President's foreword

It is an exciting time for the Art Gallery of New South Wales as we await the determination of the State Significant Development Application for the Sydney Modern Project, which was submitted following an extensive period of public consultation.

The project team at the Gallery have worked assiduously with the globally renowned architects SANAA to finalise the design in response to community input. I thank them, and all the Gallery's staff for their dedication to the expansion project.

On behalf of the Board of Trustees and staff at the Gallery, I thank the State Government for its ongoing support, not only for the \$244 million announced in the 2017 Budget but for the resources and expertise committed to the planning process.

The project reflects a whole-of-government commitment to New South Wales' cultural infrastructure and to enriching the community. The expansion will be a landmark building in Sydney that will greatly increase public access to art, and presents a transformative opportunity for the Gallery to become one of the world's great art museums and to continue to generate an energetic cultural hub in the Domain precinct.

The Gallery has worked hard this year behind the scenes to meet its commitment to raise \$100 million in private philanthropic contributions to the Sydney Modern Capital Campaign. I am pleased to note that we are very close to reaching this goal, with \$96 million confirmed at 30 June 2018. I thank all the supporters of what we believe is Australia's most significant ever public-private partnership in the arts sector.

This year, in addition to the wonderful benefaction committed to the new building, we received support from a generous group of sponsors, benefactors and partners to allow the Gallery to stage a series of exceptional exhibitions and provide extensive and innovative public and educational programming.

The Crown Resorts Foundation and Packer Family Foundation continue to support the Gallery through two major philanthropic grants. This year the \$1 million annual grant provided through the Sydney Arts Fund allowed the Gallery to develop a range of strategic initiatives and research. The expansion of the Western Sydney Arts Initiative into a third year and a total of \$375,000 supported the continued impact of the Art Pathways education and access program.

I thank the Art Gallery of New South Wales Foundation and other benefactors for their ongoing support for the Gallery, particularly in supporting the acquisition of new works for the state's art collection.

We enjoyed the eighth year of our partnership with Destination NSW in the Sydney International Art Series. The program continues to attract extraordinary exhibitions to this state – in 2017–18, the Dutch masters from the Rijksmuseum. I also note with gratitude the support from Destination NSW which allowed the Gallery to display *The lady and the unicorn* tapestries from Paris's Musée de Cluny.

I thank our leadership partners ANZ and Macquarie University, whose steadfast support for the Gallery enables us to present much-loved exhibitions such as the *Archibald prize* as well as learning and participation activities that enrich the public's experience and understanding of art.

Our presenting sponsors have also provided strong continued support in 2017–18. Thanks to Aqualand for *The National: new Australian art*; Herbert Smith Freehills, our legal partner and supporter of our Asian Galleries; JP Morgan for continued support of the Brett Whiteley Studio; Macquarie Group which continues to support the Australian Galleries; and UBS for ongoing support of our Contemporary Galleries.

Important sponsorship from presenting sponsor EY and major partner Singapore Airlines allowed the Gallery to transport and exhibit artworks from the Rijksmuseum for the landmark exhibition *Rembrandt and the Dutch golden age*.

Thanks also to major partners Clemenger BBDO, whose support made *Robert Mapplethorpe* possible; event partner Glenfiddich; and official hotel partner Sofitel Sydney Wentworth. Welcome and thanks to new major partners Robert Oatley Wines and The Woolmark Company.

I acknowledge our support partners Crestone and Paspaley Pearls for our Next Generation cultivation program Atelier; official paint supplier Porter's Original Paints; Valiant Events who enhance our VIP functions; Variety – the Children's Charity, our partner in the Starting With Art program; City of Sydney; and media partners Fairfax Media (SMH) and JCDecaux.

The members of the President's Council and VisAsia Council also made important ongoing contributions in 2017–18. Funds and other support provided by these groups allow the Gallery's exhibitions and programs to thrive. We also appreciate the time and valuable advice provided to us by members of these groups.

This year the Gallery commenced its Luxury Syndicate corporate membership program, and I welcome and thank the organisations who have joined us. In the first half of 2018 the Syndicate's support played a crucial role in bringing *The lady and the unicorn* tapestries to Sydney for the first time. In the latter half of the year and in 2019, the Luxury Syndicate initiative's goal is to support the Gallery's exceptional learning and participation outreach programs.

During the year we had considerable support from individuals. I note here the immense support for the Gallery from the Hon Gladys Berejiklian MP, Premier of New South Wales and our minister, the Hon Don Harwin MLC, Minister for the Arts. The Gallery is also grateful for the support of Carolyn McNally, Secretary, Department of Planning and Environment and Alex O'Mara, Deputy Secretary, Create NSW, Department of Planning and Environment.

Our Gallery is beloved across New South Wales. It could not provide its visitors with such wonderful artistic experiences and access without the sizeable contribution of its volunteers, and I thank each and every volunteer for their dedication – in many instances for decades of service.

I appreciate and acknowledge the ongoing stewardship of director Michael Brand. I thank him for all his achievements in 2018 as well as his leadership in planning and realising the Gallery's artistic and organisational future. I was delighted when Michael's contract was renewed this year and I look forward to continuing to work with him.

We are lucky to have a talented and committed Executive team and staff. Thanks go to every single one of them; through their hard work the Gallery is well placed to deliver an ever-broader suite of programming and exhibitions as it expands its physical presence as well as broadening its reach through other platforms.

