CHAIRMAN'S REPORT

This year the BankVic community grew to 100,000 members strong. This is a significant milestone in BankVic's history and as Chairman of BankVic, I would like to thank all of our members for choosing to bank with us and for your continued support.

To commemorate our 100,000 member milestone we launched a community hero award to thank our members for their ongoing support and to acknowledge and celebrate the community heroes who strengthen the community we live in. The award highlighted some outstanding stories of our members who go above and beyond in their daily lives.

BankVic has had a strong year and our bank is committed to returning our profits into value for all our members along with offering a service that is personalised and where our member's come first. We know our members often work around the clock and our aim is to continue to make banking easier for them.

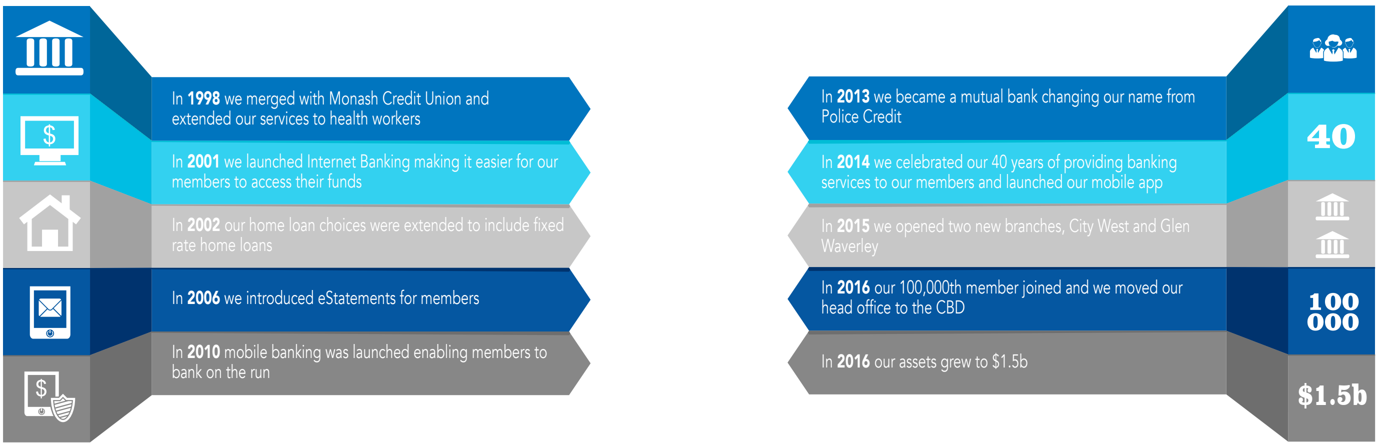
This year our home loan rates were increasingly competitive, with our Standard Variable home loan rate well below the average Standard Variable rate offered by the major banks. We also ensured we passed on the home loan rate decreases, as a result of the Reserve Bank's announcements, as quickly as possible so that our members could benefit.

This year we were also recognised externally, winning a number of industry awards, including the 2016 Mozo People's Choice award for banking as well as a number of Canstar 5 star awards for credit cards and savings and transaction accounts.

BankVic's mission to strengthen the communities in which it serves gained further momentum as we continued to partner with organisations whose initiatives and causes support our members, including Victoria Police, Blue Ribbon Foundation and Police Legacy. We also strengthened the relationships with our partners in the Health and Emergency Services sector. Our staff are proud to be part of the BankVic community and we have now extended our investment to enable staff to volunteer both within these and other selected organisations. These things demonstrate our belief that when our members and their communities do well, so do we.

This will be my last Chairman's report as I have announced my retirement from the BankVic Board of Directors. It has been an honor and a privilege to serve as a Director since 1998 and as Chairman since 2013. After 18 years with BankVic I have seen the bank successfully navigate global economic challenges, implement new and improved technologies and banking initiatives and are steadfastly committed to providing service and value for our members that stands above our competitors. I leave the bank knowing it is in good hands and well positioned for the future.

I say goodbye and leave you with some of the highlights of those last 18 years in BankVic's history.



P. John Mugavin
Chairman

CHIEF EXECUTIVE OFFICER'S REPORT

The benefits of customer owned banking

BankVic has experienced another solid year and the foundations remain strong. The stability we've created is no accident – it exists because of the unique relationship we have with our members and the products and services we provide to enable our members to bank with ease and achieve their financial well-being.

We are committed to building healthy communities that are financially, socially and environmentally sustainable. These beliefs guide the work we do every day and form the basis of our banking with heart approach.

Our approach to banking continues to help us grow despite a challenging economic environment and increasing competition. This year our membership base grew to 100,000 members, we saw our assets reach $1.5 billion, a 10.2% increase on the previous year and our lending grew to $1.2 billion, up from $1.08 billion in 2015.

Our net earnings were above 2015 levels at $10.2 million, increasing by 4.6%. This is in part due to new lending, which increased significantly this year, as our borrowers continued to benefit from historically low interest rates.

BankVic and our members – 100,000 Strong

As we achieved some clear successes in 2016, we are keenly aware of the current economic uncertainty and our members' need for a bank that has their financial interests at heart. At BankVic our members' needs are our needs – as a mutual bank we are one and the same.

Our heritage is important to us and was central to the opening of the newly relocated Police Academy branch in Glen Waverley, ensuring our members can continue to bank locally. We also moved our head office to new premises in Melbourne's CBD as our bank outgrew our old office in Carlton.

Whilst BankVic's foundations are strong, we are committed to ensuring that we remain relevant for our members. We are investing in our digital capabilities to both meet the needs of a new generation and the increased expectations that rapidly changing technology breeds. We aim to provide both our existing and new members with the latest digital experience (on mobile and online) and seamless access to our products and services across all our channels including our branches, contact centre and mobile bankers.

Delivering results for our members and communities

This year we welcomed 4,439 new members and set our service standards high to ensure we are seen as a trusted and recommended bank. An important measure of how we are doing things right, is member satisfaction, which increased in 2016 to 91%, above our target levels.

