

DIAMOND rocking base

By Stolt design

Kubikoff

The DIAMOND base is inspired by the facets of a cut diamond, creating a similar play of light. A simply sophisticated piece of furniture, perfect for modern and minimalist settings. The purity of the concept, and the high quality design, combined with complex lines that create a light and luminous metal structure, creating a modern and sophisticated silhouette.

La base DIAMOND si ispira alle linee del taglio del diamante, e gioca con la luce come fanno le pietre preziose. La purezza dell'idea si unisce ad una realizzazione di alta qualità, con linee complesse che ricamano una struttura in metallo leggera e luminosa, disegnando una forma moderna e sofisticata.
