Giant Eagle Achieves 101 Million Meals Donation Milestone

Regional retailer surpasses ambitious four-year goal to fight food insecurity across the local communities it serves

PITTSBURGH — Giant Eagle, Inc. today announced it has reached a notable milestone, providing 101 million meals to those in need in the past four years. The achievement is 26% higher – the equivalent of 21 million meals – than the 80 million-meal goal the company set for donations between 2021 and 2025.

“When we set our ambitious goal in 2021, we knew that the spirit and dedication of our Team Members, guests and partners would generate the momentum needed to make a meaningful impact,” said Dan Magrish, Giant Eagle Senior Director of Community Giving, Partnerships and Sustainability. “But we could not have imagined surpassing 100 million meals. We are honored to have the opportunity to play our part in supporting our communities, and we are greatly appreciative of the collaboration from our food bank and fresh rescue partners.”

Giant Eagle facilitates food donations through regional Feeding America food banks and other food rescue partners through a series of programs including:

- Ongoing product donations made by Giant Eagle’s store and warehouse teams, ensuring that high quality foods that would otherwise go to waste instead help feed those in need.
- The amazing generosity of Giant Eagle customers and Team Members through seasonal donation campaigns.
- Financial contributions made by the company through sponsorship activities.

Giant Eagle’s donation efforts through the first quarter of 2025 remain strong and the company is actively exploring how best to set its next goal to raise the bar in feeding those across the communities it serves.
