Method & Recipe Notes

1. Grease an 18cm square cake tin with butter. 2. Put the Shaken Udder Vanillaicious milkshake, sugar and butter in a heavy-based saucepan. Heat slowly, stirring all the time, until the sugar has dissolved and the butter has melted. 3. Bring to the boil, then boil for 15-20 minutes, stirring all the time. 4. When mixture reaches 'soft-ball' stage (115 degrees Celsius on a sugar thermometer), remove from the heat and leave to cool for 5 minutes. 5. Beat the mixture with a spoon for a few minutes until it starts to thicken and the gloss disappears. 6. Pour the fudge mixture into the prepared tin and leave it to set at room temperature.
