

RENTAL CONTAINER & TRAILER OPTIONS

Discover the GFL Advantage

METAL LID BOXES

- 20- and 25-yd boxes available
- Excellent for wet solids and sludges
- Split top: two 68-in x 90-in metal rolling lids spring loaded, self rising
- Coated inside and out with direct-to-metal, rust-inhibiting acrylic enamel

TANKER TRAILERS

- Stainless steel 7,000-gal DOT 307/407 trailers, 180-bbl crude trailers and 130-bbl carbon steel vacuum trailers available
- Insulated and non-insulated; liquid level gauge
- Vapor recovery capability

FRAC TANKS

- Round-bottom, open-top, mini, acid, or steam coil fracs available
- 250-400 bbl (13, 125-21,000 gallon)
- Epoxy lined or bare steel
- Level indicator
- Sample hatch design located on roof eliminates the need to walk on top

HYBRID BOXES & SPECIALTY CONTAINERS

- Specialty boxes to meet your every need, including asbestos, hybrid, etc.
- Ask about our new hybrid box, utilized for vacuum container service at HPP Recycles!

POLY TANKS

- 6,500-gal high-density cross-linked polyethylene
- Two 4-ft butterfly valves on bottom
- Delivered and set up without crane

VACUUM BOXES

- 25-yd sizes available
- Excellent for liquids and wet sludges
- Vapor-tight seals around all doors and manways, no emissions
- 8-in flange on front/back; 21-in manway on top

DEWATERING BOXES

- 25-yd sizes available
- Roll-tarp, metal lid and vacuum types
- Solid dewatering filters of various sizes
- Reduces transport and disposal costs by freeing water from sludge and slurries; 6-in washout ports

ROLL-TARP BOXES

- 20-, 25-, and 30-yd sizes available
- Sealed rear door keeps container water tight
- Disposable liners available for easier dumping

TRASH BOXES

- 10-, 20-, 25-, 30-, and 40-yd sizes available
- Designed for general trash and nonhazardous solid waste
- No seal around door so liquids drain freely

ANCILLARIES & NONCONTAINER RENTALS

- 160-gal bubble-up scrubbers and heavy-duty carbon canisters (700-lb capacity) available for vapor recovery needs
- A full line of sanitation equipment and service options
- 12x12, x25, x50 ft liquid containments
- Chemical and stainless hoses

RENTAL CONTAINER & TRAILER OPTIONS

Discover the GFL Advantage

SS TANKER TRAILERS

- Stainless steel 7,000-gal DOT 307/407 variants and 180-bbl crude trailers available
- Insulated and non-insulated
- Vapor recovery capability
- Good for all kinds of bulk liquids, including product and/or waste

HEAVY-DUTY STEEL END DUMPS

- 30- to 60-cu yd steel dump trailers with barn-door style gates
- Round body variants also available
- Able to be live-loaded with concrete or demolition debris using backhoe or excavator

BOX & CURTAIN VANS

- 53-ft overall length; 101-in inside width; 13-ft, 6-in overall height
- Good for dry bulk hauling, such as drums, freight, boxes, pallets, etc.
- Non-refrigerated

55-CU YD ALUMINIM END DUMPS

- Aluminum 2-axle type made of 6061-T6 alloy, frameless
- Length: 39-ft; Height: 96- to 102-in tapered
- Good for hauling soil, coke, fertilizer, grain, sludges, etc.

32-CU YD ALUMINUM END DUMPS

- Aluminum 4-axle type at 10,500-lbs (made of 6061-T6 alloy)
- Length: 26-ft; 26- to 28-ton payload capacity and 80,000-lbs GVWR
- Perfect for hauling asphalt, soil, sand and clay, sludges, etc.

PNEUMATIC TRAILERS

- Aluminum 4-hopper design used for hauling catalyst, grain, etc.
- 1,500-1,600 cu ft capacity
- 5-in butterfly valve to 4-in aluminum to rear discharge
- 15 PSI design pressure; 22.5 PSI test pressure

INTERMODAL TRAILERS

- 20- and 40-ft chassis available
- 40-ft chassis capable of carrying two 20-ft or one 40-ft container(s) - (for two containers, trailer must be empty)
- Lengths are 31-ft closed and 41-ft open

130-BBL VACUUM TRAILERS

- DOT 407/412 spec, ASME "U" stamp certified
- 5,500-U.S. gal; 35-PSIG operating and 53 hydrostatic test pressures
- 2- to 6-in rear air operated butterfly valves with 6- to 4-in reducing elbows, 4-in outboard valves
- Good for heavy sludges/liquids; stainless steel (T316) also available

FLAT & DROP DECKS

- 48- to 53-ft length trailers available
- Rated for 80,000-lbs distributed-load
- Drop decks designed to haul heavy or awkward loads

70- TO 80-BBL VACUUM TRUCKS

- Several different types available (DOT and non-DOT); Rear-door tilt and non-rear door available
- Capacity: 2730- to 3360-U.S. gallons
- Design pressure: 25-PSI internal, 15-PSI external (full vacuum) 38-PSI hydrostatic test
- Integrated vapor recovery available
