PASO

Code: 01-MO-300

Description

The specialized design of the platform allows for convenient and safe use of slides installed on a slope. The flat surface serves as a starting area for slide users and is covered with an HPL board with an anti-slip texture. This solution is practical, aesthetically pleasing, and enhances the usability of areas with unconventional terrain.

Playground device consists of

- 1 x platform with an anti-slip surface

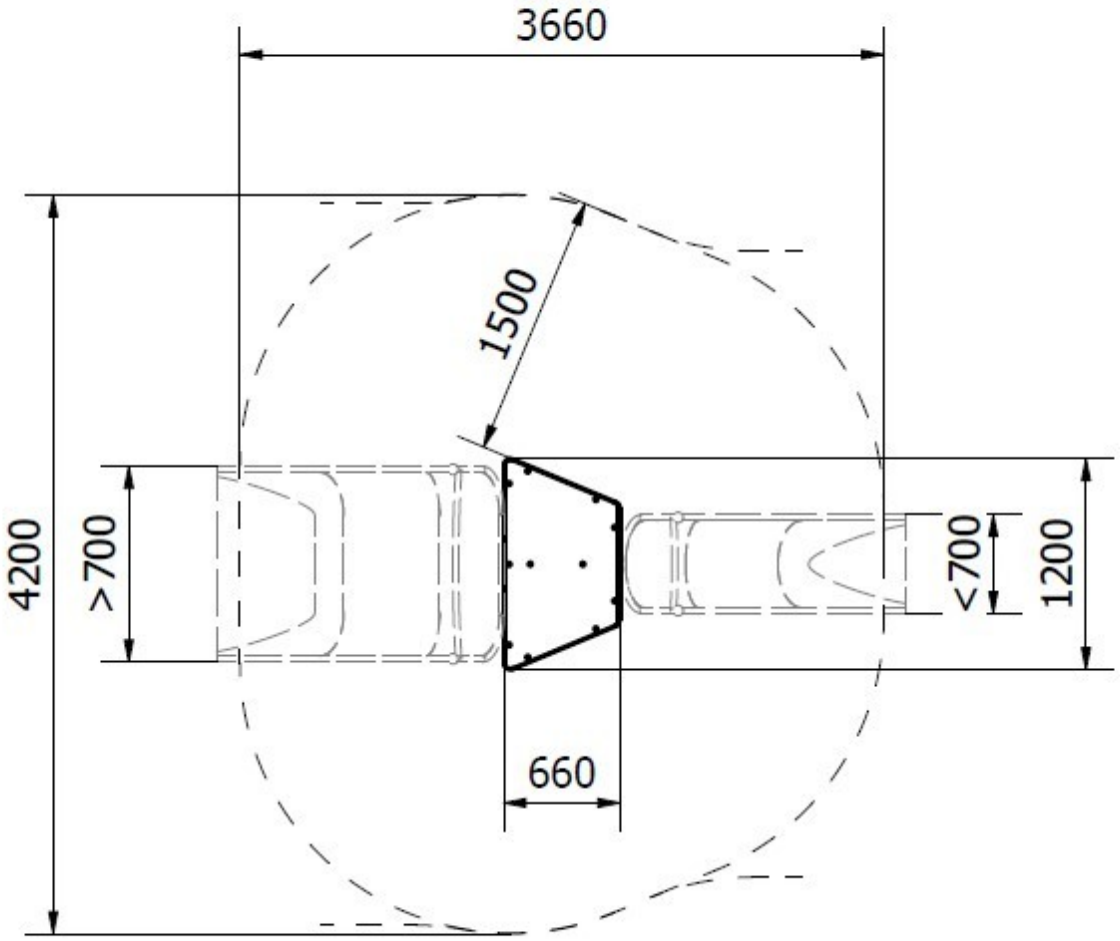

Product details

- Dimensions: (LxWxH): 1,2 x 0,66 x 0,05 m
- Safety area: (LxW): 4,2 x 3,66 m
- Freefall height: 0,05 m
- Differences in dimensions no more than +/- 5% are acceptable

Materials

- Structure made of stainless steel.
- Platform covered with an HPL board with an anti-slip texture.