Our lending products saw us fund $421 million in new loans and mortgages placing our members closer to reaching their home ownership dreams. We also believe that our members' dreams need to be protected and in 2016 our long term partnership with CGU was solidified and our member insurance coverage increased by 11.81%.

Our financial performance allowed our capital adequacy, a representation of the bank's strength, to remain strong at 20.5%. Our healthy financial performance provides a solid platform for our longevity to ensure we will be around to serve our members well over the long term.

Planning for the future

Taken together, these results show that we're performing well as a bank, both in terms of our financial position and our commitment to building healthy communities. I'm confident that our approach to providing financial services to our members is the right one and is resonating with the sectors we serve.

The continued success of BankVic is a tribute to the commitment and service excellence provided by our staff and I thank them for their efforts and their dedication throughout the year.

2016 also saw the announcement of the retirement of John Mugavin from the Board of Directors. John has been a member of the Board of Directors for 18 years and has been instrumental in driving BankVic to the success we see today. His passion and dedication to BankVic have been a trademark of John's time on the Board and as Chairman he leaves the bank in a position of strength and resilience.

Finally, we are honoured that 100,000 members have chosen to bank with us and we do not take this responsibility lightly. We are committed to working hard to earn our members' business, and we will focus on proving banking value, excellence in products and services and enabling our members to achieve their financial dreams quickly.

Stephen Capello
Chief Executive Officer

CORPORATE GOVERNANCE STATEMENT

Corporate Governance Structure

As an Australian company registered under the Corporations Act 2001 (Cth) and regulated by the Australian Securities and Investments Commission (ASIC), and as an authorised deposit-taking institution (ADI) regulated by the Australian Prudential Regulation Authority (APRA), BankVic is a customer-owned or mutual bank.

As a company and an ADI regulated by ASIC and APRA, we have a continued focus on good governance, financial strength and security. We will continue to comply with the Corporations Act, the prudential standards prescribed by APRA and act in compliance with all other legal and ethical obligations relevant to our operation.

Our Board of seven non-executive directors, are independent and elected by our shareholders (members). Each director candidate is assessed for fitness and propriety as required under APRA's Prudential Standard CPS 520. Directors also participate in ongoing development through formal training, information sessions on industry and regulatory developments and attendance at industry forums dealing with matters relevant to the business operations of BankVic. Additionally, our Board Renewal Policy endeavours to ensure that the Board remains open to new ideas and independent thinking, while retaining adequate expertise. This is achieved by providing a framework that allows the Board to manage its skills, experience and personal attributes to achieve the best overall balance.

Through the Corporate Governance Committee, which is accountable for the maintenance and delivery of governance standards, the Board strives to ensure that as a mutual bank, BankVic's reputation and business ethics are of the highest standard.

The Board regularly reviews our corporate governance structure for currency and is confident that our disciplined corporate governance structure will continue to ensure appropriate development, prioritisation and delivery of business strategies, as well as practising consistent, ethical and informed decision-making in pursuit of the organisation's objectives.

Board Performance

The Board acknowledges its accountability to BankVic members and aims to ensure BankVic operates in an ethical and responsible way in delivering a real alternative to other profit driven competitors. In order to do so, the Board has adhered to a Statement of Corporate Governance Principles, which is reviewed annually, and underpins the following duties carried out by the Board:

> improving organisational performance by the adoption and monitoring of corporate strategies, budgets, plans, policies and performance;
> setting strategic directions, targets and monitoring the performance of executive management;
> providing processes for monitoring, reviewing and enhancing the performance of each Board member, of the Board as a group and of each Board Committee;
> ensuring there are adequate plans and procedures for succession planning;
> identifying and monitoring the principal business and prudential risks;
> monitoring the financial performance of BankVic;
> ensuring compliance in both letter and spirit with BankVic's corporate and legal responsibilities; and
> ensuring business operations are undertaken in an honest, open and ethical manner.

The Board has delegated responsibility for management of the day-to-day activities of BankVic to its Chief Executive Officer and Executive Management team.

Board Evaluation

The Board assesses its effectiveness each year through an evaluation procedure, which includes:

> documented performance evaluation and review of each Board member and their contribution;
> documented evaluation of Board Committees and the Board's performance as a whole;
> the appropriateness of meeting schedules and assessment of the relevance, content and standard of Board material;
> the identification and appropriate management of business and prudential risks facing BankVic; and
> assessment of the necessary range and standard of skills needed at Board level.

Additionally, the Board assesses annually the performance of the Chief Executive Officer and key management personnel against agreed objectives and key performance criteria.

CORPORATE GOVERNANCE STATEMENT

Board Committees

To assist the Board in fulfilling its responsibilities, the Board currently has five permanent committees; Audit Committee, Risk Committee, Corporate Governance Committee, Remuneration Committee and Nominations Committee. Each Committee has its own principal responsibilities.

Audit Committee

Chairman:

S. J. Coulson

Members:

S. J. Coulson, A. J. White, J. W. Capewell and W. G. Taylor (from 21 March 2016)

The principal responsibilities of the Audit Committee are to:

> oversee and appraise the quality of the audits conducted by the Company's external auditor, internal auditor and compliance staff;
> maintain by scheduling regular meetings, open lines of communication among the directors, the internal auditor or compliance staff and the external auditor to exchange views and information;
> serve as an objective party to review the financial information presented to members and regulators;
> determine the adequacy of the company's administrative, operating and internal controls; and
> review annually:
  i. internal audit and compliance; and
  ii. other policies (as required).

