## USAGE & CARE

For optimal maintenance of the products and to preserve the characteristics of the materials they are made of, a few simple precautions are necessary.

### METALS

*Cleaning:* Both steel and aluminum metal surfaces, as well as painted surfaces, should be cleaned with a soft damp cloth soaked in warm water. For stubborn stains, you can dilute a small amount of mild liquid soap in water. Always dry after cleaning with a soft cloth or chamois leather. Do not use creams or pastes to clean steel, do not use chlorine, bleach, or other aggressive detergents. Do not use abrasive pastes, scouring pads, or abrasive sponges, as these may scratch metal surfaces.

*Usage:* Be careful with food stains such as coffee, cola, and fruit juice, which can leave permanent stains on surfaces.

---

## WARRANTY

QUINTI guarantees that the products will retain their characteristics for 6 years from delivery, except for normal wear and tear and provided that they are used in accordance with the instructions provided. QUINTI will replace any product found not to comply with this warranty at no cost, without incurring any other liability whatsoever. The warranty does not apply to components, external accessories, or materials supplied by the buyer and applied to the products for the purpose of customizing them.
