

We are building the world's leading technology-enabled ecosystem for protection and insurance

Group fact sheet

## Who we are

We are an international insurtech with a vision to connect people with more ways to protect the things they value.

## What we do

bolttech is powering connections between insurers, distributors and customers to make it easier and more efficient to buy and sell insurance and protection products. Our ecosystem serves as a gateway to the world of insurance enabled by our extensive partner network, leading-edge technology, and product innovation capabilities.