Risk Committee

Chairman:

J. W. Capewell

Members:

J. W. Capewell, D. R. Boell, S. J. Coulson, W. G. Taylor (to 26 November 2015) and A.J. White (from 22 December 2015)

The principal responsibilities of the Risk Committee are to:

> maintain the risk appetite statement as defined by the Board;
> document the risk management strategy;
> overview of the major policies relevant to establishing the risk management framework; and
> summarise the monitoring and subsequently review all material key risk areas in the following categories:

Credit Risk, Market Risk, Liquidity Risk, Operational Risk (including IT), Strategic Risk, Compliance Risk, Reputational Risk and Other Risk (including Insurance)

Corporate Governance Committee

Chairman:

M. Luttick

Members:

M. Luttick, W. G. Taylor, P. J. Mugavin and D. R. Boell.

The principal responsibilities of the Corporate Governance Committee are to:

> examine the procedures in place to ensure the Company's operations and business risks are managed effectively in the interests of members;
> ensure that such procedures fully comply with the legal obligations of the Company and its Statement of Corporate Governance Principles;

- review the Statement of Corporate Governance Principles annually to ensure that it remains relevant in accordance with good corporate governance principles;
- determine the procedures that require the highest standards of ethical conduct;
- oversee prudential standards relating to the fitness and propriety of Directors and responsible persons as required under APRA's Prudential Standard CPS 520; and
- oversee the compliance of responsible managers to the statutory obligations within the Corporations Act 2001 (Cth) (Australian Financial Services Licence) and National Consumer Credit Protection Act 2009 (Cth) (Australian Credit Licence) regarding fitness and propriety, conflicts of interest and professional development.

The findings, while carrying out these responsibilities, together with any recommendations are reported to the full Board for consideration and approval.

Remuneration Committee

Chairman:

A. J. White

Members:

P. J. Mugavin, A. J. White, M. Luttick and D. R. Boell

The Remuneration Committee recommends to the Board for approval:

- the compensation, both fixed and variable rewards of the Chief Executive Officer, his direct reports and other senior managers who participate in decision-making that has the capacity to significantly affect the company's risk management system and financial standing; and
- determine the maximum directors fees and mechanisms for allocating those fees (these will be recommended to members for approval at each Annual General Meeting of the Company).

Nominations Committee

Chairman:

P. J. Mugavin

Members:

P. Crocker (Independent Member); P. Mulraney (Independent Member)

APRA standards on fitness and propriety require a director to understand the responsibilities of the role and have a general knowledge of the institution, its business and its regulatory environment. BankVic as a regulated institution is mandated to consider the nature and extent of a number of matters in conducting a fit and proper assessment of director nominees, including the person's character, competence and experience relative to the duties involved and whether that person possesses the necessary skills, knowledge, expertise, diligence and soundness of judgment to undertake the role.

In order to assist director nominees in understanding and complying with these requirements, BankVic Nominations Committee meets with and assesses all nominees for a director position.

The chairman of this Committee for the year 2015/2016 was P. J. Mugavin, who was supported by two experienced advisors, independent of BankVic.

The independent advisors for 2015/16 were Peter Crocker, the retired chairman of mecu Limited (Bank Australia), with 26 years experience as a credit union director and P. Mulraney, the current chairman of Defence Bank.

2. Principal Activities

During the year there were no significant changes to the principal activities of the Company, these being the provision of deposit taking facilities, credit facilities and related financial services.

DIRECTORS' REPORT

3. Results of Operations

Profit after tax of the Company for the financial year was $10.2m (2015: $9.8m).

4. Review of Operations

Growth

Over the past 12 months assets increased by 10.2%. Deposits increased by 9.8% reflecting continued member support. Loan demand continued in a historically low interest rate environment with gross loans increasing by 11.1%.

During the year membership grew 1.7% reflecting continuing interest within the Company's target markets for the products and services offered by BankVic and the success of new member campaigns.

Profitability

Profit for the year after income tax was $10.2 million, an increase of 4.6% over the previous year. Total income for the year was $45.3 million, an increase of 7.7% over the previous year. Operating expenses for the year were $30.7 million, an increase of 9.3% compared to the previous year.

Capital Adequacy

As a mutual financial institution, BankVic is reliant on retained earnings as the major source of its capital. Therefore, it is necessary to ensure profits support asset growth to maintain an adequate level of capital.

Capital adequacy decreased during the year from 21.2% in 2015 to 20.5% in 2016 of risk-weighted assets, significantly above the minimum level (12%) required to be maintained pursuant to the Australian Prudential Standards, as determined by APRA.

Products and Services

During the year we have continued to expand our service offering and value back to members. Our new Glen Waverley branch was opened in 2015. Appointments online was introduced enabling our members to connect with our branch staff, mobile lenders and financial planners at times and locations that suit them. This year we won three Canstar five star awards for our Visa Silver Credit Card and SMSF products. These awards further demonstrate our commitment to offer members fantastic value with great rates and low fees across our products. Amex inward international transfers into members accounts was introduced this year. In 2016 over 70% of our members moved over to eStatements which has benefited both the environment as well as ensuring more funds can be reinvested back into our products and services and to be distributed to community groups in the form of sponsorships.

5. Dividends

No dividends have been paid or declared since the end of the previous financial year (2015: Nil).

6. Share Issues

The only shares issued by the Company during the year were 46,860 $1 redeemable preference shares, issued to members in the normal course of business. Note that there were 27,920 $1 redeemable preference shares redeemed during the year.

7. State of Affairs

There are no matters or circumstances that have arisen during the financial year that have significantly affected or may significantly affect:

i. Operations of the Company;

ii. Results of those operations; or

iii. State of affairs of the Company in future financial years.

8. Directors' Benefits

Neither during the financial year nor since the end of the financial year has a Director received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of remuneration received, or due and receivable, by Directors shown in the Company financial statements) because of a contract made by the Company, or a related body corporate with a Director or with a firm of which a Director is a member, or with an entity in which the Director has a substantial interest.

9. Rounding Off

Amounts in the financial statements have been rounded to the nearest thousand dollars (unless otherwise stated) in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191.

10. Events Subsequent to Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

11. Likely Developments

In the coming year, BankVic will continue to launch services and products to further enable our members to secure their financial future. BankVic will continue to invest in our branch footprint with up to three new branches to be opened. We will be increasing our capability in both Wealth Management and investment in digital technologies. An upgrade to our core banking platform, the implementation of a new mobile banking app and a new look website will be rolled out. We will also continue to invest in long term initiatives including National Payments Platform (NPP) and eConveyancing.

12. Indemnification and Insurance

During the year a premium was paid in respect of a contract insuring Directors and officers of the Company against liability. The officers of the Company covered by the insurance contract include the Directors, executive officers, Secretary and employees.

