

PPF Group and The Kellner Family Foundation donate over CZK 200 million to support flood-affected regions in the Czech Republic, Poland and Slovakia

PPF Group, through its PPF Foundation and The Kellner Family Foundation, will jointly donate CZK 100 million to support people in the Czech Republic affected by the devastating floods. Each foundation will contribute CZK 50 million. Donated funds will be allocated to non-profit organizations actively engaged in relief efforts in the affected areas and distributed in coordination with the relevant government and regional emergency institutions.

In addition to their joint efforts in the Czech Republic, The Kellner Family Foundation will donate EUR 2 million to support flood-affected regions in Poland and another EUR 2 million to Slovakia. This brings the total aid provided to both countries to over CZK 100 million.

PPF Group companies regularly support philanthropic and charitable initiatives in all the countries where they operate. A fundraising campaign is also underway among PPF Group employees. A total aid package therefore exceeds CZK 200 million.
