

## February Gardening Calendar

### Approximate Dates & Gardening Activities:

#### Early February

- It's time to plant your edible bulbs and tubers—like garlic, onions and potatoes.
- Tomato and pepper plant starts arriving now!
- Have you fed your spring plantings yet? We've got a variety of fertilizers to choose from—including natural and organic fertilizers.

#### Mid-February

- Valentine's Day is on 2/14! Pick up a beautiful hanging basket, houseplant, garden art and décor, or even a rose bush!
- Start feeding/fertilizing your citrus—now through March.
- Check your garden for insects. Ask us about solutions.

#### Late February

- Plant a shade tree today and enjoy an escape some of our Arizona heat later...
- Prune back frost-damaged plants to promote healthy, new growth.
- New spring color is arriving in-store now...
