ORBITREK

Code: KS-FS-001

Physical

Cardio

Strenght

Description

The Orbitrek is popular outdoor gym equipment for improving stamina. It works with the whole body, involves both the arms and the legs. This device focus on developing muscles of the legs, hips, lower back and abdomen as well as improves the endurance of the body and coordination of movement.
To do exercise place your feet on the steps, hold the handles using both arms. Then simply start to simultaneously press on the steps as if you were pedalling and move hands alternately. Keep your back in an upright position during the course of the exercise.
