EINSENDESCHLUSS: 30. JUNI 2010

DEADLINE: JUNE 30, 2010

Der 10. Große Internationale Weinpreis MUNDUSvini 2010

nach 10 Jahren ist es an der Zeit, eine erste Bilanz zu ziehen. Zehn Jahre sind eine lange Zeit, in der viel passiert ist: 2001 wurde zum ersten Mal der Große Internationale Weinpreis MUNDUSvini durchgeführt. Die Idee war, Weinen aus allen Weinbau treibenden Ländern der Erde eine Plattform zu bieten, bei der sie sich in ihrer ganzen Vielfalt präsentieren können.

Bereits neun Mal durften unsere handverlesenen Verkoster diese Vielfalt der Weine bewerten. Insgesamt 36.331 Weine wurden in den vergangenen Jahren eingereicht, 10.890 unter ihnen erhielten eine der begehrten Medaillen, über 1000 Verkoster aus 47 Ländern der Erde haben wir nach Neustadt eingeladen um Ihre eingereichten Weine zu verkosten.

Zugegeben, über dieses Ergebnis sind wir schon ein bisschen stolz, denn dass aus dieser Idee eine feste Institution bei Weinerzeugern und im Handel entstehen könnte, damit hatten wir mit diesem Nachdruck nicht gerechnet. Inzwischen ist MUNDUSvini weltweit der größte Wettbewerb unter dem Patronage der Organisation Internationale de la Vigne et du Vin (OIV) und dem Internationalen Oenologenverband (UIOE). Seit der offiziellen Anerkennung von MUNDUSvini durch die Europäische Union in 2003, können Erzeuger der Siegerweine die Medaillen auf die Flaschen anbringen. Das Wissen unter den vielen exzellenten, international eingereichten Weinen einer der Besten zu sein, macht die Medaillen so begehrt. Nicht nur für den Verbraucher sind die MUNDUSvini-Auszeichnungen eine bedeutende Orientierungshilfe, die Kaufentscheidungen erleichtert, auch für den Fachhandel, den Lebensmittelhandel und die Gastronomie bieten sie ein wertvolles Marketing-Instrument.

In den letzten Jahren hat sich der Weinpreis weiter durchgesetzt: die prämierten Weine werden vom Handel verstärkt beworben und auf den Weinkarten der Gastronomie findet der Verbraucher zunehmend von MUNDUSvini ausgezeichnete Weine. Auch Presse und TV haben sich dem Großen Internationalen Weinpreis in den letzten Jahren nachhaltig angenommen.

MUNDUSvini bietet Ihnen die Möglichkeit, sich auf dem deutschen Markt zu etablieren oder zu behaupten. Alle Siegerweine werden in einem MUNDUSvini Sonderheft (Auflage über 100.000 Exemplare) veröffentlicht, das als Beilage der bedeutendsten Zeitschriften des Meininger Verlags alle gewerblichen Vertriebswege erreicht, bis hin zum interessierten Verbraucher: WEINWIRTSCHAFT (Handel), MEININGER'S WINE BUSINESS INTERNATIONAL (internationaler Handel), SOMMELIER MAGAZIN (Gastronomie, Sommelier), WEINWELT (Konsumenten).

Wir freuen uns auf Ihre Teilnahme an MUNDUSvini, dem Großen Internationalen Weinpreis 2010.

Der Einsende- und Anmeldeschluss für die Weine ist der 30. Juni 2010!

The 10th MUNDUSvini Great International Wine Award 2010

Ten years ago, on the 8th/9th September 2001, the first MUNDUSvini Great International Wine Award took place. Ten years is a long time, and a great occasion to talk about success and challenges.

The idea was to offer a platform for the presentation of the diversity of wines from all the wine-growing countries. Our commitment and effort was rewarded in the first year – 2,235

wines from all the important wine-growing regions of the world were presented at the first competition and there are more and more every year.

In total, 36,331 wines have been presented in the past years, and 10,890 of them were distinguished with a much sought-after medal from our international tasters. We have invited over 1,000 experts from 47 countries to Neustadt in order to taste the submitted wine.

Admittedly, we are a little proud of this result, because we hadn't counted on this idea establishing a successful institution for wine producers and the industry. In the meantime, MUNDUSvini has become the largest worldwide competition under the patronage of the Internationale de la Vigne et du Vin (OIV) and the International Oenologists' Association (UIOE). Since the official recognition of MUNDUSvini by the European Union in 2003, the producers of the winning wines can display their medals on their bottles. The knowledge that they distinguish the best of the many wines submitted for evaluation makes the medals so coveted. The MUNDUSvini Awards are not only an important guide to aid the purchasing decisions of consumers; they also act as a valuable marketing tool for the specialised trade, food industry, and the catering trade.

The public presence of the MUNDUSvini Great International Wine Award has clearly increased in the last few years: the presented wines are strongly advertised by the trade, and wines presented at MUNDUSvini can increasingly be found on restaurants' wine lists. The media, radio, and television have also increased their dedicated coverage of the Great International Wine Award and have issued numerous publications.

In the future, we are offering you the opportunity to establish your wines on the German market, or to further maintain your position, with MUNDUSvini. With our special MUNDUSvini supplement (a print run of over 100,000), a complement to WEINWIRTSCHAFT (trade), MEININGER'S WINE BUSINESS INTERNATIONAL (international trade), SOMMELIER MAGAZIN (catering, Sommeliers), and WEINWELT (consumers), we reach all commercial distribution channels as well as end consumers interested in wine, and are able to create an excellent platform for the presentation of the competition's winning wines.

