Aesthetic Services

Chemical Peels: Superficial chemical peels that accelerate skin exfoliation, improving overall skin condition. Smooths the appearance of fine lines, wrinkles, roughness, overall complexion, acne, & pigmentation.

Vitalize 150 **Rejuvenize** 175 **ZO 3-step Peel** 275

Hydrafacials: 3 steps – Cleanse+Peel, Extract+Hydrate, Fuse+Protect. The only patented technology combined with nourishing ingredients to create an instant, gratifying glow for restored skin health.

Signature 165 **Deluxe** 215 **Platinum** 265

Microneedling: SkinPen – Microneedling, a collagen induction therapy for the face and neck to improve conditions like acne scarring, fine lines and wrinkles, skin texture, pore size, pigmentation and stretch marks. **350**

PRP Facial: SkinPen add-on treatment. Add platelet-rich plasma (PRP) to your microneedling treatment by using your own blood platelets to naturally enhance collagen production and stimulate your body's natural repair and rejuvenation processes. Add on a PRP eye boost injection for \$200. This all-natural treatment option can help reduce the appearance of under-eye bags and hollows. **700**

Dermaplaning: Using a sterile blade to remove dead skin cells/fine vellus hair from face and neck. Add on to any treatment for \$50. **75**

Eye Care

Upneeq: Upneeq is the only FDA-approved, once-daily prescription eyedrop proven to subtly lift upper eyelids in adults with ptosis (droopy eyelids). **50+**

Latisse: Naturally and safely enjoy gorgeous, full eyelashes without surgery, irritating chemicals, or any kind of recovery period. This topical treatment can help you grow thicker, more luscious lashes from the inside out. **179**

Laser & Light

HALO: HALO laser treatment improves visible signs of skin aging, including wrinkles, pigmentation, pore size, and sun damage. Its unique hybrid design uses dual wavelengths to resurface both the epidermis and dermis at the same time. **1500+**

BBL: BroadBand Light (BBL) technology uses intense pulsed light to treat a broad range of skin conditions associated with aging, acne, loss of firmness, and sun damage. Any area of the body can be treated. **150+**

Vein

Splendor X: Solid state laser system equipped with unique BLEND X technology. 3-6 treatments per area recommended with maintenance treatments to follow. Price varies per treatment area. **100+**

Sclerotherapy: A minimally invasive procedure that treats varicose veins and spider veins. A solution is injected directly into a vein that causes it to shrink. **600+**
