EDITO 21

Code: IS-TA-205

Physical | Social-emotional | Cognitive | Creative | accessibility | Integration | Socialisation | Role-playing

Description

The educational board is designed for creative play, suitable for use by children who move in wheelchairs. The toy resembles a grocery store counter, with the word "GROCERY" displayed above. This is a unique product that not only educates but also serves as a tool for wonderful play and interaction with other children. The structure is made of black steel, galvanized and powder-coated. The board is made of HDPE material. The tubes are finished with spherical decorative elements.

Playground device consists of

- 2 x posts
- 1 x shopping counter board
