

# H2East Pipeline: Humber to Nottinghamshire Feedback form

H2East Pipeline  
Humber to  
Nottinghamshire

## Project overview

The H2East Pipeline: Humber to Nottinghamshire is a proposal for a new underground hydrogen pipeline in the east of England.

It will support businesses in one of Britain's major industrial heartlands by supplying them with hydrogen helping to safeguard important industries, building a resilient regional economy, encouraging investment and creating and retaining jobs.

Go online to find out more information about our proposals: [www.h2east.co.uk](http://www.h2east.co.uk)

## The consultation

Our first stage of consultation is now open and will run from midday on **3rd March 2026** until 23:59 on **14th April 2026**.

We are consulting on the pipeline and its route during this consultation, as well as the search areas for Hydrogen Above Ground Installations or HAGIs.

### Have your say

**Please complete this feedback form and return to us using our freepost address: FREEPOST H2 EAST HN.**

If you need more space to provide your feedback, please feel free to include additional pages. If you require this form in an alternative format, please contact 0800 188 4479.

Alternatively, you can provide your feedback online at [www.h2east.co.uk](http://www.h2east.co.uk) or by email to [humbertonotts@h2east.co.uk](mailto:humbertonotts@h2east.co.uk).

**Please submit your feedback by 23:59 on 14th April 2026.**

We will take all the feedback we receive into consideration as we continue to develop our plans for the pipeline.

To find out more, visit the website or contact the project team by emailing [humbertonotts@h2east.co.uk](mailto:humbertonotts@h2east.co.uk) or calling **0800 188 4479**.

### Personal Information

Please refer to the privacy notice on this form for details of how we will handle your data.

# Privacy policy

Your privacy matters to us and we go to great lengths to protect it - please do take some time to get to know how we work. If you do not understand some of the terms we have used or you have any questions, then please contact us and we will do our very best to assist you.

Before we start, we need to tell you that Cadent Gas Limited of Pilot Way, Ansty Park, Coventry, CV7 9JU is the data controller for the H2East Pipeline: Humber to Nottinghamshire Project (“Project”). This means that Cadent is responsible for both choosing the type of data used, and how such data is going to be used for this Project.

As data controller, Cadent is registered with the Information Commissioner’s Office, under registration number of ZA195116.

Feedback is managed on behalf of Cadent by Camargue Group Ltd, registered address: Eagle Tower, Montpellier Drive, Cheltenham, Gloucestershire GL50 1TA. Registered in England No.: 3954008. Camargue Group Limited (“Camargue”) has been appointed by Cadent to undertake consultation and communications activities for the Project. Camargue is a data processor for the purposes of the Project. All personal data collected by Camargue on Cadent’s behalf will be processed in compliance with UK data privacy laws.

Contact details for any queries or comments on this policy should be addressed to Camargue using the contact details listed at the end of this document.

This notice explains:

- when we may collect information from you
- what information we collect
- why we collect it
- how we use that information
- how long we keep that information for
- the choices we offer, including how to access and update that information.

## How does Cadent process your information?

The information we process about you as an individual will vary depending on the type of interaction you have with us about the Project.

We may collect and use:

- Your name
- Your address
- Phone number
- Email address
- Information about land or property interests you hold
- Details about any specific needs (including sensitive personal data for reasonable adjustments)
- We use third party information such as land registry data
- If you represent an organisation relevant to the Project’s work
- Any pertinent information you may wish to provide to us in order that we can consult with you effectively

## We use this information to:

- To inform the design of the project and support the development of an application for a Development Consent Order
- To keep you up to date with our work on the project
- To meet any requirements under the relevant statutory processes and to comply with law
- To communicate with you about the H2East: Humber, Nottinghamshire Pipeline Project and related Cadent assets
- To ensure we have identified relevant interests in land
- To consult with you as part of the planning application process
- To arrange survey access licences and make any payments due
- To manage gas network activities (easements, planning, surveys, access)
- To provide updates on current and future Cadent projects

## We share this information with:

- The contractors and sub-contractors that are supporting Cadent on this project Relevant governmental bodies such as The Planning Inspectorate, the Department for Energy Security and Net Zero and or any other organisation, as required by the relevant statutory processes and to comply with law
- Suppliers and contractors acting on our behalf for land access and project activities

## Our legal basis of processing is:

- Legal / Regulatory Obligation and for the legitimate interest for maintaining our Gas Network
- Legitimate interests (network development and management)
- Compliance with planning requirements

## What information may we collect from your electronic device?

Our website uses a mechanism called “cookies”. Cookies record your details and your preferences so that when you log on to the website, you can use that website without having to re-enter your information every time you do so. If you need more information on how cookies work in detail, or if you do not wish us to collect information from your device in this way please review our information on Cookies for more details.

When you visit our web site, our computer system may track information about your visit. This information is automatically saved by our computer servers and the information is saved electronically. For more details please review our information on Cookies.

## Information others may provide to us?

- People contacting us by telephone, email, by letter or by using social media may provide us with your personal information.
- Members of the public may provide our employees, contractors and sub-contractors with your personal information.
- Other businesses may supply us with your personal information
- We may be provided with your personal information by regulators, and the Courts within the terms of their data privacy obligation.

## Who may have access to your personal information?

- Those employees or approved contractors and sub-subcontractors who need to know your personal information for the reasons set out above.
- Those employees or approved contractors or sub-contractors who need to know your personal information for the purposes of record keeping in accordance with the law, regulations or in accordance with our licence from Ofgem.
- We may sometimes be required to disclose your personal information to third parties such as local authorities, courts and tribunals, regulatory bodies and/or law enforcement agencies for the purpose of complying with applicable laws and regulations, or in response to legal processes, or as part of the project planning application process as detailed above.

## How long do we keep your personal information?

In line with legal and regulatory obligations

We will keep the information for the purposes of the Project and maintaining our gas network. In some circumstances, some of the information may be made anonymous so that it cannot be associated with you and you cannot be identified from it.

## How to access and obtain, rectify and/or erase your data, restrict or object to a further processing of your data

### You can request access, correction, or deletion of your data

There may be circumstances where you wish to access and obtain details of your personal data held by us – if so then please contact us in writing using the contact details set out below.

It is important that the information we have in our records is both accurate and current. If your personal information changes, please keep us informed.

Where you use any chat room, notice board or social networking site, please be careful about giving out information about yourself or others. For more details on how we deal with misuse please visit our Terms and Conditions page.

## Third-party links

The website may include links to third-party websites, plug-ins and applications. Clicking on those links or enabling those connections may allow third parties to collect or share data about you. We do not control these third-party websites and are not responsible for their privacy statements. When you leave our website, we encourage you to read the privacy policy of every website you visit.