Thanks also to my fellow trustees who continue to provide strategic and artistic focus to the Gallery. I acknowledge the dedication and significant expertise they have provided in leading this institution through this period of transformation. Particular thanks to vice president Mark Nelson and the other sub-committee chairs Geoff Ainsworth and Samantha Meers for their leadership and commitment to strong governance.

Director's statement

In the past financial year, the Art Gallery of New South Wales has combined unprecedented activity levels with a deep ongoing commitment to our cultural mission.

Vision

The Gallery enjoyed its highest ever attendance in 2017–18. As demand for and engagement with our collection, exhibitions and public programs continues to grow, the timeliness of our expansion is increasingly clear.

This year our Pritzker-winning architects SANAA finalised the Sydney Modern Project design, and our State Significant Development Application now awaits approval by the Minister for Planning. The design has evolved in response to community feedback, resulting in a beautifully realised art museum that is sensitive to its surrounds, where people will be able to experience art and engage with ideas through our collection, our exhibitions and our many related programs.

During the last three years of community consultation across the state, it has been heartening to engage with so many people from all walks of life, and to see the growing excitement for this once-in-a-lifetime opportunity to transform our institution for the future. We eagerly await the start of construction in early 2019, with expected completion in 2021, our 150th anniversary year.

At the same time as the Gallery has concentrated efforts on practical project milestones, the last year has allowed us to reflect on our broader goals as a leading state cultural institution. We have considered the place our expanded art museum will occupy in the future, not only physically at our Domain site but also as a key contributor to the overall cultural fabric of New South Wales and its international reputation.

The Sydney Modern expansion will not only double our art display space, allowing over two million people each year to access more works from our collection and the most exceptional exhibitions from around the globe. It will also allow us to double our education program – already one of the best attended in the world – to host 200,000 students each year.

The project will also present Sydney with a new cultural meeting place, a unique site seamlessly linking indoor and outdoor spaces. The design responds to its unique position between one of the world's most beautiful harbours and the extraordinary Royal Botanic Garden. Our visitors will be encouraged to engage deeply and personally with the works of art they encounter, in an environment they could not find anywhere else.

We have collaborated with our neighbours and stakeholders to ensure the expansion achieves the best possible outcomes for our precinct. I appreciate their strong support for the project, in particular the Royal Botanic Gardens and Domain Trust.

As a truly 21st-century building, we are committed to achieving the highest environmental and design credentials. With the goal of a five-star Green Star rating and a design that maximises and enhances green and accessible public space, we aim to set new standards for public art museums in Australia.

The project will also provide a new home for our collection of Indigenous art, located on the entrance level with the prominence we believe it deserves in the premier state's public art museum. Against this backdrop, in 2018 the Gallery was proud to announce the formation of our Indigenous Advisory Group. Comprised of Aboriginal and Torres Strait Islander leaders from across the nation, the Advisory Group will help guide the Gallery's staff as we consider the rich history of our site and our future goals.

Visitation

Visitation at the Gallery continues to be strong. Following stunning 23.7% growth in visitation in 2016–17, the Gallery continued to see increased attendance in 2017–18, with 1.4 million people attending the Gallery's main Domain site and Brett Whiteley Studio in Sydney. Including our regional touring exhibitions, total visitation reached 1.61 million, another all-time high.

Our regional touring program enables new audiences from across the state and Australasia to access the works in our collection, as well as a suite of related programs supported by our staff. In 2017–18 we toured seven exhibitions to state institutions and regional galleries in New South Wales, Queensland, Victoria and Christchurch, New Zealand. These were seen by over 200,000 visitors. Of these, more than half – 108,500 – were in regional New South Wales, an 82% increase on last year.

Looking to the future and new ways of engaging our audiences with art, the Gallery's digital presence continues to grow. The number of sessions and page views on the Gallery website grew by over 10% this year.

New media formats provide growing opportunities to enrich people's lives every day, with 41% growth in our YouTube subscribers, 32% growth in Instagram followers and a 12% increase in Facebook fans.

Works from the Gallery's art collection are showcased internationally on Google Arts and Culture; this year our pages were visited by nearly 800,000 users across 1.2 million page views.

Art collection

As one of the state's most significant cultural assets, the Gallery's art collection of 34,500 works is now worth \$1.4 billion. Our collection grows only with the support of our generous benefactors, who provide funds for all the Gallery's art acquisitions as well as providing gifts and bequests of works. This year, the Gallery added 647 artworks worth \$7.6 million.

Major acquisitions include: **Tony Tuckson**, *Four uprights, red and black* c1965, a gift of Frank Watters; **Jonathan Jones**, *barrangal dyara (skin and bones)* 2016, a gift of John Kaldor and the artist 2017; **William Kentridge**, *I am not me, the horse is not mine* 2008, a gift of Anita Belgiorno-Nettis AM and Luca Belgiorno-Nettis AM 2017; and **Kimsooja**, *Archive of mind* 2017, purchased with funds provided by the Art Gallery of New South Wales Foundation 2018. A number of acquisition highlights are showcased in the chapter title pages of this report.

Major exhibitions

The exhibition program continued to provide an exciting mix of Australian and international perspectives. Our seven major ticketed exhibitions, including *O'Keeffe, Preston, Cossington Smith: making modernism* and *Robert Mapplethorpe: the perfect medium*, were visited by over 495,000 people – approximately 50,000 more than attended paid exhibitions in the previous year.

The Sydney International Art Series exhibition, *Rembrandt and the Dutch golden age: masterpieces from the Rijksmuseum*, enjoyed strong attendance and was the result of our continuing to develop extensive strategic partnerships with leading international institutions.

