Description

A large glowing sensory board designed for creative play, adapted for use by children in wheelchairs. The main theme features three playful dogs (from left to right: gray, yellow, and blue) along with an orange teddy bear. The board includes rotating wheels that emit colorful lights when set in motion, making playtime even more engaging and fun. Additionally, the board has grooves that imitate vegetation, adding to the sensory experience. The construction is made from black, galvanized, and powder-coated steel for durability and safety. The board is constructed from HDPE material, and the tubes are finished with decorative spherical elements.

* Available posts colors [RAL]: 7016; 9006.
