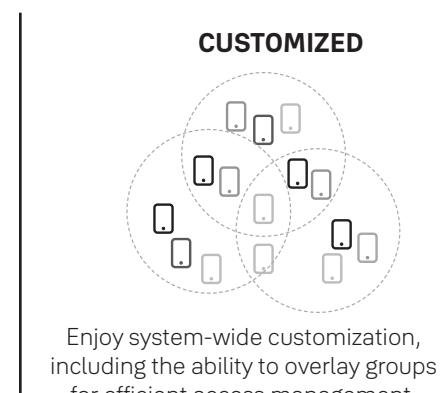

Whether it's one lock or thousands, Master Lock Vault Enterprise provides businesses with unmatched security, simplicity and accountability.

Share permanent or temporary access with our app that turns smartphones into smart keys.

Easily assign users and devices to unique access groups, on demand.

Enjoy system-wide customization, including the ability to overlay groups for efficient access management.

Around-the-Clock Access with Master Lock Vault Enterprise

Integrated into the suite of Bluetooth enabled products, the easy-to-use Master Lock Vault Enterprise app eliminates the need for physical keys and key management, lowering costs and enhancing security. Users view detailed lock-use history, including unlock/open/relock activity.

Bluetooth Enabled Products

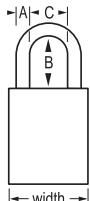

The Master Lock Vault Enterprise suite of Bluetooth enabled products can be mixed and matched to fit your application needs.

- No keys to lose ■ No combinations to forget ■ No unauthorized key duplication
- No long-term contracts ■ No monthly fees ■ No shared access fees

- Durable, reliable padlocks that feature anti-shim technology for maximum security
- Strong, weather-resistant lock boxes have a large storage capacity for keys and key cards
- Door controller easily wires into electric strikes or magnetic locks and fits inside standard door frames.

				18"
				19 3/8"

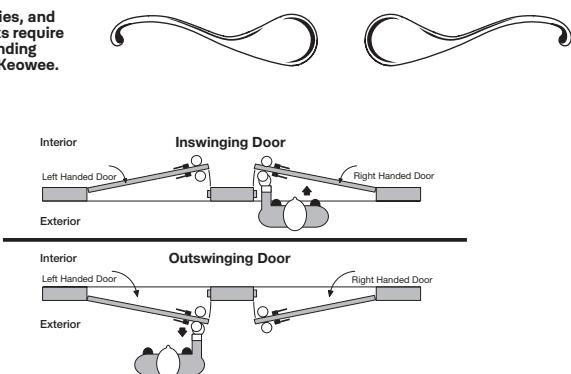

1-3/8" to 1-3/4" door thickness

HOW TO DETERMINE HANDING OF DOORS

- The handing of a door is always determined by facing the exterior of a door.
- If the hinge is on the left side of the door, the door is left handed (LH).
- If the hinge is on the right side of the door, the door is right handed (RH).
- To order a handed product, specify LH or RH. Not all products are handed; only specify handing when required.

ADA, Dummies, and
Interior Packs require
handing. Handing
required for Keewe.

Bridgeport

Dartmouth

Cambridge

Oxford

The YH Collection continues a legacy of distinctive design, high manufacturing standards and demanding performance started by Linus Yale in the mid-19th century. The YH Collection leverages years of engineering refinement with artful execution to offer a series of ANSI Grade 2 superior light commercial quality locks that will beautifully serve any home for generations. They offer superior functionality such as push-button locking and removable knobs for simple re-keying.

NOTE: YH Collection levers are designed to be reversible to eliminate handing (except for the single dummy, Function #81. For the single dummy (Function #81), please specify handing either right hand (RH) or left hand (LH) when ordering these functions, or when ordering split finishes.

HOW TO DETERMINE HANDING OF DOORS

- The handing of a door is always determined by facing the exterior of a door.
- If the hinge is on the left side of the door, the door is left handed (LH).
- If the hinge is on the right side of the door, the door is right handed (RH).
- To order a handed product, specify LH or RH. Not all products are handed; only specify handing when required.

Storeroom, Classroom, Dummies, and Interior Packs require handing

83 Select

Single Cylinder

85 Select

Double Cylinder

Contractors will appreciate our ongoing focus on builder functionality with these finely designed ANSI Grade 2 YH Collection deadbolts. The Premier Deadbolt "face-removable" design provides easy access to the solid brass cylinder without having to remove the deadbolt from the door. This is a significant benefit to multi-family and multi-unit projects commonly requiring re-keying. The Select Deadbolt offers ANSI Grade 2 strength and security with standard access to the cylinder.

Decorative Passage Handlesets

Use with Assure® Deadbolts

Buying Group: Mechanical - Retail

Ridgefield

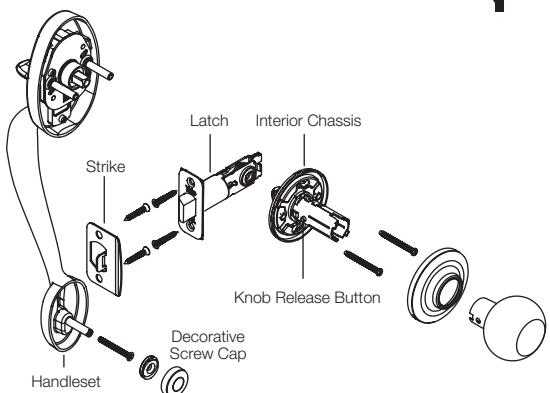

Our decorative handlesets combine elegance with ease of installation. These designs offer balanced torque springs on a split-hub for ease of opening, solid thumb pieces, and finishes utilizing the world's most advanced clear coat technology. Designed to fit most American-made doors, each handleset comes with easy-to-read installation instructions. Can be utilized in conjunction with Assure® deadbolt product.

Pivot Collection®

Buying Group: Mechanical - Retail

Navis™

The Pivot Collection® redefines the landscape of residential mechanical hardware with push to open products designed to fit seamlessly into your home. The Navis Paddle makes door opening versatile and convenient for any member of the household. A door can be easily pushed open with a hip or elbow when carrying an armful of groceries or a load of laundry — its two-way push/pull operation makes it ideal for laundry rooms, garage entries, basements, bedrooms and more. The ADA-compliant handle is also accessible for children, the elderly and the disabled.

- Hands full? No problem. Just push or pull! The Navis Paddle for Yale's Pivot Collection redefines the way we open and close doors today. Instead of rotating, just push or pull - with the palm of your hand, elbow or hip for faster, easier access.
- Ideal for a front door entry when paired with a Yale Keypad Lock.
- Two-way push/pull operation makes Navis ideal for laundry rooms, garage entries, basements, bedrooms and more.
- Fits standard doors. Works with both inswing and outswing doors, and can be handed for left or right swing.
