

# Quinta dos Carvalhais Gouveio 2023

**A limited edition that reaffirms the excellence of Quinta dos Carvalhais' white wines**

*Press Release, 5 February 2026 – Quinta dos Carvalhais once again elevates the expression of great white wines with a limited-edition Gouveio, faithful to the distinctive and experimental character that defines its vision in the Dão. In a year when the grape variety showed itself at its very best, displaying exemplary purity, Quinta dos Carvalhais Gouveio 2023 Special Edition is born—marking the debut of this variety as a single-varietal wine in more than three decades of the estate's history.*

This wine is the result of careful observation and a spirit that never relinquishes experimentation. In a year marked by climatic challenges, the variety proved resilient, revealing a remarkable balance between aromatic exuberance and vibrant freshness. Under the guidance of winemaker Beatriz Cabral de Almeida, the Gouveio revealed itself as dense, precise and deeply elegant.

The sophistication of this edition, limited to just 3,655 bottles, arises from a combination of 18 months' ageing in oak and stainless steel, resulting in a creamy texture and layered complexity where tropical notes coexist with the minerality of the granite soils. It is a wine designed for those who seek distinction and detail, and one that finds its natural stage at the table.

Launching this Gouveio is a tribute to Quinta dos Carvalhais' pioneering legacy—the estate that introduced the Dão's first Encruzado in 1992.

Quinta dos Carvalhais Gouveio 2023 Special Edition

Recommended Retail Price\*: €26

#### About Quinta dos Carvalhais:

Quinta dos Carvalhais is the benchmark of the New Dão and a pioneer of modern viticulture in the region. Since its acquisition by Sogrape in 1988, the brand has focused on producing high-quality wines, recognised for their elegance and finesse, and has played an innovative role in launching single-varietal wines from the region's noble grape varieties, notably Encruzado and Touriga Nacional. Under the guidance of winemaker Beatriz Cabral de Almeida, the estate crafts wines that reflect the essence of the Dão across a broad range, including the standout Único, Branco Especial, and the Branco and Tinto Reserva wines.

With a total area of 105 hectares, 54 of which are planted with vines, Quinta dos Carvalhais produces exclusively from its own grapes. White varieties—such as Encruzado, Gouveio, Sémillon and field blends—account for 61% of the vineyard area, while the remaining 39% is dedicated to red varieties including Touriga Nacional, Alfrocheiro, Tinta Roriz, Tinta Pinheira and field blends.