Another highlight was *The lady and the unicorn*. Coupled with the French president's official visit to the Gallery, the exhibition garnered significant global media attention as well as providing local audiences with the chance to view a collection of treasures that very rarely leave France and are unlikely to again. This unique opportunity was another result of the Gallery's efforts to develop strong global working relationships.

This financial year saw portions of both the 2017 and 2018 exhibitions of the *Archibald, Wynne and Sulman prizes*. In response to public demand, in 2018 the Gallery extended the exhibition period and scheduled it earlier in the year, and the new timing received a very positive audience response.

The Gallery was proud to again partner with Carriageworks and the Museum of Contemporary Art Australia on *The National*, a biennial exhibition showcasing emerging thinking and innovation in contemporary Australian visual art. Our *Henry VR* immersive experience, developed in partnership with the University of New South Wales and Australian National University, also highlighted how innovations in art conservation can bring fresh understandings of old works.

Financial position

The Gallery continued its trend of improvements in its financial position by controlling discretionary costs and building and maintaining strong commercial revenues. Consistent with previous years, our increased revenues from ticketing and commercial activities such as venue hire, catering and retail ensured a positive net result.

Acknowledgments

The Gallery owes much to the extraordinary generosity of our benefactors. The Sydney Modern Capital Campaign's Foundation Donors – including Isaac Wakil AO and the late Susan Wakil AO, the Ainsworth family, the Lowy family, Kerr Neilson, Mark and Louise Nelson, and Gretel Packer – have ensured a landmark moment in Australian visual arts. Likewise, the support of the Crown Resorts and Packer Family Foundation has provided access to the arts for new generations across diverse backgrounds. Combined, our supporters' legacy will ensure new audiences have unprecedented access to the enrichment of art.

I wish to echo the president's acknowledgement of our many generous and loyal sponsors.

My thanks to the Executive team, comprising Maud Page, John Richardson and, in an acting capacity for part of 2018, David Antaw, for their exceptional leadership and support. The last year saw the departure of our highly respected chief operating officer, John Wicks, who has been appointed deputy director at M+ in Hong Kong. We also farewelled our director of public engagement, Jacquie Riddell, and I thank her for her significant contributions to the Gallery. Hakan Harman commenced in the role of chief operating officer on 2 October 2018, and I look forward to announcing the appointment of our new director of public engagement in the near future.

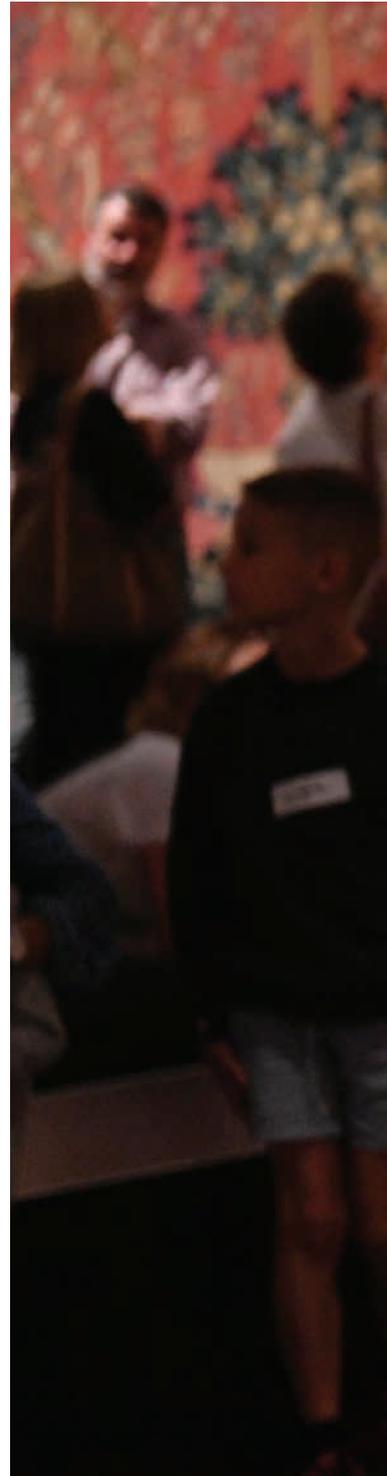

All my colleagues on the dedicated staff of the Gallery provide outstanding art experiences for the people of New South Wales and visitors from across Australia and around the world. It is an exciting time for our team and I thank them for their ongoing commitment to our vision, and for their work and planning as the Sydney Modern Project evolves.

I thank the Art Gallery Society's executive director Ron Ramsay for his marvellous support, along with that of the individual members. I appreciate the invaluable contribution of our dedicated volunteer guides, front-of-house staff, task force volunteers and Community Ambassadors, who continue to provide an outstanding experience for all our visitors.

In closing, my thanks to Board president David Gonski AC and his fellow trustees, whose guidance and support continue to make this Gallery an institution of which we can all be very proud.

The Gallery's vision to create a vibrant new cultural landmark for Sydney and NSW moved a step closer to being realised after submission of a development application and a capital campaign that is attracting unprecedented philanthropic support.

The Gallery's expansion project reached a major milestone in November 2017 with the submission of a State Significant Development Application (SSDA) for the new building.

It was the culmination of an extensive program of community and stakeholder consultation that commenced in 2015 with the announcement of Pritzker Architecture Prize-winners SANAA as the preferred architects by the Sydney Modern jury.

