

# Black Cat Preorder Fulfillment

## Kingdom Death: Dark Treasury Guide

**Dark Treasury is a new tool connecting Backerkit backers to their pledge rewards and preorders.**

**YOUR BLACK CAT PREORDER IS NOW AVAILABLE TO SHIP IN THE DARK TREASURY.**

**Dark Treasury provides backers with information about fulfilled, available, and future Kickstarter rewards and preorders. Connect the Dark Treasury to a Kingdom Death shop account to ship your rewards when and where you want!**

We know the burden of global shipping has grown tremendously in recent years so we want to make shipping as painless, flexible, and transparent as possible.

Connecting the Dark Treasury to the Kingdom Death shop allows you to bundle available rewards into a single shipment, pick your region, specify up-to-date addresses, and even combine rewards shipping with store purchases!

The Dark Treasury requires an Account of Death (a growing suite of tools for Kingdom Death customers). Once you create your account, Account of Death will load your backer rewards in the Dark Treasury. Here you can review the past, present, and future Kickstarter rewards.

Link your Account of Death to your Kingdom Death shop account to ship your available rewards.

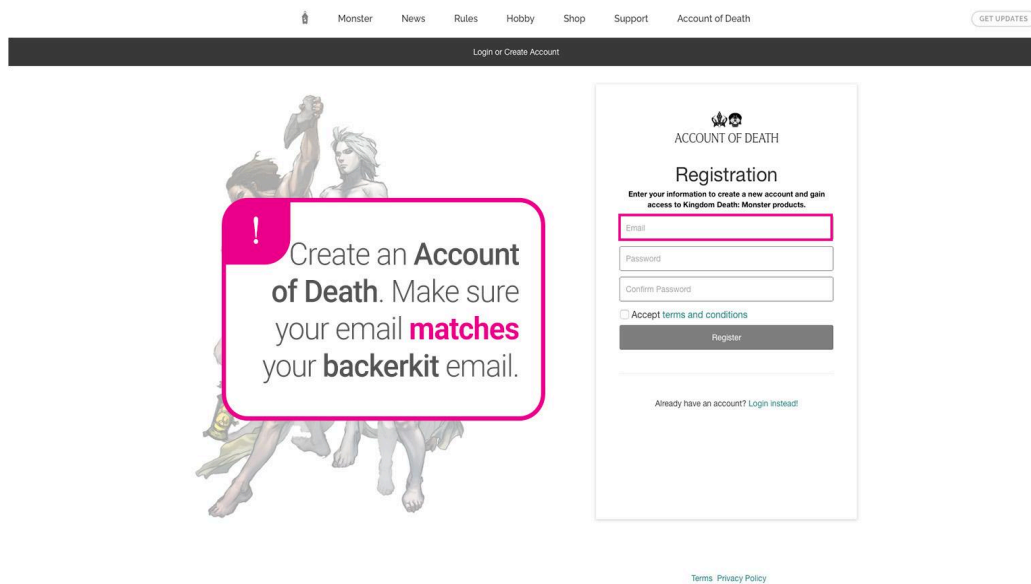

**Black Cat preorder backers have the option to move their REMAINING rewards to the Dark Treasury.**

**If you opt in, future waves of kickstarter and preorder fulfillment will be handled through Dark Treasury, instead of backerkit. This will provide additional flexibility and accuracy in fulfilling upcoming rewards.**

**If you opt out, fulfillment will continue through backerkit.**

A complete guide to getting started is below. An [FAQ](#) follows to answer questions.

## **What is in the Dark Treasury?**

Shipping costs are calculated for each warehouse you order from. In the case of Black Cat (only shipping from HQ Warehouse) if your rewards are combined with other items from HQ Warehouse your shipping will be combined and calculated based on the total weight of your order.

**What if I already have an Account of Death?**

If you already have an Account of Death as a beta Dark Treasury user or a KDSimulator user your Black Cat is waiting under the DARK TREASURY tab!!

If it is not there, please check that your backerkit email matches your Account of Death email. If it does not, reach out to support to merge your Black Cat preorder with your existing account.

**What if I already have a Kingdom Death shop account?**

Use your existing Kingdom Death shop account to [link to the Dark Treasury](#).

**What if I don't want to use Dark Treasury to redeem my Black Cat preorder?**

The Dark Treasury is a tool that is optimized for Kingdom Death backers to manage and redeem previously paid items. It offers the most flexibility and freedom for our fans to update their information, choose their shipping methods and times. Please redeem your Black Cat preorder through the Dark Treasury and if it doesn't suit you, feel free to opt out of redeeming future rewards through the treasury.

**What about my remaining rewards?**

Within the coming weeks we will make it possible for you to add your remaining rewards from backerkit to the Dark Treasury. You will be notified when this feature becomes available. If you don't want to continue using the Dark Treasury DO NOT add your remaining rewards and you will continue to receive appropriate shipping charges and shipments through backerkit.
