MICKY SUELZER

WATCH THE REEL HERE

Our roots with Micky go way back to the very beginning, we know each other terribly well. Micky's aim is to always deliver the unusual. Combined with a feel for perfect comedy in casting and timing, he believes that advertising is just a different form of entertainment and treats it like this.

Micky has worked for clients like *Mercedes-Benz, Vodafone, BMW, Deezer, Otto, Edeka, McDonald's*. He is a storytelling-driven guy, technically extremely skilled and visually very strong. In his successful career Micky won several awards, including most recently a *Lion in Cannes* for his film '*Super Marc*' for *Edeka*.

Micky strongly believes in the power of magic, he owns a magic wand that can make good weather on shoots. This is a true story. We do love this guy very much.
