## Description

The playground set made from the highest quality ROBINIA wood, which combines a natural ecological appearance with exceptional durability. The set includes a rope net that forms a spatial structure for climbing. The dense network of ropes and ladders allows children to develop motor skills, balance, and strength. The structure is made of ROBINIA wood, which is resistant to harsh weather conditions. The set features attractive decorations with forest motifs (leaves and an owl).

## Playground device consists of
