3.7 SATA CONNECTORS

These connectors are SATA 6Gb/s interface ports. Each connector can connect to one SATA device. No ports utilize the same bandwidth with any M.2.

⚠ NOTE

- Please do not fold the SATA cable at a 90-degree angle. Data loss may result during transmission otherwise.
- SATA cables have identical plugs on either side of the cable. However, it is recommended that the flat connector be connected to the motherboard for space saving purposes.

3.8 M.2 SLOTS FOR STORAGE

There are four M.2 slots on the N5 motherboard. You will need to remove the steel cover pieces prior to installation. The topmost slot includes a heat spreader. Please follow the instructions below to install your M.2 drive.

3.14 FRONT PANEL CONNECTOR

These connectors connect to the switches and indicator LEDs on the case.

IMPORTANT

- Please check the polarity of the pins to ensure your LEDs work properly.

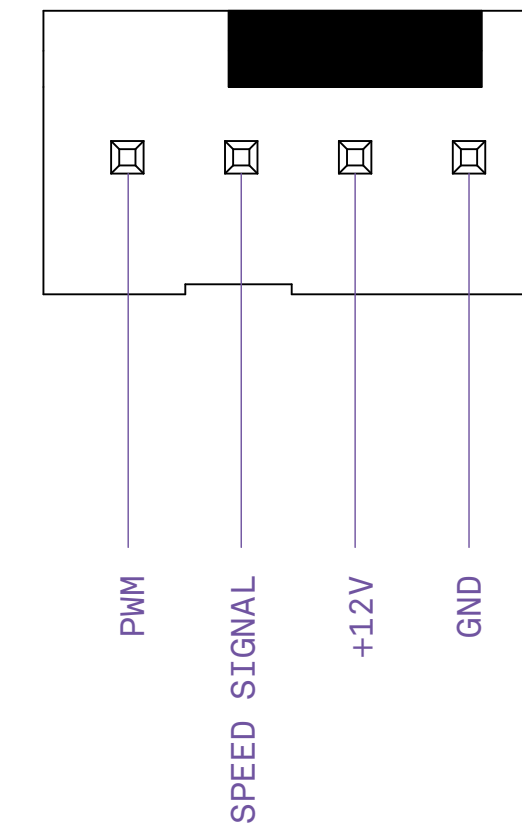

3.15 FAN CONNECTORS

The CPU_FAN, AIO_PUMP and the four SYS_FAN connectors automatically detects if a 4-pin PWM(Pulse Width Modulation) or 3-pin fan is in use and supports up to 2A(24W) each. The fan speeds can be adjusted within CAM.

NOTE

- CAM is required to control the fans within Windows.

3.16 NZXT RGB CONNECTORS

There are two NZXT RGB headers located on the motherboard.

The NZXT RGB ports are compatible with NZXT lighting accessories. Each channel supports up to 40 LEDs and up to 6 accessories.

NOTE

- CAM is required to control the lighting within Windows.
- Before installing or removing your lighting accessories, please power off your system and unplug the power cord from the power supply.

3.17 5V ADDRESSABLE RGB CONNECTOR

Our warranty does not cover the following:

NZXT shall not, in any event, be liable for any incidental or consequential damage, including but not limited to damages resulting from interruption of service and loss of data, business, or for liability in tort relating to this product or resulting from its use or possession.

V. LIMITATIONS OF IMPLIED WARRANTIES

Here are no other warranties, expressed or implied, including but not limited to those of merchantability or fitness for a particular purpose. The duration of implied warranties is limited to the warranty length specified in Paragraph I.

VII. HOW TO OBTAIN A WARRANTY SERVICE FROM NZXT

To receive a warranty service for your product when purchased directly from NZXT, you must submit a request via the NZXT Support site outlining the problem. If a technician deems the product defective or requiring testing, you will be required to provide a copy of your proof of purchase, which will enable you to submit a Return Merchandise Authorization "RMA" request.

Once approved, you`ll receive an RMA number, upon which you will be asked to ship the defective item back to NZXT with the RMA number clearly marked or labelled on the package. NZXT recommends that appropriate measures are taken to safeguard the product from damage during shipping.

VIII. APPLICABLE LAW AND ADDITIONAL LEGAL RIGHTS FOR CONSUMERS

This warranty gives you specific legal rights. These conditions are governed and construed in accordance with the laws of California (with exception of its conflict of law provisions), and the application of the United Nations Convention of Contracts for the International Sale of Goods is expressly excluded. The non-exclusive jurisdiction of the courts of California is agreed, which means that you may bring a claim to enforce your consumer protection rights in connection with this Global Warranty in the country which you have your habitual residence where you may have additional rights. These rights may vary.

For original consumers who are covered by consumer protection laws or regulations in their country, state, or province of purchase or, if different, their country, state, or province of residence, the benefits conferred by this warranty are in addition to all rights and remedies conveyed by such consumer protection laws and regulations. To the extent that liability under such consumer laws can be limited, NZXT's liability is limited, and its sole option, to repair or replacement, either new or refurbished, with a similar function that is equal or greater in value depending on supply.

In the United Kingdom:

- For NZXT products sold to customers in the UK, during the expected lifespan of your product your legal rights entitle you to the following:
 - > Up to 30 days: if your goods are faulty, then you can get an immediate refund.
 - > Up to six months: if your goods can't be repaired or replaced, then you're entitled to a full refund, in most cases.
 - > Up to six years: if your goods do not last a reasonable length of time you may be entitled to some money back.
- If the person seeking to rely on the guarantee is not the original consumer, the NZXT Warranty will cover the product in relation to that person provided that they are able to provide proof of the transfer of the benefit of the guarantee from the original consumer.
- The implied warranties under the Consumer Rights Act 2015 says that your goods must be as described, fit for all purposes for which such goods are usually supplied, and of satisfactory quality.

In the EU:

- If you are a consumer and have your habitual residence in the EU, you additionally enjoy the protection afforded to you by provisions that cannot be derogated from by agreement by virtue of the law where you have your habitual residence.
