

May Gardening Calendar

Approximate Timing & Gardening Activities

Early May:

- **Want to grow a rich summer Bermuda grass lawn?** De-thatch your grass and fertilize with True Organic - Organic Lawn Food. Or, if you're looking to reduce/replace your lawn, we've got some groundcover recommendations that grow well in the Valley.
- **Star Jasmine is blooming now!** This hardy vine will climb your trellis & more—all on its own!
- **It's almost Mother's Day!** We've got hanging baskets, cache pots and more gift ideas for Mom...

Mid-May:

- **Summer flowers are here!** Vinca, potato vine, pentas and more are in-store now...
- **Adjust Irrigation Systems** in preparation for summer watering needs.
- **It's time to mulch!** Save water and help keep your plants' roots cool.

Late May:

- **Is summer hard on your new plants?** Use our Root & Grow or Plant Starter to help them grow a solid foundation. Plus, download our New Plant Watering Guide to ensure your new plants receive enough water to establish a strong root system.
- **Have pests?** Watch for worms and beetles. We have natural insecticides available.
