Description

Playground set looking like a big railway carriage. It consists of two compartments separated by wall with rounded window. The structure is made of galvanized and powder painted steel, resistant to weather conditions and intensive use. The structural walls of the device are made of HPL board, while additional decorative elements are made of HDPE. As well the floor is made of HPL plate with a none slip texture, which ensures safety of use.

Playground device consists of

- side walls made of HPL board,
- 1x platform with anti-slip floor
- 1x fireman’s pipe
- 1x entrance ladder
- 4x window
- 1x rounded window inside the railway carriage
- additional decorative elements on side walls
- 1x climbing wall
