HOW TO ARRIVE

Starting and finish line INFERNO:

Piazzale Primo Maggio - Cattolica

● BY CAR

Cattolica is located on the Adriatic coast and is served by the Cattolica, San Giovanni in Marignano, Gabicce exit.

From the north: Take the A1 motorway from Milan to Bologna, then take the A14 from Bologna to Cattolica.

From the south: Take the A14 motorway from Taranto to Cattolica.

● BY TRAIN

The fastest way to reach the city is to take a high-speed train to Rimini station and then take a regional train to Cattolica - S. Giovanni Gabicce station.

● BY PLANE

Cattolica is close to three airports served by domestic and international flights:

Rimini and San Marino Federico Fellini Airport - 20 minutes away

Ancona Raffaello Sanzio Airport - 45 minutes away

Bologna Guglielmo Marconi Airport - 1 hour away

WINGS FOR LIFE WORLD RUN

Sunday 5th May 1 PM

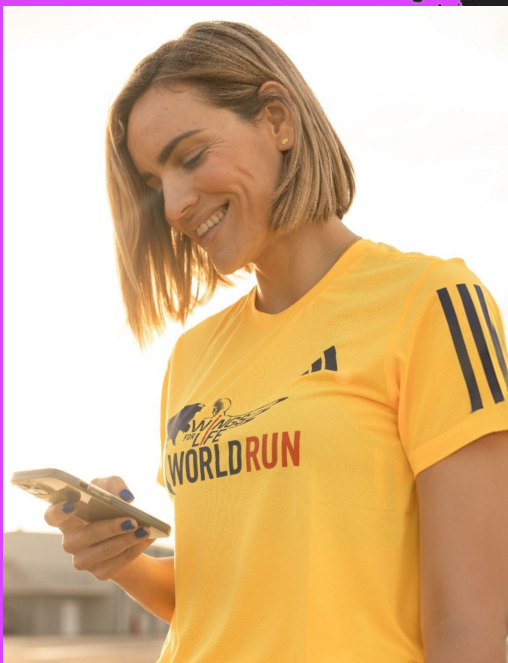

<https://www.wingsforlifeworldrun.com/it/locations/cattolica-rimini>

The Wings For Life World Run is a unique race for everyone, both runners and wheelchair participants.

Instead of the finish line, all participants will run together to hold their own against the virtual Catcher Car. Now for the eleventh year, on 5 May 2024 participants of the Wings for Life World Run in Italy will be able to run together in Cattolica.

Get together with your friends, download the Wings for Life World Run App and join the others who will run together until the Virtual Catcher Car catches up with you. The run will start at exactly 13:00.

The Virtual Catcher Car will start after 30 minutes, initially at 14 km/h and will increase its speed until the last athlete is caught up. 100% of donations and entry fees go directly to the spinal cord injury research project.

A background image of a marathon race. Runners are seen from behind, running on a paved road. The scene is dark and smoky, suggesting a night or low-visibility environment. A large red banner with a white 'M' logo is visible in the background. The overall mood is intense and dramatic.
