As we consider our re-opening, the health and safety of everyone is our top priority. It will seem awkward and a bit strange at first. We ask for your patience as we try to keep people safe and provide limited access to the sacraments. Some important things to remember, if you are over the age of 65 and have any underlying health conditions, we recommend that you stay home. If you are able to come, we require you wear a mask, sanitizing your hands and obtain social distancing. You will be seated in designated area and we ask that you please respect the directions given by our volunteers.
