FRIDAY

THE OPENING CEREMONY

The gates of the mighty RED will officially open with The Opening Ceremony. Booking the Lunch Buffet will grant you access to the Exclusive RED Experience Deck at 12:00, so when the gates open you will have the best spot to witness the RED this year.

During The Opening Ceremony, musical mastermind Dr. Peacock will kick off the first festival day in style. This Defqon.1 spectacle unfolds through a symphonic show and live experience, marking the first moment to witness this year's stage design.

THE RED RACE

A brand-new Defqon.1 phenomenon will unfold on Friday. Over the past few months, four talents have battled for the ultimate reward: a spot on the Defqon.1 mainstage. Only one winner will rise through victory and turn their wildest dreams into reality. Witness the birth of a new hardstyle icon, unleashed through a Defqon.1 music-driven show experience, presented as the RED Race.

THE SPOTLIGHT

At the end of the day, it's time to experience the magnitude of The Spotlight. This endshow experience combines the unique sounds of an artist with an abundance of lights, lasers, and the best pyrotechnics our scene has to offer. For this year's Friday Closing, the legendary duo D-Block & S-te-Fan will take the stage. The Spotlight lasts over 30 minutes and rivals the scale of both The Endshow on Saturday and The Closing Ritual on Sunday.

SATURDAY

WARRIOR WORKOUT

Book your exclusive RED experience for the day that started it all. Strength, endurance, and muscle-flexing madness await you with the Warrior Workout. On Saturday morning, we dive straight into maximum power with the world's biggest hardstyle workout. A unique Defqon.1 show experience where all Warriors unite to aim for the top during power-packed exercises and high-energy music.

POWER HOUR

When the clock strikes 4, it's time to unleash the essence of madness during the 60 craziest minutes of your life with POWER HOUR!

Since 2014, we've pulled out all the stops with massive stunts, tons of confetti, countless acts, artists, inflatables, and, of course, the world-famous LEFT-RIGHT moment—together with 70,000 Warriors

THE ENDSHOW

We close this day with the glorious feeling of greatness during the biggest show spectacle within the harder styles: The Endshow. This global festival phenomenon pushes boundaries every year with record-breaking amounts of pyro, brand-new hardstyle tracks, innovative show techniques, and special acts.

SUNDAY

THE CLOSING CEREMONY

The official closing of Defqon.1 and, without a doubt the most emotional moment of the weekend. This is the moment when Warriors gather one last time to witness The Closing Ceremony—and this year, it will be more legendary than ever before.

Together with our tribe, we celebrate 25 years of Hardstyle and Q-dance during a five-hour Closing Ceremony. During this show, we honor the legacy alongside the Legends who have shaped our sound over the years. A truly unique, once-in-a-lifetime experience.

To top it all off, the Closing Ceremony will conclude with The Closing Ritual—the grand, pyro-filled finale of Defqon.1. A moment of ultimate achievement and strength, where everything comes together.

BE AWARE: THE CLOSING CEREMONY STARTS AT 18:00 CEST