In accordance with normal commercial practice, disclosure of the total amount of premium payable under, and the nature of the liabilities covered by, the insurance contract is prohibited by a confidentiality clause in the contract.

No insurance contract has been provided for the benefit of the auditors of the Company.

13. Lead Auditor's Independence Declaration

The lead auditor's independence declaration is set out on page 14 and forms part of the Directors' report for the financial year ended 30 June 2016.

Signed this 27th day of September 2016, in accordance with a resolution of the Board of Directors.

P. John Mugavin
Chairman

D. R. Boell
Deputy Chairman

LEAD AUDITOR'S INDEPENDENCE DECLARATION

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors Of Police Financial Services Limited

I declare that, to the best of my knowledge and belief, in relation to the audit for the financial year ended 30 June 2016 there have been:

i. no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and

ii. no contraventions of any applicable code of professional conduct in relation to the audit.

Net increase in member shares		**19**	26
Net Cash inflow provided by Financing Activities		**19**	26
NET INCREASE/(DECREASE) IN CASH AND CASH EQUIVALENTS HELD		**16,364**	(8,100)
Cash and cash equivalents at Beginning of Financial Year		**12,311**	20,411
Cash and cash equivalents at End of Financial Year	17(i)	**28,675**	12,311

The above Statement of Cash Flows should be read in conjunction with the accompanying notes.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

1. Reporting Entity

Police Financial Services Limited (the "Company"), trading as BankVic, is a company domiciled in Australia.

The Company is a for profit entity which primarily is involved in the raising of funds as authorised by the Prudential Standards administered by APRA and the Banking Act 1959, and the application of those funds in providing financial products to members.

2. Basis of Preparation

a. Statement of Compliance

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards ('AASBs') (including Australian interpretations) adopted by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001. The financial report of the Company also complies with the International Financial Reporting Standards and interpretations adopted by the International Accounting Standards Board.

The financial statements were authorised for issue by the Directors on 27 September 2016.

b. Basis of Measurement

The financial statements have been prepared on the historical cost basis, except for investments, which are stated at fair value.

c. Functional and Presentation Currency

The financial statements are presented in Australian dollars, which is the Company's functional and presentation currency. Amounts in the financial statements have been rounded to the nearest thousand dollars (unless otherwise stated) in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191.

The Balance Sheet is stated in order of liquidity.

d. Use of Estimates and Judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:

> Note 5 – Income tax in relation to deferred tax
> Note 9(e) – Provision for Impairment of loans and advances
> Note 16 – Provisions
> Note 22 – Financial Instruments

3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to all periods presented in the Company's financial statements. Certain comparative amounts have been re-presented to conform to the current year's presentation to enhance comparability.

a. Property, plant and equipment

Items of property, plant and equipment are stated at cost less accumulated depreciation (see below) and impairment losses (see accounting policy 3(h)).

Depreciation is charged to the income statement on a straight-line basis over the estimated useful lives of each part of property, plant and equipment. The estimated useful lives in the current and comparative periods are as follows:

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

> Plant and Equipment: 4-12 years
> Leasehold improvements: 5-10 years

The residual value, the useful life and the depreciation method applied to an asset are reassessed at least annually.

b. Investments

All purchases and sales of investments are recognised on the trade date i.e. the date that the Company commits to purchase or sell the assets. Investments are initially recognised at fair value plus, for instruments not at fair value through profit and loss, any directly attributable transaction costs.

Investments in equity securities are classified as available for sale assets.

Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses are recognised directly in a separate component of equity. When an investment is de-recognised, the cumulative gain or loss in equity is transferred to profit or loss. Shares in unquoted equities, whose fair value cannot be reliably estimated, are valued at cost less any impairment.

Securities sold subject to repurchase agreements are considered to be transferred assets that do not qualify for derecognition when substantially all the risks and rewards of ownership remain with the Group. An associated liability is recognised for the consideration received from the counterparty.

c. Trade and other receivables

Trade and other receivables are stated at their amortised cost less impairment losses (see accounting policy 3(h)).

d. Cash and cash equivalents

Cash and cash equivalents comprise cash balances, short-term bills and call deposits, with maturities of less than three months.

e. Loans and advances

Loans and advances include home loans, commercial loans, personal loans and other forms of retail lending. Loans and advances are initially recorded at fair value, including direct and incremental transaction costs. They are subsequently valued using the effective interest method.

The Company's policy on the impairment of financial assets is covered in accounting policy 3(h).

APRA requires Authorised Deposit-taking Institutions to maintain a General Reserve for Credit Losses for regulation purposes as a reserve account in Equity. The Company maintains such a reserve at 0.04% of total loans and advances (other than securitised loans), including available redraw balances and off balance sheet irrevocable commitments. Movements in the reserve are adjusted against Retained Earnings.

Loans relating to the Trinity Mortgage Origination Trust No. 1 a Special Purpose Entity (SPE) are recognised on the balance sheet with a corresponding increase in loans due to the SPE which are classified as borrowings. Participation in any new loan securitisation program/structure will need to be assessed at each balance date. Interest income relating to the SPE mortgage loans is recognised in the income statement using the effective interest method. Interest expense on the loan to the SPE is net of management fees. Interest expense includes fees for services to external parties providing servicing and liquidity arrangements and residual income distribution.

The Impetus Funding Trust No. 1 was established in September 2012 for the purpose of creating a SPE for contingent liquidity purposes. A portion of the loan portfolio has been internally securitised specifically to create residential mortgage backed securities that are eligible for repurchase agreement (repo) with the Reserve Bank of Australia (RBA). These loans are treated as on balance sheet assets for reporting purposes. The terms of the transfer agreement is an equitable assignment to receive all the future income the mortgages generate but not a legal transfer of ownership.

In applying its policies on securitised financial assets, the Company has considered both the degree of transfer of risks and rewards on assets transferred to another entity and the degree of control exercised by the Company over the other entity:

> When the Company, in substance, controls the entity to which financial assets have been transferred, the entity is included in these financial statements and the transferred assets are recognised in the Company's balance sheet.
> When the Company has transferred financial assets to another entity, but has not transferred substantially all of the risk and rewards relating to the transferred assets, the assets are recognised in the Company's balance sheet.

