# DOUBLE LEG PRESS I

Code: KS-FD-005

Physical

Social-emotional

Socialisation

Pushing

Strenght

Cardio

## Description

Double Leg Press is a popular outdoor gym that strengthens and develops the thigh, hip and buttock muscles. It increases the endurance of the body and improves flexibility. What sets us apart from others is that the seat and backrest are covered by polyurethane foam (PU system). As a result, users never have a feeling of hot touch during very sunny days or cold during frost. The key point of this version is to provide everyone with optimal comfort for exercise.

To exercise, sit comfortably on a seat, place your feet on the step, grab handrails with both arms and push hard steps until you straighten your legs.

## Product details

- Dimensions (LxWxH): 1,64 x 0,65 x 1,65 m
- Safety zone: 4,64 x 3,65 m
- The number of anchors: 1
