Computer Science I | Capstone Assignment: Gem Run

## Sample Run

---

Below is a sample run of the gem run from start to end, including user input. Use it to guide your programming. Your completed code should produce output that matches this sample. Your use of whitespace can differ.

```
Enter 0-19 for gem position or -1 to randomize: 14
Enter 0-19 for player position or -1 to randomize: 9
```

```
____P_____
Enter a direction (left or right): left
```

```
____P_____
Enter a direction (left or right): left
```

Very cold!

```
____P_____
Enter a direction (left or right): right
```

```
____P_____
Enter a direction (left or right): right
```

```
____P_____
Enter a direction (left or right): right
```

```
____P_____
Enter a direction (left or right): right
```

```
____P_____
Enter a direction (left or right): right
```

```
____P_____
Enter a direction (left or right): right
```

Very warm!

```
____P_____
Enter a direction (left or right): right
```

```
_____*_____
Found the gem!
```