Securitised assets are included on the balance sheet of the Company, in accordance with this policy.

f. Derecognition of financial assets and liabilities

i. Financial assets

Loans and advances (or, where applicable, a part of loan and advance or part of a group of similar loans and advances) are derecognised when:

> the right to receive cash flows from the asset has expired;
> the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement; or
> the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risk and rewards of the asset; or (b) has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset.

ii. Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Comprehensive Income.

g. Interest-bearing borrowings

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs. Interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method with any difference between the costs and redemption value recognised in the statement of comprehensive income over the period of the borrowings using the effective interest method.

h. Impairment

The carrying amount of the Company's assets, other than deferred tax assets (see accounting policy 3(l)), are reviewed at each balance sheet date to determine whether there is an indication of impairment. If any such indication exists, the asset's recoverable amount is estimated (see accounting policy 3(h)(i)).

An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the Statement of Comprehensive Income, unless an asset has previously been revalued, in which case the impairment loss is recognised as a reversal to the extent of that previous revaluation with any excess recognised in through the Statement of Comprehensive Income.

i. Calculation of recoverable amount

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its fair value.

All impairment losses are recognised in the Statement of Comprehensive Income.

The recoverable amount of other assets is the greater of their fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash flows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

ii. Reversals of impairment

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognised. For financial assets measured at amortised cost and available-for-sale financial assets that are debt securities, the reversal is recognised in the Statement of Comprehensive Income. For available-for-sale financial assets that are equity securities, the reversal is recognised directly in equity.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

i. Employee benefits

i. Long-term service benefits

The Company's net obligation in respect of long-term service benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using expected future increases in wage and salary rates including related on-costs and expected settlement dates, and is discounted using the rates attached to the Commonwealth Government bonds at the balance date which have maturity dates approximating to the terms of the Company's obligations.

ii. Wages, salaries, annual leave and non-monetary benefits

Liabilities for employee benefits for wages, salaries and annual leave that are expected to be settled within 12 months of the reporting date represent present obligations resulting from employees' services provided to reporting date, and are calculated at undiscounted amounts based on remuneration wage and salary rates that the Company expects to pay as at reporting date including related on-costs, such as workers compensation insurance and payroll tax. Non-accumulating non-monetary benefits are expensed based on the net marginal cost to the Company as the benefits are taken by the employees.

iii. Superannuation

Obligations for contributions to superannuation are expensed as the related service is provided.

j. Provisions

A provision is recognised in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle an obligation and the amount can be reliably measured. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

k. Trade and other payables

Trade and other payables are stated at their amortised cost. Trade payables are non-interest bearing and are normally settled on 30-day terms.

l. Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the Statement of Comprehensive Income, except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the Retirement Savings Account tax plus expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustments to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rules enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

m. Goods and services tax

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as a current asset or liability in the Balance Sheet.

n. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and that revenue can be reliably measured. The principal sources of revenue are interest income, fees and commissions.

i. Interest income

Investment income is recognised as interest accrued using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Interest receivable on investments is included in the amount of trade and other receivables in the Balance Sheet.

Interest earned on loans and advances is calculated and accrued on the daily outstanding balance and is charged to a member's loan on the last day of each month. Interest on non-accrual loans is not recognised as revenue – refer to note 9(e).

ii. Lending fees

Fee income and direct costs relating to loan origination, financing or restructuring are deferred and amortised to interest income over the life of the loan using the effective interest method. Where fees are received on an ongoing basis and represent the recoupment of the costs of maintaining and administering existing loans, these fees are taken to profit on an accrual basis.

iii. Other non-interest income

Service charges are recognised as income when charged to the member. Insurance and other commission is recognised as income upon the provision of services.

o. Expenses

i. Interest expense

Interest is calculated on the daily balance and posted to the accounts systematically, or on maturity of the term deposit. Interest on savings is brought to account on an accrual basis. The amount of the accrual is shown as part of payables.

ii. All other operating expenses

Operating expenses are recognised when the Company has incurred the liability for goods and services purchased.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

p. Intangible assets

Intangible assets, which consists of computer software, are stated at cost less accumulated amortisation (see below) and impairment losses (see accounting policy 3(h)).

Amortisation

Amortisation is charged to the income statement on a straight-line basis over the estimated useful lives of intangible assets, which is between 3 and 6 years.

q. Directors' severance benefits

A Director appointed prior to 18 November 2011 is entitled to a severance benefit upon ceasing as a Director of the Company equivalent to the previous two years earnings where a Director has at least nine years of service and the previous three years earnings where a Director has at least fifteen years service. A Director appointed post 18 November 2011 who is entitled to a severance benefit will receive a sum not exceeding twelve months remuneration in accordance with s200F of the Corporations Act (Cth) 2001.

Note 20(f) contains further details on when a Director is not entitled to receive a severance benefit.

The Company starts provisioning for a Director's severance benefit from their initial appointment or election. For Directors with less than nine years of service the provision is calculated on a pro-rata basis of their current entitlement. For Directors with at least nine years service but less than fifteen years service the provision is based on their previous two years earnings plus a pro-rata amount of their third years earnings. For Directors with at least fifteen years service the provision is equal to their entitlement (i.e. the previous three years earnings).

r. Redeemed capital reserve

Redeemed capital reserve represents the amount of redeemable preference shares redeemed since 1 July 1999. The Corporations Act requires redemption of shares to be made out of profits. Since the value of the shares redeemed has been paid to members in accordance with the Constitution of the Company, the redeemed capital reserve account represents the amount of profits appropriated to the account.

s. New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for the annual periods beginning after 1 July 2015, and have not been applied in preparing these financial statements. This includes AASB 9 Financial Instruments, AASB 15 Revenue from Contracts with Customers and AASB 16 Leases.

AASB 9 Financial Instruments becomes mandatory for the Company's 2018 financial statements and could change the classification and measurement of financial assets including a new expected credit loss model for calculating impairment.

