Description

A large glowing sensory board designed for creative play, adapted for use by children in wheelchairs. The main theme is a large, colorful dragon. The board features rotating wheels that emit colorful light when set in motion, making the play experience more engaging. The board also includes grooves that imitate vegetation and clouds. The structure is made of black steel, powder-coated for durability. The board itself is made from HDPE plastic. The pipes are finished with decorative spherical elements.

* Available posts colors [RAL]: 7016; 9006.
