

LEVEL

LEVEL Lounge armchair with generous, comfortable and essential shapes. Entirely cold foamed - processing that makes it a product of high manufacture - in the four-spokes base version is equipped with a refined mechanism that allows the inclination in four different positions with controls entirely placed under the seat, in other words, nothing more levers on the sides but only elegant buttons easily manoeuvrable. Available in two different heights and with a framework (gold or black).

DIMENSIONS

STRUCTURE

LEVEL is available in two heights and two types of bases:

- 4 spoke swivel base in polished aluminum or black painted on feet
- 4 legs with gold or black metal painted truss

STRUCTURE AND PADDING

Level is totally made of polyurethane foamed rubber with thickness from 4 to 9 cm and 55 gr/lt density. Inside the backrest a metal skeleton supports the structure, the seat has Synchron Active Plus Mechanism integrated underneath the seat that allows the tilt mechanism, the gas lift and 4 lockable positions of the seat when assembled on the swivel base.

Also available with fireproof rubbers. Certified 11M

USAGE AND CARE

In order to have an optimal maintenance of the products and to preserve the characteristics of the materials by which they are made, it is recommended the following course of action.

FABRICS

Cleaning: check the dedicated selection written on the color Swatch card.

Usage: it is recommended to pay careful attention to the fabrics as they can be cut or ripped easily.

WOODS

Cleaning: clean using a soft cloth, soaked in tepid water. Dry always after the cleaning. Remove immediately any liquid substances or other residue in order to prevent the absorption.

Usage: wooden surfaces, being a natural material, might be subjected to color alterations with sun exposure and use over time. It is reminded that wooden surfaces cannot endure direct heat sources.

METALS

Cleaning: both steel and aluminum surfaces, and the painted ones, have to be cleaned using a soft cloth soaked in tepid water. For the most persistent stains it is possible to dilute mild soap with water moderately. Dry always after the cleaning, using a soft cloth of deer-hide. Do not use cleaning products for steel, chlorine, bleach or other strong products. It is not recommended to use abrasive, scourers, which can scratch the metal surfaces.

Usage: pay attention to the food stains as coffee, coke, fruit juices that can make indelible marks on the surfaces.

WARRANTY

QUINTI guarantees the products will maintain their properties for 6 years from delivery, except normal usury and provided that they will be used according to the guidelines given. QUINTI will replace, free of charge, any product found non-compliant with this warranty, without incurring any other liability of sort. Components, external accessories or materials supplied by the buyer and applied to the products in order to customize them will not be supported by the guarantee. For an optimal maintenance of the products and to keep unchanged the characteristics of the materials with which they are made, some simple attentions are necessary.