AASB 15 Revenue from Contracts with Customers becomes mandatory for the Company's 2018 financial statements and will establish the principles that shall apply to reporting information about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with members.

AASB 16 Leases becomes mandatory for the Company's 2019 financial statements and removes the classification of leases as either operating leases or financial leases, effectively treating all leases as finance leases.

The Company does not plan to adopt these standards early and the extent of the impact has not been determined.

t. Leases

i. Leased Assets

Leases in terms of which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. On initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Other leases are operating leases and are not recognised in the Company's Balance Sheet.

ii. Lease Payments

Payments made under operating leases are recognised in profit and loss on a straight-line basis over the term of the lease.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

iii. Determining whether an arrangement contains a lease

At inception of an arrangement, the Company determines whether such an arrangement is or contains a lease. This will be the case if the following two criteria are met:

> The fulfilment of the arrangement is dependent on the use of a specific asset or assets; and

> The arrangement contains a right to use the asset(s).

At inception or upon reassessment of the arrangement, the Company separates payments and other consideration required by such an arrangement into those for the lease and those for other elements on the basis of their relative fair values.

Note 20: Key Management Personnel Disclosures

a. Directors

The names of the persons who were Directors of the Company at any time during the financial year were as follows: P. J. Mugavin, J. W. Capewell, W. G. Taylor, D. R. Boell, M. Luttick, A. J. White and S. J. Coulson.

b. Executives/Managers

S. Capello, Chief Executive Officer

G. Earney, Executive Manager Finance, Company Secretary until 18 March 2016

G. Miller, Executive Manager, Technology and Telecommunications
M. Dilges, Executive Manager, Marketing and Member Development
F. Zafirakos, Company Secretary from 20 June 2016

M. Ruiz, Chief People and Culture Officer from 26 October 2015

Note 20: Key Management Personnel Disclosures continued

R. Boissezon, Executive Manager, Service and Sales
K. Mathers, Chief Risk Officer, Company Secretary

c. Transactions with key management personnel

In addition to their salaries, the Company also provides non-cash benefits to key management personnel, and contributes to post-benefit accumulation superannuation funds on their behalf.

d. Key management personnel compensation

The key management personnel compensation relating to employees is included in the Salaries and Related expenses on the Statement of Comprehensive Income. Compensation relating to the Directors is disclosed in the same note. The key management personnel compensation is as follows:

	2016 $	2015 $
Directors' Fees	**394,372**	355,661
Directors' Severance Benefits	**80,137**	77,168
Short-term employee benefits – salaries/fees/non-monetary benefits	**2,426,250**	2,406,338
Other long-term benefits	**15,768**	63,366
Post-employment benefits – superannuation contributions	**150,384**	157,655
	3,066,911	3,060,188

e. Loans to key management personnel

The following loan facilities were outstanding by key management personnel or related parties who are related to key management personnel at normal member rates during the year:

	2016 $	2015 $
Balance owing as at 30 June	**2,317,087**	1,879,667
Summary of Transactions		
New Advances	**515,804**	197,812
Repayments made during the year	**154,586**	128,114
Interest Received on loans to key management personnel	**76,202**	75,733

The key personnel who held the loan/continuing credit accounts with the Company during the year were:

W.G. Taylor, M. Luttick, G. Miller, M. Dilges, S. Capello, R. Boissezon, K. Mathers, M. Ruiz (from 26 October 2015).

f. Severance

A formal policy for Directors' severance benefits was approved at the Annual General Meeting in 2008. A Director appointed prior to 18 November 2011 is entitled to a severance benefit upon ceasing to be a Director of the Company equivalent to the previous two years earnings where a Director has at least nine years service and the previous three years earnings where a Director has at least fifteen years service. A Director appointed post 18 November 2011 who is entitled to a severance benefit, is entitled to a sum not exceeding twelve months remuneration, calculated in accordance with s200F of the Corporations Act (Cth) 2001.

The severance benefit applies if a Director ceases to be a Director due to a change of control or merger or sale of a significant part of the business or the Director voluntarily resigns from office. The severance benefit does not apply if the Director fails to be re-elected or the Director dies in office or where a Director resigns subsequent to having been nominated as a candidate for Director election and before that election takes place.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

The amount provided for Directors' severance benefit is estimated on an accruals basis even though a Director may not have served the required term of office. The provision at 30 June 2016 is $574,298 (2015: $494,161) and is presented in Note 16.

g. Other key management personnel transactions

There are no other transactions or contracts to which key management personnel are a related party.

Note 21: Prudential Remuneration Disclosures

BankVic's Board Remuneration Committee oversees remuneration in accordance with the organisation's Remuneration Policy developed with reference to APRA's prudential standard CPS 510. The Committee for the 2015/16 year was comprised of directors Mr Adrian White (Committee Chairman), Ms Marianne Luttick, Mr John Mugavin and Mr David Boell.

The Remuneration Committee met on three occasions during the year and no external consultants were engaged.

The Remuneration Policy provides a framework that allows the Board to align remuneration and risk management and encourage behaviour that supports the risk management framework of BankVic as an institution regulated by APRA. The Remuneration Policy was reviewed for the year with minor amendments only, reflecting changes to the description of relevant regulatory standards.

Through the work of the Remuneration Committee, the Board accepts responsibility for satisfying itself that the remuneration arrangements of the following persons is not contrary to the financial soundness of the organisation:

a. BankVic's Responsible Persons as defined by the APRA Prudential Standard CPS 520 Fit and Proper;
b. senior managers who participate in decision-making that has the capacity to significantly affect the company's risk management system and financial standing; and,
c. any other person or group of persons who receive significant performance based remuneration and either individually or collectively may make decisions that may affect the soundness of the institution (including persons who may not be directly employed by BankVic such as contractors or persons employed by a related service company).

Included in these categories are the Chief Executive Officer, other executive managers and others directly reporting to the Chief Executive Officer (six persons in total) as well as managers for the Finance, Compliance, Operations, Credit Risk and Control, Service and Sales, Credit Services and Branch Network and Credit Assessment functions (seven persons in total).

