

CORRADO

CENTER FOR FACIAL PLASTIC
& COSMETIC SURGERY

Minor Surgery Post Procedure Instructions

- Clean incision twice a day with half peroxide and half water, using a Q tip to apply the solution. Rinse all crusting away from the stitches.
- After cleaning the wounds apply Bacitracin Ointment to the incision at least twice a day to keep the stitches moist. You may cover the area with a bandage if you desire.
- You may shower and get your hair wet in 48 hours.
- If the incision becomes very red, tender, swollen, or if pus is noted, please call the office so you can be evaluated.
- Should you have any questions or concerns please contact the office at:

1-877-481-3223.

Thank You!
