*Mountains of Hope*  
West Virginia Cancer Center  
Collaborating to Conquer Cancer

Black and African American men have a greater risk for prostate cancer

Talk to your doctor about all factors that may increase your risk

**PROSTATE CANCER**  
Awareness

**WVU Cancer Institute**  
Hope

The decision to be  
screened for  
prostate cancer is an  
individual one.

People with a prostate,  
aged 55-69  
should talk with their doctor  
about prostate cancer  
screening and the risks