The Remuneration Committee applies the principles outlined in CPS 510 including considering the inherent conflicts of interest between performance objectives and those personnel undertaking risk and financial control functions. The Board through the Committee has the discretion to adjust downward or eliminate performance based remuneration for these staff, if it takes the view this is necessary to protect the financial soundness of the organisation, or where material and unexpected outcomes arise. This is notwithstanding the achievement of any or all metrics nominated at the beginning or during the assessment period.

Through the Remuneration Committee's oversight and assessment as well as the capacity to exercise this discretion, the Board ensures that managers, or the financial performance of the business area they manage, do not predominantly determine the variable remuneration received by risk and financial control personnel.

The key risks BankVic has taken into account when implementing remuneration measures were those identified in BankVic's Risk Management Framework, and included matters relating to liquidity, credit, market issues, interest rate volatility, contagion, organisations BankVic's membership may be associated with, key suppliers, general operations, information technology, staffing, strategic issues, fraud, occupational health and safety, financial planning, regulatory requirements, legal issues and pandemic. These risks did not materially change from those of the previous period.

As well as performance metrics including profitability, membership growth, product sales and cost control, the extent to which managers contribute to effective risk management at BankVic is an integral part of this performance assessment which in turn is used in setting remuneration. The results of internal and external audits are also taken into account. Effective risk management includes reducing the likelihood and consequence of risk events and of minimising the adverse impact of such events. This is a component part of the defined performance assessment and reward scheme for staff and the remuneration arrangements for executives.

All variable remuneration is paid in cash. Therefore, no arrangements to modify or clawback such remuneration has been necessary to take account of longer-term performance.

In regard to staff subject to CPS 510, twelve received variable remuneration awards during the financial year, while none received a guaranteed bonus or sign-on award. However two senior managers departed the company and received termination payments. No deferred remuneration is either outstanding or was paid during the year.

The table below provides details of the total value of remuneration awards for senior managers/material risk decision-makers for the period:

	2016		2015	
	No. of Employees	**$ Total**	**No. of Employees**	**$ Total**

	957,658	219,524	32,284	-	6,939	1,216,405

b. Credit risk exposure

Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted.

On-Balance Sheet Financial Instruments

The credit risk on financial assets, excluding investments of the Company, which have been recognised on balance sheet, is the carrying amount, net of any provision for impairment. Receivables from other financial institutions are receivables with high-credit quality financial institutions and therefore credit risk is minimal. The Company is not materially exposed to any individual customer.

c. Net fair value of financial assets and liabilities

Valuation Approach

Net fair value of financial assets and liabilities are determined by the Company on the following basis:

The carrying value of loans and advances is net of the provision for impairment. For variable rate financial assets and liabilities, including loans and advances, deposits and securitised funding, the carrying value approximates the fair value. For fixed rate financial assets and liabilities, adjustment has been made based on the differences between historical rates and current fixed rates.

The carrying amounts of cash and liquid assets, receivables, term deposits, certificates of deposit, equity investments and payables approximate fair value.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

Note 22: Financial Instruments (continued)

On Balance Sheet Financial Instruments	Total Carrying Amount as per Balance Sheet		Aggregate Net Fair Value

Loans and advances and deposits are disclosed at fair value using level 3 inputs.

Note 23: Financial Risk Management

The Company has exposure to the following risks from its use of financial instruments:

> Credit risk
> Liquidity risk
> Market risk

This note presents information about the Company's exposure to each of the above risks, its objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board has established the Audit and Risk Committees which are responsible for developing and monitoring risk management policies. The Audit and Risk Committees report regularly to the Board of Directors on its activities.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and a control framework, and to monitor risks and adherence to limits.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Risk Committee oversee how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Risk Committee is assisted in its oversight role by the Company's internal auditors. The internal auditors undertake both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit and Risk Committees.

The Company has undertaken the following strategies to minimise the risks arising from financial instruments.

Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations as they become due. Credit risk arises principally from loans and advances to members, debt and investment securities which are key aspects of the Company's business.

The main policies which BankVic have to mitigate and manage credit risk are:

> Credit Risk Lending Policy

> Large Exposures Policy

The Credit Risk Lending Policy sets out the framework for the Company's lending practices including delegated credit approval limits.

The Large Exposures Policy sets out the Company's practices for dealing with and mitigating against large exposures in lending to members and investing with counterparties.

i. Credit risk – loans

The Company's exposure to credit risk is influenced mainly by the changes in credit quality and the recoverability of loans and amounts due from members and counterparties.

Adverse changes in credit quality and the recoverability of loans and the amounts due from members or a downturn in economic conditions may impact the value and recoverability of the Company's assets.

The risk of losses from the loans undertaken is primarily reduced by the nature and quality of the security taken. Note 9(b) describes the nature of the security held against the loans as at the balance date.

The Company has a concentration in retail lending for members who comprise employees in the police industry. This concentration is considered acceptable on the basis that the Company was formed to service these members. These industries are considered essential services and hence are stable industries and the employment concentration is not exclusive. Should members leave the industry, the loans continue and other employment opportunities are available to facilitate the repayment of the loans.

ii. Credit risk – investments

The risk of losses from the liquid investments undertaken is reduced by the nature and quality of the independent rating of the investor and the limits to concentration in one entity.

The Company limits its exposure to credit risk by generally investing with counterparties that have an external rating of at least investment grade. Unrated counterparties comprise Indue Limited, SPP Pty Ltd and other Australian ADIs.

In addition, limits are imposed on the maximum exposure with any one counterparty as a percentage of capital.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company is required to maintain at least 9% of total liabilities as liquid assets capable of being converted to cash within 24 hours under the APRA Prudential Standards. The Board policy is to apply a minimum level of 11% of liabilities as liquid assets to maintain adequate funds for meeting member withdrawal requests. As at 30 June 2016, the Company had 15.6% of total liabilities as liquid assets and High Quality Liquid Assets (HQLA) ratio 18.4%. Various trigger levels have been set to ensure appropriate measures are undertaken to maintain liquidity above the minimum level.

The company has a repurchase agreement (repo) in place with the Reserve Bank of Australia (RBA) which provides an additional source of contingent liquidity.

