High structural strength thanks to the thickness of the aluminium.

A unique, seamless finish.

Anodised surface that is resistant to wear and scratches.

31

Shell

The shell, with its distinctive design, is crafted from 5 mm extruded aluminium with a satin silver anodised finish and features a refined horizontal “stripe” pattern on the back.

The angle of the backrest is designed to provide impeccable ergonomic comfort, optimised for postural support. Available in two sizes:

- single seat, available with metal wire armrests, with or without a black polypropylene tray.

- XL 3 seaters bench

Single-seat frames

Three types of frame are available for the single seat:

1. Sled base in painted or chrome-plated metal, made from 11 mm diameter metal tubing. [Stackable, 12 units]
2. “Leggera” 4-spoke base in polished aluminium on castors or feet [diameter 70 cm]
3. “Leggera” 5-spoke base in polished aluminium on castors [diameter 70 cm]

Bench frame

The Zero linear benches are designed to provide a simple yet elegant solution for transit and waiting areas, and allow multiple benches to be joined in a row.

The XL seat is mounted on a support beam made from 80×50 mm square tubular steel, painted aluminium grey. Polished aluminium trestle legs.

A 2-, 3- or 4-seater bench for individual chairs, featuring a polished aluminium trestle leg and a support beam made from 80×50 mm square tubular steel, painted in aluminium grey.

Both versions can be fitted with an elegant open aluminium armrest.

Measures cm	Seat height	Total height	Width	Depth
Sled base, with or without armrests	46	80	44/57	38/51
Base for 4–5 fins, with or without armrests	42/54	76/88	44/70	38/70
XL single bench without armrests	43	78	170	38/61
XL single bench with armrests	43	78	180	38/61
2-seater bench without armrests	43	78	131	38/61
2-seater bench with armrests	43	78	127	38/61
3-seater bench without armrests	43	78	170	38/61
3-seater bench with armrests	43	78	166	38/61
4-seater bench without armrests	43	78	241	38/61
4-seater bench with armrests	43	78	237	38/61

Warranty & Safety

QUINTI guarantees that the products will retain their characteristics for 6 years from delivery, subject to normal wear and tear and provided they are used in accordance with the instructions supplied. QUINTI will replace, free of charge, any product found not to comply with this guarantee, without assuming any further liability whatsoever. The guarantee does not apply to components, external accessories or materials supplied by the purchaser and fitted to the products for the purpose of customisation. For optimal maintenance of the products and to preserve the characteristics of the materials from which they are made, a few simple precautions are necessary.

All seating products offered are SAFE in accordance with the provisions of EU Regulation 2023/988 on general product safety (GPSR), reinforced by UNI EN certifications.

The company accepts no liability in the event of improper use (standing on the product or using it as a step ladder, or subjecting it to rocking motions that could compromise its operation and the user's safety. To lift or move the product, grip the supporting structure firmly. The product must not be subjected to off-centre loads; it has been designed for use under normal conditions, supported on four legs or on the base).

Use & Maintenance

To ensure optimal care of the products and to preserve the characteristics of the materials from which they are made, a few simple precautions are required.

METALS

Cleaning: both metal surfaces (steel or aluminium) and painted surfaces should be cleaned with a soft, damp cloth soaked in warm water. For stubborn stains, a small amount of mild liquid soap may be diluted in water. Always dry the surface after cleaning with a soft cloth or chamois leather. Do not use creams or pastes to clean steel; do not use chlorine, bleach or other aggressive detergents.

We do not recommend using abrasive pastes, scouring pads or abrasive sponges, as these may scratch the metal surfaces. Use: take care with food stains such as coffee, cola and fruit juices, as these can leave permanent marks on the surfaces.
