

We are hiring Trainees

Would you like to be part of a Top Tier law firm that takes a socially responsible approach to the world? Then you might be our new colleague. We are looking for talented and ambitious law and business law students with a Bachelor's degree to join our Firm. We expect you to be at the top of your class, both in your bachelor's and your master's.

From the outset of your career with us, you will work in a truly international environment on some of the most significant and complex M&A transactions and Disputes & Investigations matters in Denmark. During your time as Trainee, you will be exposed to a broad range of work across our departments. It is our ambition to identify truly great candidates to continue their career with us as Associates or Legal Consultants.

We collaborate in teams where a variety of personalities and backgrounds are bound together by our lock-step model, developing and stimulating ambitious team players. We do not believe in differentiated remuneration.

We dedicate ourselves to actively supporting a more sustainable world by financial donations and by investing ourselves in sustainability projects in Denmark and abroad.

We motivate each other with a high degree of responsibility shared already from day one. We develop our lawyers to perform on an international scene.

We innovate the law by participating in the legal debate with peer-reviewed articles and text books and by teaching at universities. We have created legal solutions which many believed were unachievable.

We evaluate our performances continuously against the client's expectations. We never take our clients or their work for granted.

All of this makes us what we are: A Tier 1 Corporate M&A law firm.