In addition, excessive concentration of liabilities is minimised by setting limits on the maximum amount of single and multiple liabilities.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

The Company has set out below the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting arrangements.

30 June 2016

Financial Liabilities ($'000)	**Carrying Amount**	**Contractual Cash Flow**	**Less than 1 month**	**1 - 3 months**	**3 months to 1 year**	**1 - 5 years**	**More than 5 years**
Deposits*	**1,312,602**	**1,318,238**	**1,108,521**	**84,540**	**95,112**	**30,065**	**-**
Trade and other payables	**7,281**	**7,281**	**7,281**	**-**	**-**	**-**	**-**
Borrowings	**25,596**	**25,596**	**9,824**	**-**	**8,808**	**-**	**6,964**
Total	**1,345,479**	**1,351,115**	**1,125,626**	**84,540**	**103,920**	**30,065**	**6,964**

30 June 2015

Financial Liabilities ($'000)	**Carrying Amount**	**Contractual Cash Flow**	**Less than 1 month**	**1 - 3 months**	**3 months to 1 year**	**1 - 5 years**	**More than 5 years**
Deposits*	1,195,715	1,202,931	978,806	85,302	103,665	35,158	-
Trade and other payables	5,976	5,976	5,976	-	-	-	-
Borrowings	14,714	14,714	6,519	-	-	-	8,195
Total	1,216,405	1,223,621	991,301	85,302	103,665	35,158	8,195

* Deposits less than 1 month include deposits with no maturity.

Market Risk

Market risk is the risk that changes in market prices, such as interest rate risk and other market prices will affect the Company's income or the value of its holdings of financial instruments.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company is not exposed to currency risk and other price risk. The Company does not trade in the financial instruments it holds on its books. The most significant form of market risk to which the Company is exposed is interest rate risk arising from changes in market interest rates.

i. Interest Rate Risk

The policy of the Company is to manage the variability in the net interest margin as a result of adverse movements in interest rates. This is achieved by keeping the mismatch between rate sensitive assets and liabilities to an acceptable level.

The Company manages interest rate risk by setting prudent limits for the impact of movements in market rates on net interest income, net present value and Value at Risk (VaR).

ii. Interest Rate Sensitivity

At 30 June, a 1% increase or decrease in interest rates compared to actual rates would improve/(reduce) annual net interest income by the following amounts.

	2016 $'000	**2015 $'000**
1% increase	**3,077**	2,842
1% decrease	**(3,102)**	(2,872)

At 30 June, a 1% increase or decrease in interest rates compared to actual rates would increase/(decrease) equity by the following %.

	2016 $'000	2016 %	2015 $'000	2015 %
1% increase	(260)	(0.17%)	(53)	(0.04%)
1% decrease	300	0.20%	91	0.07%

Capital Management

The Board is responsible for ensuring BankVic has in place a process for assessing its overall capital adequacy relative to its risk profile and a strategy for maintaining capital levels.

BankVic has established a process for identifying and classifying all material inherent risks and controls to mitigate such risks. A minimum level of capital is determined taking account of the net residual risks.

The Company has established a management information system for measuring and reporting capital to the Board.

The current strategy is for the Company's core capital to be derived entirely from retained earnings. Maintenance of adequate capital over time therefore depends on balancing profit after tax with growth in risk-weighted assets. Note that the minimum capital level determined by the Board exceeds the minimum level required pursuant to the Australian Prudential Standards.

The Company's regulator, APRA sets and monitors capital requirements for the Company as a whole. In implementing capital requirements, APRA requires the Company to maintain a prescribed ratio of total capital to total risk weighted assets.

Regulatory capital is analysed into two tiers:

> Tier 1 capital includes general reserves, retained earnings and other regulatory adjustments relating to items that are included in equity but are treated differently for capital adequacy purposes. The Company had a net Tier 1 capital ratio of 20.5% of risk weighted assets as at 30 June 2016. (30 June 2015: 21.2%)

> Tier 2 capital includes qualifying collective impairment allowance and asset revaluation reserves after applying other regulatory adjustments. The Company had a net Tier 2 capital ratio of 0.1% of risk weighted assets as at 30 June 2016. (30 June 2015: 0.1%)

Risk weighted assets are determined according to specified requirements that seek to reflect the varying levels of risk attached to assets and off balance sheet exposures plus an allowance for operational risk as prescribed by APRA.

The Company has complied with all externally imposed capital requirements throughout the period.

There have been no material changes in the Company's management of capital during the year.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

Note 24: Regulatory Capital Reconciliation

i. Tier 1 Capital	**2016 $'000**	**2015 $'000**

Note 25: Events Subsequent To Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

DIRECTORS' DECLARATION

In the opinion of the Directors of Police Financial Services Limited (the Company):

a. the financial statements and notes set out on pages 15 to 46 are in accordance with the Corporations Act 2001, including:
    i. giving a true and fair view of the Company's financial position as at 30 June 2016 and of its performance, as represented by the results of its operations and its cash flows, for the financial year ended on that date; and
    ii. complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001;

b. the financial report also complies with International Financial Reporting Standards as disclosed in note 2 (a); and

c. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Dated at Melbourne this 27th day of September 2016

Signed in accordance with a resolution of the Directors.

INDEPENDENT AUDITOR'S REPORT

Independent auditor's report to the members of Police Financial Services Limited

Report on the financial report

We have audited the accompanying financial report of Police Financial Services Limited (the Company), which comprises the balance sheet as at 30 June 2016, and statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, notes 1 to 25 comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' responsibility for the financial report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In note 2(a), the directors also state, in accordance with Australian Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We performed the procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Corporations Act 2001 and Australian Accounting Standards, a true and fair view which is consistent with our understanding of the Company's financial position and of its performance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Auditor's opinion

In our opinion:

a. the financial report of Police Financial Services Limited is in accordance with the Corporations Act 2001, including:
   i. giving a true and fair view of the Company's financial position as at 30 June 2016 and of its performance for the year ended on that date; and
   ii. complying with Australian Accounting Standards and the Corporations Regulations 2001.

b. the financial report also complies with International Financial Reporting Standards as disclosed in note 2(a).
