

This water meter is Remotely monitored. Touching the optical reader will disrupt the monitoring!

Even the slightest movement of the optical reader will cause the data stream to be interrupted. Placing the reader back on top of the water meter will not automatically resume the reading, which may cause a loss of data.

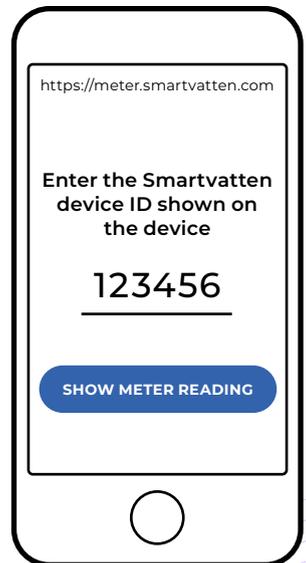

In case the optical reader has been moved, please contact our customer support:

Smartvatten Customer Support
p. +31 203 458851 (Mon - Fri 9am to 3pm)
info@smartvatten.com

In case the water meter has been replaced, please place the optical reader on top of it and inform us at your earliest convenience.

Do you need the meter reading?

- 1) Log in to <https://meter.smartvatten.com> or scan the QR code shown on the Smartvatten device.
- 2) Enter the 4 last digits of your phone number.
Please note: In order to use the last 4 digits of your phone number for identification, it will first need to be registered in our system. Please let us know name and phone number of the persons, who should get access to the digital meter reading.
- 3) Enter the 6-digit code shown on the Smartvatten device.
- 4) Click "Show meter reading". The latest image of the water meter will appear.