We are looking forward to your participation in MUNDUSvini, the Great International Wine Award 2010.

The deadline for submitting wine is 30th June 2010!

Your MUNDUSvini Team

Preamble

The "Great International Wine Award" of MUNDUSvini Internationale Weinakademie is an international competition held in Germany for wines from all wine-growing regions of the world. The aim of the competition is to promote the quality and marketing of the still and sparkling wines entered. Independent, unbiased and expert assessment of the wines by an international jury is a guarantee of the high standard and professionalism of the competition. So the medals, the award-winning wines and their producers can be sure of gaining the recognition they deserve.

1.0 Acceptance of entries

All producers and distributors of still, Slightly sparkling, sparkling and liqueur wines worldwide are entitled to submit entries, provided that their products are licensed for direct human consumption pursuant to Appendix Xlb of Council Regulation (EC) No. 1234/2007 on the common organisation of the market in wine, of 17th May 2007.

The entrant is liable for the marketability of the wines submitted and MUNDUSvini GmbH is not responsible for reviewing said marketability in Germany or the appropriate countries of origin. The same wine (the same product) can be entered repeatedly in the competition but re-entered wines will only receive an award again if they are given the same or a better assessment than in previous competitions. The criteria for the identity of wines for repeat participation in the competition are the lot or official test numbers. Ready-to-drink products from all international wine-growing areas will be accepted. Any entries not submitted before the deadline (30th June 2010) may be excluded from the competition.

2.0 Approved Categories

Products from the following categories will be accepted

- 2.1 Still wine (white, red or rosé) of any quality level, grape variety or cuvée, and taste.
- 2.2 Sparkling wine (white, red or rosé) of any quality level (produced by the méthode Charmat, by the transvasation process or by traditional fermentation in the bottle), grape variety or cuvée, and taste, entered by wine growers, wine cooperatives or wine bottling companies.
- 2.3 Slightly sparkling wine of any quality level, grape variety or cuvée, and taste, entered by wine growers, wine cooperatives or wine bottling companies.
- 2.4 Dessert wine (Port, Madeira, Sherry, etc.)
- 2.5 Liqueur wine

3.0 Terms of participations

3.1 General

3.1.1 Participation is restricted to wines already filled in bottles or other containers suitable for use by consumers. These must comply with the Regulations on Sales Packagings as amended by the notice of 8th March 1994 (German Federal Gazette I p. 451) or, in the case of bag-in-box or comparable packagings, be filled in customary end sales quantities.

3.1.2 Each entrant may enter as many products as he/she wishes in the competition. The wine must comply with the production and labelling regulations of the relevant country and with the regulations of the European Union.

3.1.3 Six sample bottles are to be provided for each product entered in the competition. At the time of submission, competitors must have at least 200 bottles in stock or, for high-quality sweet wines (Eiswein, Trockenbeerenauslese or Beerenauslese) at least 100 bottles in stock.

3.1.4 Only sample bottles with customs duties paid and delivered free house to the address of MUNDUSvini Internationale Weinakademie will be accepted.

3.1.5 Each sample bottle must be accompanied by a completed product passport containing all the necessary details. If the entrant fails to enter all the details, MUNDUSvini GmbH reserves the right to exclude the wine from the competition. The details provided in the product passport will serve as the data for all publications, certificates and awards.

3.2 Entry of partial bottlings

The entry of partial bottlings and the use of awards or medals are permitted subject to the following requirements:

3.2.1 when the first partial bottling of a wine or product is entered, notification of the whole available quality of the same wine or product and the quantity of the first partial bottling entered must be given.

3.2.2 upon entry of follow-up partial bottlings after a first award-winning partial bottling, MUNDUSvini GmbH must be supplied with chemical analyses from a recognised testing institute permitting clear identification of the product and confirming that the follow-up partial bottlings are identical with the award-winning first bottling. For this purpose, four additional bottles of each partial bottling must be sent to MUNDUSvini GmbH for renewed analytical and sensory review and evidence of the connection with the first entry must be provided. In addition, any different lot number used on the label must be entered in the application forms.

3.2.3 Awards for partial bottlings may only be used for follow-up partial bottlings of identical wines 3 months after the MUNDUSvini tasting.

3.2.4 For the analytical and sensory testing of whether partial bottlings are identical, MUNDUSvini GmbH reserves the right to commission TWQ GmbH, Neustadt, or another recognised testing institute.

4. Participation Fees

4.1 A participation fee will be charged for each product entered. This covers the costs for sample registration, travelling and accommodation expenses of the international jury of wine experts, organisation of the competition and issue of awards and certificates by MUNDUSvini Internationale Weinakademie.

4.2 The participation fee is 135 euros per entry in the competition.

4.3 If the same wine is entered by several distributors, all the distributors will be named together with the award-winner (the producer or bottling company), and the participation fees will not be refunded to any of the entrants. A wine will only be accepted for participation in the competition when the participation fees have been paid in full. The entrant will be sent a receipt when payment has been made in full.

5.0 Jury Tasting/Awards

A professionally qualified international jury of oenologists, winemakers, retail wine dealers, sommeliers and trade journalists will perform blind tastings of the still, sparkling and liqueur wines. The wines will be classified by product category, origin, quality level and taste and assessed in accordance with the international 100-point scheme of the OIV (Organisation Internationale de la Vigne et du Vin) which is also recognised by the UIOE (Union internationale des Oenologues). The tasting will be held from 27th to 29th August und 3rd to 5th September 2010.

The number of products receiving awards in the competition is limited to the 30% of participating wines which have the highest scores in their relevant category.

The award categories are:

- Grand Gold
- Gold
- Silver