While working to secure philanthropic funding for the once-in-a-generation transformation, the Gallery has focused on refining the design in response to all submissions received on the development application. We have worked very closely with our key stakeholders, including Royal Botanic Gardens and Domain Trust and Roads and Maritime Services, and our neighbours and project partners to ensure the development and delivery of an internationally renowned art museum that benefits the broader precinct.

The Gallery also hosted a number of community forums and information sessions in Sydney and across the state, as well as presentations, workshops and project briefings for a variety of stakeholder groups.

The expansion will provide much-needed space to display more of the Gallery's outstanding collection and the best exhibitions from around the world, increasing visitation to more than two million people a year.

The new standalone building creates opportunities for visitors to experience an art museum in different ways with spectacular galleries and outdoor spaces including an Entry Plaza and public Art Garden, which will link the new and existing buildings through art and landscape.

As well as enhancing the experience of art, architecture and landscape in Sydney, the project will maximise and enhance public open space and civic amenity across the site through accessible roof terraces, green roofs, courtyards and an improved universal pathway.

A range of sustainability initiatives will also contribute to the Gallery achieving the highest environmental and design credentials. With the goal of a five-star Green Star rating from the Green Building Council of Australia, we aim to set new standards for public art museums.

Following extensive consultation and feedback, the Gallery lodged its Response to Submissions to the NSW Department of Planning and Environment in April 2018. Community engagement will continue until the planned commencement of construction in early 2019.

The \$344 million expansion project is one of Australia's most significant public-private partnerships in the arts. As well as the NSW Government's \$244 million funding, announced in June 2017, the Gallery is raising \$100 million in private funds. The Capital Campaign was officially launched in August 2017 and the Gallery was delighted to announce in June that \$96 million had been pledged to date. On the cusp of reaching the campaign's ambitious \$100 million target, the Gallery recognised the Building Founders, a group of donors who had each given \$1 million to support the construction of the new building.

The Building Founders join a generous community of philanthropists led by Isaac Wakil AO and the late Susan Wakil AO, whose \$20 million gift is the largest monetary donation in the institution's 147-year history, along with the Ainsworth family, the Lowy family, Kerr Neilson, Mark and Louise Nelson, and Gretel Packer, who made lead gifts of \$5 million and more.

As the project looks to its next milestones, community consultation continues to be an important part of the Gallery's exciting transformation. There will be further opportunities to be part of the conversation as the project progresses. Construction is anticipated to begin in early 2019 with the expansion due to be completed in late 2021, for the Gallery's 150th anniversary.

The Sydney Modern Project website continues to be updated with the latest information about the project, as well as news and events. The Sydney Modern Project display in the Gallery also provides visitors with the opportunity to learn more about the project and see in-progress images of the design.

Highlights of the Gallery's community consultation and engagement

Community forums with artists, university deans, Aboriginal and Torres Strait Islander communities, disability groups and a Greater Sydney Forum held at Casula Powerhouse Arts Centre.

Community information and feedback sessions that engaged close to 800 people across Sydney and NSW, including Martin Place, Chatswood, Blacktown, Fairfield, Orange, Newcastle, Wollongong and Broken Hill.

Multilingual Gallery staff supported several community sessions in Mandarin, Cantonese, French and Arabic to provide feedback from diverse audiences.

During the **SSDA public exhibition** period, the Gallery hosted several information sessions about the project and how to provide a submission.

The Gallery hosted a **presentation by SANAA** to the architecture and tertiary education community.

Exhibitions

The Gallery's Domain site hosted twenty-seven exhibitions in 2017–18, seen by 1.3 million visitors. Of these, seven were ticketed exhibitions which attracted over 495,000 visitors including major projects with the Rijksmuseum and Musée de Cluny. Key strategic partnership exhibitions included the first iteration of *The National* with Carriageworks and the Museum of Contemporary Art Australia, and participation in the 21st Biennale of Sydney.

Touring program

Between July 2017 and June 2018, the Art Gallery of New South Wales toured seven exhibitions to major state institutions and regional galleries

in New South Wales, Queensland and Victoria and internationally to Christchurch, New Zealand. These exhibitions – 2016 Archibald Prize Regional Tour, 2017 Archibald Prize Regional Tour, *Landmarks: works from the John Kaldor & AGNSW collections*, *Brett Whiteley: other places (somewhere else)*, *Close to home: Dobell Australian Drawing Biennial 2016*, *Matisse: Jazz* and *European old masters 16th–19th century* – were seen by over 200,000 visitors.

There were many highlights from these touring exhibitions. Most notably, the openings for *Landmarks: works from the John Kaldor & AGNSW collections*, a key partnership between the Gallery and the Blue Mountains Cultural Centre, at Tamworth Regional Gallery and Murray Art Museum Albury coincided with broad reaching and well-received Sydney Modern Project community consultation events. These events were attended by Gallery Trustees Gretel Packer (Tamworth) and Ashley Dawson Damer (Albury) and Gallery executives Michael Brand,

Maud Page and Jacquie Riddell. The tour of *European old masters 16th–19th century* to Hazelhurst Arts Centre was the first time those works were displayed outside of the Gallery's Old Courts, and received record attendance for the tour venue. The 2016 Archibald Prize regional tour was the first Archibald Prize to be displayed at Geelong Gallery; throughout its tour of Victoria and regional New South Wales the exhibition was well supported by participating artists through local education and public programming. *Matisse: Jazz* was displayed at Christchurch Art Gallery Te Puna o Waiwhetu with key works from their collection of New Zealand and Pacific artists.

