

On Athletics Day, many students participated in Shot Put.

Dante has the school record for Short Put with a personal best (P.B) of 9.120m.

In 10th place, was a length of 6.271m.

1st, 2nd and 3rd came very close.

What might have been the results of the students who came 2nd to 9th? Record your solutions using a mixture of numbers with one, two, and three decimal places.

Under 13 boys Shot Put results										
Place	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th
Distance (m)	9.120m									6.271m
