Description

The Bike I is popular outdoor gym equipment which offers a great cardio workout. Develops thigh muscles, calves and abdomen. Improves the functioning of the cardiopulmonary system. What sets us apart from others is that the seat and backrest are covered by polyurethane foam (PU system). As a result users never have a feeling of hot touch during very sunny days, or cold during frost. The key point of this version is to provide everyone with optimal comfort for exercise.

To do the exercise sit down on the seat, grab the handle with your hands, and place your feet on the steps. Start to press on the steps as if you were pedalling Keep your back upright.