Conservation

Two Gallery exhibitions showcased Conservation's work this year. *Henry VR* offered a virtual reality experience exploring the history, analysis and restoration of a portrait of Henry VIII in the Gallery's collection. Staff carried out conservation activities in a gallery space in *Behind the Scenes*, giving visitors an insight into the extensive work of analysing and conserving artworks.

Conservation work included assessment, research, analysis, treatment, mounting, installation and documentation. Key exhibition conservation projects included a major treatment of *Chinese Bible* by Yang Zhichao, an installation comprising 3000 Chinese diaries and notebooks; the preparation of nineteen old master paintings and their frames; and the re-fabrication of *Just like drops in time, nothing* 2002, Ernesto Neto's installation made from stocking and spices.

The Conservation Department hosted eight interns; provided fourteen tours for benefactors, students, staff and professional colleagues; gave public talks, workshops and conference papers in Australia and internationally; and provided Caring for Collection training for Gallery staff and contractors. Intern projects included the development of a conservation plan for *The outlands* 2011 by David Haines and Joyce Hinterding, a computer-generated artwork in the Gallery's collection, and cataloguing and analysis of the Brett Whiteley Studio materials archive.

Reproduction Frame Maker David Butler, a thirty-year veteran of the Gallery, retired in August. His

successor, Tom Langlands, was trained by David over four years with the generous funding of the Nelson Meers Foundation and the Clitheroe Foundation.

Generous donations from Conservation Benefactors and other donors made several treatment projects possible this year. Dick Watkins' painting *October* 1967 was treated in preparation for loan. Treatment of Brett Whiteley's iconic outdoor sculpture *Almost Once* 1968, 1991 was undertaken to stabilise and protect the sculpture. Treatment was completed for the frame of Thomas Miles Richardson Jnr's *Eagle Crag and Gate Crag, Borrowdale, Cumberland* 1875, the first commissioned artwork in the Gallery collection. A large and significant collection of prints by Sydney Ure Smith, a leading figure in Sydney's etching revival in the early 1900s, also received treatment.

RESEARCHERS ASSISTED

Exceptional gifts were received this year, including the personal archives of Robert Klippel, Lloyd Rees, Sydney Ball and Rayner Hoff, the business archives of the Ray Hughes and Stills Gallery, and the research archives of Professors John Clark and Donald Horne. Alan and Jancis Rees also generously donated \$50,000 to assist with the cataloguing and digitisation of the Rees archive.

The Gallery's rich archival holdings were a focus of the 2018 Biennale of Sydney, with three rooms of archival display organised by librarian Claire Eggleston and curator Lisa Catt.

Steven Miller, the head of the National Art Archive and Capon Research Library, was elected to the international council of art libraries as representative for the Asia-Pacific region.

During the year, 4626 researchers used our resources onsite, with another 1200 enquiries answered online or by phone. An average of half an hour is spent on each online request. Statistics reveal that 25% of online enquiries come from Greater Sydney, 20% from regional New South Wales, and the remaining 55% from interstate and overseas.

Prints, Drawings and Photographs Study Room

The Prints, Drawings and Photographs Study Room stores the Gallery's collection of works on paper. It is increasingly recognised as an important resource for diverse educational and interest groups, with repeat visits from universities, TAFE, colleges, community art centres, artist workshops and secondary schools. International and Australian visitors included artists, benefactors, museum and gallery professionals, art historians, collectors, art and design students, artists' descendants, film-makers, writers and musicians, and curious members of the public.

Interdepartmental staff collaborations expanded the Study Room usage to outreach and access programs including partnerships with ICE and Studio A, Starting with Art programs, Art Pathways program and Djamu Indigenous Art program.

Study Room staff completed the Australian inventory sighting 10,438 works, processed 224 new acquisitions, managed the preparation of 173 works for display within the Gallery, seventy-eight works for touring exhibitions, and ninety-two works for twenty-two loans to local and interstate venues.

The Photography Studio undertook work for major exhibitions including *Rembrandt and the Dutch golden age: masterpieces from the Rijksmuseum, The lady and the unicorn, John Russell: Australia's French impressionist, Mikala Dwyer: a shape of thought, Dobell Australian Drawing Biennial 2018 and Unpainting. Extensive photography and videography of the Anglo-Netherlandish workshop King Henry VIII c1535–c1540 painting exhibition was undertaken in conjunction with the Henry VR project. New photography of Collection works was undertaken for the Tuckson: the abstract sublime, Out of the ordinary: works from the ARTAND Emerging Artist Collection, Something living, Pat Brassington: the body electric, Glen Mackie and Daniel O'Shane and Mervyn Bishop exhibitions.*

The Studio photographed all works exhibited in the *Archibald, Wynne and Sulman prizes* for catalogue, media and web purposes: 104 works in July 2017 and 120 works in April 2018. The Studio also photographed fifty-two Young Archie artworks in 2017 and fifty-four in 2018. High-resolution images and film were compiled for *The Archibald Prize* documentary in 2017.

The Studio photographed Gallery programs including Art Pathways for primary and high school students, Art After Hours and the Disability Inclusion Access Plan programs. The Studio also participated in the *Behind the Scenes* display in the major exhibition gallery, where the team photographed large artworks and complicated installations of new acquisitions and previously undocumented works in public view.

The Photography Studio sourced, colour-checked and provided 1079 high-resolution images for 320 external image sales requests, including over 500 Brett Whiteley works from the Whiteley estate for a catalogue raisonné.

