

GRAND TOUR is a soft seating collection with a simple design and friendly aesthetics. Thanks to 6 padded elements, easily connectable to each other and available in different shapes and sizes, it is possible to create harmonious and comfortable compositions. The possibility of inserting backrests and tables using the basic structure of the modules ensures infinite compositional possibilities full of personality and style.

STRUCTURE AND UPHOLSTERY

The seats are made of a molded polyurethane foam of many centimeters which ensures the right comfort and the right softness of the curves. Internally the structure is in pressed polystyrene, which ensures sturdiness and at the same time the lightness of modules, even of large dimensions.

The bases where the frames are fixed are characterized by plywood panels of the correct shape with a thickness of 10 mm. equipped with M6 bushings.

ACCESSORIES

1

2

3

1. Backrest with multilayer oak structure, natural transparent painted (thickness 16 mm)
2. Backrest with black painted metal frame, diameter 30 mm.

The backrest cushion is made with a several centimeters shaped polyurethane foam casing that ensures the right comfort and the right softness. Internally the structure is in metal which guarantees sturdiness

3. The coffee table features a 40x20x1.5 mm tubular frame where a laser cut plate is welded to the top. The top is made of 10 mm thick oak wood.

ELECTRIFICATIONS

In the seats it is possible to apply PICKR electrical wiring system with 2 USB 5V sockets

STRUCTURE

The frames of each module are different from each other to accommodate the armchair of the correct shape. They are made of 40x20x1.5 mm tubular. and in the heads they are completed with black polypropylene plug-in caps. The frames are barely visible under the modules so that the feeling is that of an armchair skimming the floor. The frames are equipped with height-adjustable feet.

USAGE AND CARE

For a proper maintenance of the products and to maintain unchanged the characteristics of the materials, we recommend to follow some very simple care instructions.

FABRICS

Cleaning: check the dedicated selection written on the color Swatch card. Usage: it is recommended to pay attention to the fabrics as they can be easily cut or ripped.

LEATHERS

Cleaning: clean with a white wet cloth with water. We recommend to use high quality products for the cleaning of the leather and to follow carefully the instructions of the manufacturer. In doubt, try out the product on a hidden part and wait at least 24 hours for the occurrence of any problems. Usage: remember that the leather is a delicate material therefore, it is recommended to pay particular attention while using.

WOODS

Cleaning: clean with a soft and wet cloth with warm water. We always recommend to dry immediately after the cleaning process. All liquids or other residue must be removed in order to avoid the absorption. Usage: wooden surfaces, being a natural material, could be affected by an alteration of the color shade during time and use. We also remind that wooden surfaces cannot bear with high temperatures if placed directly on the wooden top.

METALS

Cleaning: both steel or aluminum surfaces, and painted ones, must be cleaned with a soft and wet cloth with hot water. For the most persistent stains, a small amount of liquid soap diluted in water may be used. We always recommend to dry immediately with a soft cloth or a leather one after the cleaning process. Never using cleaning products for steel, chlorine, bleach or other strong detergents. It is not recommended to use abrasive creams, score pads and abrasive sponges that can scratch the metal surfaces. Usage: pay attention to the stains of food such as coffee, coke, fruit juices that can leave indelible marks on the surface.

WARRANTY

QUINTI guarantees the products will maintain their properties for 6 years from delivery, except normal usury and provided that they will be used according to the guidelines given. QUINTI will replace, free of charge, any product found non-compliant with this warranty, without incurring any other liability of sort. Components, external accessories or materials supplied by the buyer and applied to the products in order to customize them will not be supported by the guarantee. For an optimal maintenance of the products and to keep unchanged the characteristics of the materials with which they are made, some simple attentions are necessary.
