LIBELO

Code: IS-IN-201

Physical

Social-emotional

Swinging

Integration

Socialisation

Description

The integration seesaw Libelo is designed to invite everyone to play together, regardless of age or ability. Thanks to its unique design, three users can swing at the same time, including two with limited mobility. These features encourage children to play together and work as a team. The gentle rocking provides lots of fun.The swing is equipped with one wide and one narrow walk-in seat, allowing easy access or transfer onto the seat and a stable central platform for an additional participant. The durable construction, made of galvanized steel and powder-coated for durability, ensures resistance to weather conditions.

IMPORTANT! Five-point harnesses on individual request.

Playground device consists of

- 1 x swing frame
- 2 x seats with backrests
- 1 x platform
- 1 x ROSTA flexible joint

Product details

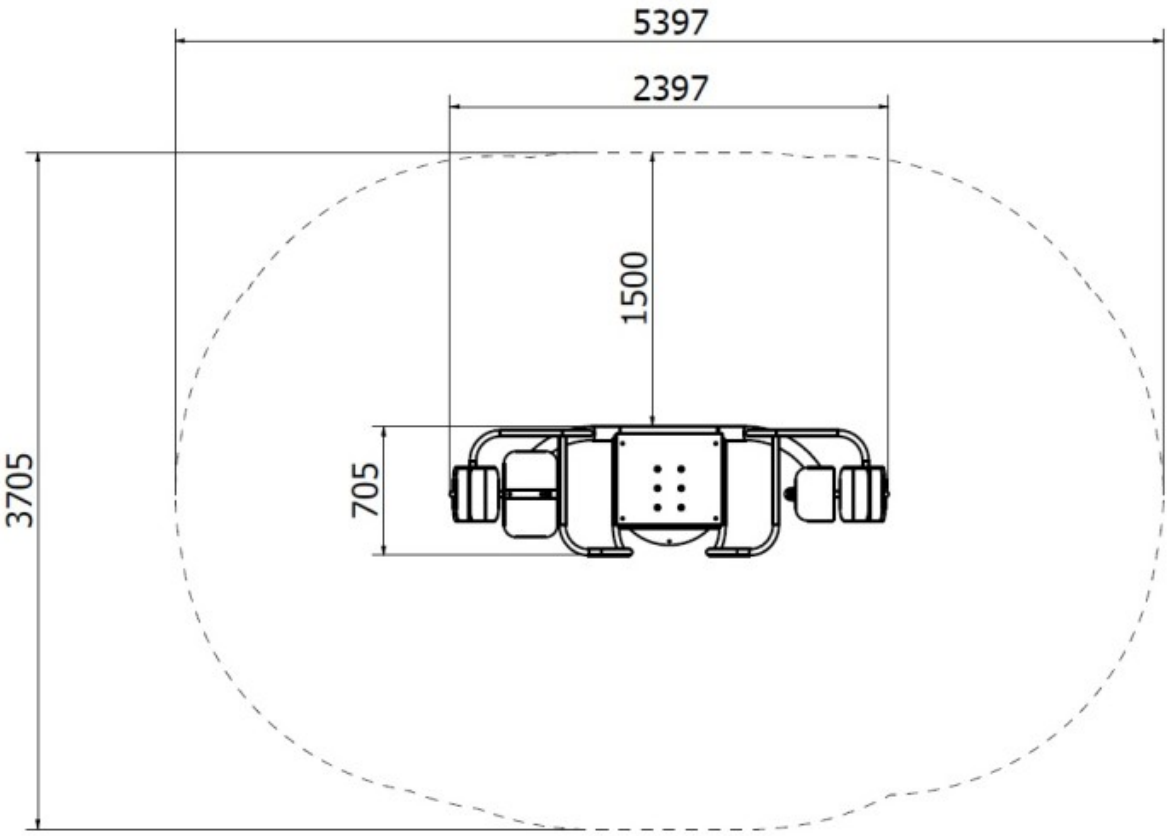

- Device dimensions (LxWxH): 2,4 x 0,7 x 1,26 m
- Safety zone: 5,4 x 3,7 m
- Free fall height: 0,98 m

- Seat height: 0,52 m
- User age: 4+
- Number of users: 3 people
- Maximum user weight: 130 kg
- Maximum load capacity: 300 kg
- A certificate confirming compatibility with norm EN 1176
- Dimensional differences of up to +/- 5% are acceptable.

Materials

- Structure made of black, galvanized, powder-coated steel (Ø76.1x3.0 mm),
- ROSTA flexible joint,
- Platform made of HDPE material,
- Structure color [RAL] - 9006,
- Decorative elements made of HDPE material, color of decorations - red,
- Seat made of polyurethane, seat color - black.
