> Welcome, via this form you can apply for non-bank financing for startups, scale-ups and innovative SMEs without a credit relationship with a bank.

Your application will be processed by the relevant Regional Development Company (ROM) or Invest-NL, depending on the size of your financing need.

It is only possible to submit a single application per company.

Please note, this form is extensive and contains questions about your business model and financial figures. Make sure you have all the information at hand. You can scroll through the questions in advance to see if data is requested exactly. It takes about 30 minutes to complete.

1. I have read and have no objections to the terms of use of this portal and the financing conditions .

Terms of Use: Techleap manages the technology platform and has no involvement in assessing your application. Under no circumstances is Techleap liable for any damage, consequential damage or special damage, resulting from whether this is the result of the use of this portal and / or for damage resulting from your inability to access the portal, or from defects in the correctness or completeness of the information available on the website, your use of the portal, unless this damage results from our intent or gross negligence.
