Artists love to create.

They make drawings, prints, paintings, sculptures and other things for us to look at. They use colours, patterns and shapes and all sorts of different materials. Looking at their art can encourage us to get creative too.

Magical masks

Do you love to make things?

Create your own mask inspired by these colourful artworks from the Gallery's collection.

Cut out the shapes on the following pages and have fun decorating them!

We acknowledge the Gadigal of the Eora Nation, the traditional custodians of the Country on which the Art Gallery of New South Wales stands.