The generous donation from Elisabeth and Phillip Ramsden of a medium format Leica-SL 75 mm lens allows the Studio to photograph exhibitions and archival material in the Gallery holdings.

Brett Whiteley Travelling Art Scholarship 2017

Sally Anderson, 27, from Surry Hills, NSW, won the 2017 Brett Whiteley Travelling Art Scholarship for her body of work, highlighted by her painting *Dilling's Bromeliads with Gullfoss Falls* 2016. Ten finalists were selected from 131 entries and judged by Australian painter, Ildiko Kovacs. A selection of finalists' works was exhibited at the Gallery from 13 October to 19 November 2017.

Now in its 19th year, the Scholarship was established by the artist's mother, the late Mrs Beryl Whiteley, who generously made funds available to continue the legacy. It is open annually to young Australian painters aged between 20 and 30 years. The winner is awarded \$40,000 (increased in September 2017 from \$30,000) and a three-month residency at the Cité Internationale des Arts in Paris, administered by the Gallery, and three months to travel anywhere in Europe.

Education programs

The Brett Whiteley Studio provided education programs (discussion tours and drawing workshops) on Wednesdays and Thursdays for 1247 students and self-guided visits for 411 interstate and regional students from Friday to Sunday.

Public programs

The Studio holds quarterly six-week drawing courses and monthly Sydney Poetry sessions. In May, special additional Sydney Poetry events were hosted in association with Sydney

Writers Festival. Classical Sundays are held monthly from March to November, with a musical repertoire including contemporary and classical composers and an ensemble of flute, clarinet and guest musicians performing harp, marimba, violin, cello and oboe.

Communications and learning resources

An exciting digital educational resource, the *Brett Whiteley Art Board*, was launched in May 2018. It has had 2971 page views since 22 May 2018.

The Studio website received 84,053 page views in 2017-18. The most viewed Whiteley works in the online collection were *Self-portrait in the studio* 1976, with 9412 page views and *The Balcony 2* 1975 with 5266 page views. The Brett Whiteley artist page had 9366 views.

The Brett Whiteley Studio Artmail e-newsletter is distributed three times a year with Studio news, exhibitions and events with over 4223 subscribers. The Studio's Facebook page provides regular news, conversation and content about Whiteley, and schedules of events for 6508 followers. The Brett Whiteley Studio Instagram has 4675 followers.

Special events

Australian graffiti artists DabsMyla were filmed in the Studio responding to Brett Whiteley artworks for ABC iView series *The Wanderers*, which first screened on ABC television in July 2017.

A feature-length documentary *Whiteley* received four AACTA documentary awards in December 2017: Best Director, Best Editing, Best Original Score and Best Sound. It aired on ABC TV on 10 June 2018 and is available on ABC iView.

Eight short film vignettes which depict the Studio's behind-the-scenes work were launched in May 2018. Available on the Gallery website, the vignettes outline the processes of archiving, conservation, curating and installing exhibitions. They were developed in collaboration with the Studio, the Gallery and Felicity Blake of Northern Pictures Impact.

Cult Australian fashion brand Aje collaborated with the Studio and Wendy Whiteley on a line of women's clothing inspired by selected Whiteley artworks. The runway show was staged in Wendy Whiteley's Secret Garden in May 2018.

Brett Whiteley Studio Foundation Chair, Sam Meers, initiated The Brett Whiteley Studio Benefactors Dinner at the Studio in March 2018. The success of the dinner has enabled ongoing

financial support for the Studio's public programs and outreach as well as archival and conservation work and further cataloguing of works.

The Gallery is grateful for the generosity of the initiative's founding donors: Tim Fairfax AC, Philip Bacon AM, Ian Darling AO and Min Darling, John Leece AM and Anne Leece, the Nelson Meers Foundation, Justin Miller, Steven Nasteski, Mark and Louise Nelson, Gretel Packer, Eleonora and Michael Triguboff, Patrick Corrigan AM, Robert Gould and David Kent.

Art prizes

Archibald Prize

First awarded in 1921, the Archibald Prize is awarded annually to the best portrait, 'preferentially of some man or woman distinguished in art, letters, science or politics, painted by any artist resident in Australasia'. This open competition is judged by the trustees of the Art Gallery of New South Wales. Although it is a non-acquisitive prize, several of the entries are now part of the Gallery's collection. The \$100,000 Archibald Prize 2017 was awarded to Mitch Cairns for his portrait of Agatha Gothe-Snape. The Archibald Prize 2018 was awarded to Yvette Coppersmith for *Self-portrait after George Lambert*.

The Packing Room Prize is awarded by the Gallery staff who receive entries for the Archibald Prize. In 2017, the prize was awarded to Peter Smeeth for his portrait of Lisa Wilkinson. In 2018, the winner was Jamie Preisz for his portrait of Jimmy Barnes.

The People's Choice was awarded in 2017 to Ahn Do for his portrait of Jack Charles; the 2018 winner was Anne Middleton for her portrait of Guy Pearce.

Wynne Prize

The Wynne Prize is awarded annually for 'the best landscape painting of Australian scenery in oils or watercolours or for the best example of figure sculpture by Australian artists'. The prize of \$50,000 was awarded in 2017 to Betty Kuntiwa Pumani for *Antara*, and in 2018 to Yukultji Napangati for *Untitled*.

In 2018, thanks to the generous support of the Roberts family, a new annual acquisition fund of \$40,000 was allocated towards Aboriginal and/or Torres Strait Islander artworks from the Gallery's Wynne Prize. Acquisitions are to be approved by the Board of Trustees.

