

DIMENSIONS

Cylinder diameter 60 cm. / Height 74 cm. / Floor diameter 120 cm.
Cylinder diameter 40 cm. / Height 74 cm. / Plate diameter 70 cm.

TABLE

BASE

The base is made of sheet metal 2 mm thick. processed with calandratrice machine to take cylindrical form. Inside the cylinder there are metal plates cut by laser; the upper plate with the attachments for the top, while the lower plate with the sockets for the feet.

The plates welded inside the base, also have function of stiffening of the cylindrical sheet.

The floor feet are adjustable in height and are positioned so that all screwed leaves the cylinder off the ground by a few millimeters.

The metal is painted with epoxy powders in white or black colors or in the colors:

V4 MORNING (MATT)

V08 VERDE SALVIA (MATT)

V0 FERRO TRASPARENTE (MATT)

6V BRONZO SATIN (METALLICA)

7V TORTORA SATIN (METALLICA)

V3 GRIGIO ARGENTO (METALLICA)

V5 GOLD (METALLICA)

5V RAME (METALLICA)

TTABLE TOP

The top is made of 3 mm thick plate. processed with laser cutting machine to take a circular shape.

Then painted in the colors as base.

In the lower part of the table is welded a counterplate worked with laser cutting for fixing to the cylinder plate.

Melamine top with a thickness of 25 mm in the following colours:

N1 NERO

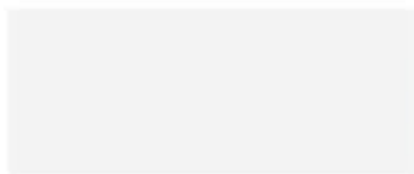

N2 MOKA LARIX

N3 TORTORA

N4 ROVERE NATURALE

N5 BIANCO

N6 EFFETTO MARMO

HPL top in the following colours:

HN NERO

HB BIANCO / NERO

HR ROVERE NATURALE

HM NERO EFFETTO MARMO

TERRAZZO top in the following colours:

CA D'OR 140

GRIGIO PERLA 172

MULTICOLOR 114

USE & MAINTENANCE

For an optimal maintenance of the products and to maintain unchanged the characteristics of the materials with which they are made, some simple attentions are necessary.

METALS

Cleaning: both metal surfaces made of steel or aluminium, as well as painted surfaces, must be cleaned with a damp and soft cloth soaked in hot water. For the most stubborn stains, you can dilute liquid neutral soap in water with moderation. Always dry after cleaning with a soft cloth or deer skin. Do not use creams and pastes to clean steel, do not use chlorine, do not use bleach and other aggressive detergents. It is not recommended to use abrasive pastes, scouring pads and sponges that can scratch metal surfaces.

Use: be careful of food stains such as coffee, cola, fruit juices that can leave indelible stains on surfaces

WARRANTY

QUINTI guarantees that the products will keep their characteristics for 6 years from delivery, save normal wear and provided they are used according to the indications given. QUINTI will replace any product found not to comply with this warranty at no cost, without bearing any other responsibility. The warranty is excluded on components, external accessories or materials supplied by the buyer and applied to products for the purpose of personalization.
