

The sculptural shape and essential materials of the new TTABLES coffee tables make them ideal to be inserted in any space. The perfect balance between geometry and function, linearity and versatility capable of expressing itself both as a single piece and alongside the two formats. TTABLES lives at the service of the armchair or sofa and offers the user a comfortable and comfortable surface.

BASE

The base is made of sheet metal 2 mm thick with cylindrical shape. Inside the cylinder there are metal plates of reinforcement that support the top and the feet, the upper plate with the attachments for the top, while the lower plate with the housings for the adjustable feet in height.

TTABLE is available with three types of base finish:

- epoxy powder coated in standard colours black, white or all Quinti colours
- metal covered with cannatted wood of a single color walnut
- chrome metal

TOP

The circular plan is available in several types:

- 3 mm thick sheet metal. Epoxy powder coated in standard colours black, white or all Quinti colours
- chromed metal (ATTENTION! If you have imperfections, small depressions of millimetric size and circular shape, arranged randomly in the surface of the floor, are due to the type of material and finish and are NOT avoidable)
- 18 mm thick marble (black Marquinia, white Carrara, green Guatemala, purple Calacatta)
- "Terrazzo" (Ca' d'or, Pearl Grey, Multicolor)
- 18 mm thick melamine (white, black, natural oak, mocha, taupe, black marble effect)

Measures	Height	Diameter top	Diameter base
cm	35	60	40
cm	45	50	30

TTABLES

Use & Maintenance

For an optimal maintenance of the products and to maintain unchanged the characteristics of the materials with which they are made, some simple attentions are necessary.

THE METALS

Cleaning: both metal surfaces made of steel or aluminium, as well as painted surfaces, must be cleaned with a damp and soft cloth soaked in hot water. For the most stubborn stains, you can dilute liquid neutral soap in water with moderation. Always dry after cleaning with a soft cloth or deer leather. Do not use creams and pastes to clean steel, do not use chlorine, do not use bleach and other aggressive detergents. It is not recommended to use abrasive pastes, scouring pads and sponges that can scratch metal surfaces. Use: be careful of food stains such as coffee, cola, fruit juices that can leave indelible stains on surfaces.

THE WOODS

Cleaning: Clean with a damp, soft cloth soaked in warm water. Always dry after cleaning. Remove any liquid or other residue immediately to prevent absorption.

Use: wood surfaces, being a natural material, may, over time, undergo color changes with use and exposure to light. Remember that wood cannot withstand direct heat sources on the Surface.

Guarantee and safety

QUINTI guarantees that the products will keep their characteristics for 6 years from delivery, save normal wear and provided they are used according to the indications given. QUINTI will replace any product found not to comply with this warranty at no cost, without bearing any other responsibility.