Trustees' Watercolour Prize

Entries in the Wynne Prize are also eligible for the Trustees' Watercolour Prize. Trustees awarded the 2017 prize to John Murray for his watercolour on paper *Bellinger River, Thora* and the 2018 prize to Phillip Edwards for his watercolour and mixed media on paper *Glory be, water tree*.

Sir John Sulman Prize

The Sulman Prize is awarded for the best subject painting, genre painting or mural project by an Australian artist. In 2017 the prize of \$40,000 was judged by Tony Albert and awarded to Joan Ross for her painting *Oh history, you lied to me*. In 2018 the prize was judged by Angela Tiatia and awarded to Kaylene Whiskey for her painting *Kaylene TV*.

The Roberts Family Aboriginal and Torres Strait Islander Prize

Established in 2018, the Roberts Family Aboriginal and Torres Strait Islander Prize is an annual prize of \$10,000 to be awarded to an Aboriginal and/or Torres Strait Islander artist for a work entered in the Wynne Prize. In 2018 the prize was awarded to Wawiriya Burton for *Ngayuku ngura (my country)*.

Young Archies

Budding artists between the ages of 5 and 18 were invited to submit a portrait for the Gallery's Young Archie competition, as part of the Gallery's family-focused activities for the *Archibald, Wynne and Sulman prizes* exhibition. The portrait is to be of 'a person who is special to you – someone who is known to you and plays a significant role in your life'.

Artist Abdul Abdullah was guest judge for the annual children's Young Archie competition in both 2017 and 2018. The competition continues in its popularity with over 3650 entrants across the two years, many of them entering for a second or third time. Increased media attention and support from presenting partner ANZ has also positively impacted the popularity and community interest in the competition.

Publishing

2017–18 was a busy year of publishing and developing new titles. The thirst for all things related to the Archibald Prize was satisfied with the sixth edition of *Let's face it: the history of the Archibald Prize*, and the Gallery published books with each of the Archibald Prize exhibitions which fell in the same financial year. In response to visitor demand, we also published a new souvenir book showcasing the Gallery and its history.

The catalogue for the summer show *Rembrandt and the Dutch golden age: masterpieces from the Rijksmuseum* proved popular with visitors, selling out by the end of the exhibition.

Unpainting was the third in the contemporary collection project series; we also published the first in a new series on mid-career artists with *Mikala Dwyer: a shape of thought*, to be followed in 2018 with *Nonggirnga Marawili: from my heart and mind*, designed to live on beyond their associated exhibitions.

The development and production of a major publication – *John Russell: Australia's French impressionist* – for July 2018 was a key focus during 2017–18.

This year marked the creation of the Gallery's Indigenous Advisory Group. Among other important roles, the Advisory Group is working with staff to develop the Gallery's Indigenous Action Plan for final approval by the Gallery Trustees.

The Advisory Group will provide the Gallery with advice on cultural policy and protocol and reflecting the needs and interest of Aboriginal and Torres Strait Islander artists and communities. It will also provide guidance on supporting staff working in Aboriginal and Torres Strait Islander art, and assist in achieving the Gallery's ambitious vision in the Sydney Modern Project transformation.

The Advisory Group was first convened on 13 March 2018 and met for the second time on 7 June 2018. Chaired by Tony Albert (Kuku Yalanji, QLD), the Advisory Group's membership also includes Uncle Charles (Chicka) Madden (Gadigal Elder, NSW); Uncle Allan Madden (Gadigal Elder, NSW); Hetti Perkins (Arrente/Kalkadoon, NT/QLD); Wesley Enoch (Noonuccal Nuugi, QLD); Stephen Gilchrist (Yamatji, WA); Jason Glanville (Wiradjuri, NSW); and Rachel Piercy (Murrawarri, NSW/QLD).

Talks and lectures

Guest directors

Among our many engaging speakers in 2017–18, several leading museum directors joined Michael Brand for stimulating conversations, including Taco Dibbits (Rijksmuseum, Amsterdam), Neal Benezra (San Francisco Museum of Modern Art) and Glenn D Lowry (Museum of Modern Art, New York).

Other speakers included UK artist Tracey Emin, Musée de Cluny director Elisabeth Taburet-Delahaye and Rembrandt scholar Stephanie Dickey. Papers from a symposium on art and philosophy, co-produced with University of Adelaide, will soon be published in an international peer-reviewed journal including commentary from Gallery staff on the symposium's innovative symposium delivery method, taking place entirely in the gallery space in a dialectical and conversational format.

Sydney Asian Art Series

The Sydney Asian Art Series is an initiative presenting leading international voices on early, modern and contemporary Asian art. This three-year series of talks and events is co-presented by the University of Sydney's China Studies Centre, The Power Institute and VisAsia, with support from the Art Gallery of New South Wales and Sydney Ideas. In 2017–18, the Gallery welcomed four scholars working across Asian art history, addressing themes of the contexts for art production and transculturalism across the continent and beyond. Saloni Mathur, professor of modern and contemporary South Asian art, University of California, Los Angeles, spoke about the radical stakes of contemporary Asian art. David J Roxburgh, Prince Alwaleed Bin Talal Professor of Islamic Art History, Harvard University, presented a lecture on the art of 19th-century Iran, as well as joining Michael Brand and

Khadim Ali for a discussion about the calligraphic and illustrative traditions of the 10th-century Persian poem, *Shahnameh (Book of Kings)*. Winnie Wong, Associate Professor of Rhetoric and History of Art at the University of California, Berkeley, presented her work on 19th-century Chinese export artist Lam Qua, whose portraits drew from eclectic sources in European art history. And finally, Ajay Sinha, Professor of Art History, Asian Studies and Film Studies programs at Mount Holyoke College, USA, delivered a lecture on the transcultural exchanges of Indian dancer Ram Gopal and American photographer Carl van Vetchen.

