

Hydraulica 1200 (2016) Dual Circuit - Vacuum Lifter

Technical Specifications

Dimensions:	HxWxD mm
Vacuum system :	
Suction cup quality:	
Suction cup dimension:	
Number of suction cups:	
Loading capacity of frame: (on smooth and clean surface at 60% vacuum)	
Weight of lifter:	
Structural depth:	
Output:	
Voltage:	
Accessories:	

HxWxD mm

1450mm x 2070mm (3600mm with extension) x 300mm
 dual circuit 4 pumps, 2 vacuum tanks
 black rubber, not abrasion resistant, heat resistant up to 100 °C
 330mm

16	10	8
1200kg	750kg	600kg
220kg	156kg	150kg
300mm	300mm	300mm

1.5m³/h

12v DC from 2 rechargeable batteries

110v/240v 50/60Hz single phase factory selectable

cable remote control, wheeled stand, 2 x extension arms with pads
 (increasing capacity from 750kg to 1200kg)

pump:
 battery charger:
