Description

The Back Straightener outdoor gym device stretches the muscles of the back, abdomen and legs. Improves body flexibility and the functioning of the cardiopulmonary system.What sets us apart from others is that the backrest is covered by polyurethane foam (PU system). As a result users never have a feeling of hot touch during very sunny days, or cold during frost.

To do the exercise put your feet on the steps and crossed hands put on the chest. Support calves on the bar over the steps. Slowly perform the leaning.
