EDITO 23

Code: IS-TA-207

Physical | Social-emotional | Cognitive | Creative | accessibility | Integration | Socialisation | Role-playing

Description

Educational Board designed for creative play, adapted for use by children in wheelchairs. The toy resembles a shop counter with the inscription "PET SHOP" above it. This unique product not only educates but also serves as a tool for wonderful play and interaction with other children. The structure is made of black steel, galvanized, and powder-coated. The board is made of HDPE material. The pipes are finished with spherical decorative elements.

Playground device consists of

- 2 x posts
- 1 x shopping counter board
