

High or medium back directional chair, with armrests and backrest handle in polished aluminum.

Seat & Back

Seat and load-bearing backrest in support made of soft Eurolene thickness 1.3 mm;

Ultra-high heat-sealed **black or white** PVC mesh to ensure longer life

Structure

Frame without exposed screws in high-strength steel, round section Ø 25 mm by 1.5 mm thick chrome or black painted finish. Back handle, closing caps and armrests in polished or black painted aluminum.

Mechanisms

M5 Single lever swing mechanism with gas height control and locking in operating position. E' complete with flyer for varying the oscillation hardness.

M5B Single lever oscillating mechanism in polished aluminum, with gas height control and locking in operating position. E' complete with flyer for varying the oscillation hardness. The supporting body is entirely constructed of black painted aluminum.

M5A Heavy-duty single-lever oscillating mechanism in polished aluminum, with gas height control and locking in operating position. The supporting body is entirely constructed of polished aluminum.

M4 /M3 Vanquished oscillating mechanism the rotation point of this mechanism is placed further forward than the standard. The locking lever allows locking in 3 positions with anti-seat return system. E' complete with flyer for varying the oscillation hardness. The load-bearing body is entirely constructed of polished die-cast or black-painted aluminum.

M10 Harmonic mechanism, ensures permanent seat oscillation and gas elevation.

M8 turntable with elevation

Base & castors

Leggera 5-spoke polished or black painted aluminium base on wheels [d. 680 mm]

Shop base in 4-spoke black polished or painted aluminium on feet [d. 680 mm]

Standard double tread black nylon wheels with diameter 65 mm.

Measures	Type	Seat height	Total height	Width	Depth
cm	High	42/52	107/115	70/48	72/47
cm	Low	42/52	91/99	70/48	72/47

Products certificate

Disassembly

All products have been designed in such a way as to allow them to be assembled at the end of their useful life, so that their parts and components can be reused, recycled or recovered for energy purposes.

Warranty

QUINTI guarantees that the products will maintain their characteristics for 6 years from delivery, without prejudice to normal wear and tear and provided that they are used according to the instructions provided. QUINTI will replace any product found to be non-compliant with the aforementioned warranty free of charge, without incurring any other liability whatsoever. E' excluding the application of the warranty on components, external accessories, or materials supplied by the buyer and applied to the products for customization purposes. Optimal maintenance of the products and maintaining the characteristics of the materials from which they are made unchanged require some simple care.

All sessions offered are SAFE according to the provisions of EU Regulation 2023/988, on General Product Safety (GPSR), strengthened by UNI EN certifications.

The company does not hold itself liable if it is misused (Standing up or using products such as ladders and swings that could compromise the operation and safety of the user. To lift or move the product grip firmly on the supporting structure. The product must not be subjected to off-center loads, it was designed to be used under normal conditions of support on 4 legs or on the base).

Use & Maintenance

For optimal product maintenance and to maintain the characteristics of the materials from which they are made unchanged, some simple care is necessary.

THE METALS

Cleaning: Both steel or aluminum metal surfaces, as well as painted surfaces, should be cleaned with a damp, soft cloth soaked in hot water. For more stubborn stains, you can dilute liquid neutral soap in water in moderation. Always dry after cleaning with a soft cloth or chamois leather. Do not use creams and pastes to clean steel, do not use chlorine, do not use bleach and other harsh detergents. It is not recommended to use abrasive pastes, scouring pads, and scouring pads that can scratch metal surfaces.

Usage: Watch out for stains on foods such as coffee, cola, fruit juices that can leave permanent stains on surfaces