Learning and participation

Public programs

The Gallery's public programs have continued to evolve and diversify this year, engaging over 40,000 visitors with art, culture and ideas.

Our flagship program **Art After Hours** celebrates its 15th anniversary in 2018, making it one of the longest-sustained night-time museum programs in the world. This year was enriched by creative partnerships with the Sydney Gay and Lesbian Mardi Gras, Vivid Sydney, Vice magazine and others.

Performing and visual arts again united in two in-exhibition productions. **Rembrandt live**, produced with the Australian Brandenburg Orchestra for the Sydney Festival, attracted capacity audience and glowing reviews. With Red Room Poetry and Sydney Writers Festival, the Gallery presented **Poetic threads**, intimate and powerful performances by three diverse Australian poets, Mirrah, Candy Royalle and Scott Wings, responding to *The lady and the unicorn* tapestries.

Practising artists led many of our programs, especially during the **Biennale of Sydney**. Hands-on workshops, from drawing to tapestry, responded to audience demand for tactile experiences in a digital world. Weekly **Recollections talks** invited artists, academics and gallery staff to reflect on one work of art that inspires them.

The Gallery launched **Art in mind**, which brings meditation and mindfulness techniques to the experience of looking at art. The sell-out monthly sessions and occasional deeper courses are having profound impacts on participants, signifying art's power to enhance our lives and wellbeing.

Community engagement

The Gallery aims to be at the forefront of community engagement and programming. Our programs ensure all audiences, irrespective of cultural background and economic situation, have access to art through deep engagement opportunities and feel welcomed and represented within the Gallery and the community.

In 2017-18 several new partnership programs were designed by, for and with the community. These included an **art-making program** for people at risk of homelessness, working with Artspace and the Ozanam Learning Centre in Woolloomooloo, and a pilot poetry writing program, **Fool's Gold**, in partnership with Outlandish Arts, the State Library of NSW, UTS and Big Fag Press for people with mental illness.

The Gallery started a two-year partnership with **Information and Cultural Exchange (ICE), Parramatta** in July 2017, including a program for new migrant and refugee families, mentorships for musicians on the autism spectrum, and a youth digital engagement program.

Western Sydney-based disability organisation Front Up (led by Ability Options) continued to work with the Gallery on their flagship program **Emerge**, mentoring and engaging over 30 artists with disability over a four-month period. In July 2017, the Art and Dementia '**Arts Engagement for Liveable Communities**' project with UTS and the Black Dog Institute began with over 50 people participating in artist-led art-making experiences. Access producer Danielle Gullotta presented research findings as part of Dementia Awareness Month in September alongside Emeritus Professor Steven Sabat from Georgetown University, USA and Dr Gail Kenning from UTS.

In late 2017, the Gallery began **RAW**, a new two-year youth program where artists Tom Polo, Marian Abboud and Miranda Samuels ran workshops in Woolloomooloo. The program was developed in partnership with Artspace, Save the Children and the City of Sydney, including a \$80,000 City of Sydney grant.

The Gallery's **Disability Inclusion Action Plan 2017-20**, launched in November 2017, reinforces our commitment to the inclusion and representation of people with disability. The disability-led plan was developed in consultation with disability advocate Sarah Houbolt and Accessible Arts. Training for all front-of-house staff, including volunteers and security, was rolled out in 2018.

An **Indigenous Action Plan** is being developed to reflect the Gallery's commitment to supporting and celebrating Aboriginal and Torres Strait Islander people, perspectives and cultural practices; an advisory committee was set up in 2018. In July 2017, archivist Shari Lett and programs producer Amanda Peacock presented the Gallery's Djamu program at the World Indigenous People's Conference in Canada.

Education

The Gallery seeks to inspire the next generation of artists and art lovers by providing creative learning opportunities for students and teachers across the state. Over the past year, the Gallery expanded its partnerships with Western Sydney and regional art galleries, community organisations and schools enabling increased participation for those living outside of metropolitan Sydney. As a result, 49% of all education audiences in 2017–18 were from Western Sydney or regional New South Wales.

The Gallery's **Art Pathways Plus** program developed flagship education partnerships with Casula Powerhouse Arts Centre and Campbelltown Arts Centre. The groundbreaking regional outreach education program, **Home: Aboriginal art from New South Wales**, developed in partnership with The Arts Unit, Department of Education NSW and regional galleries expanded to reach twenty-four schools in Wiradjuri country and Kamilaroi country and based at regional galleries in Wagga Wagga, Western Plains, Albury and Tamworth.

An innovative **Brett Whiteley digital learning resource** was launched in collaboration with Northern Pictures and Good Pitch, producers of the award-winning documentary *Whiteley*. This dynamic digital portal uses the innovative Art Boards platform, developed by the Gallery's Digital Engagement team, allowing users to self-navigate through rich content about the art and life of Brett Whiteley. It includes learning strategies developed by teachers for teachers.

An exciting new youth collective was launched in February 2018, empowering young people to develop programs for their peers. In partnership with Macquarie University, eighteen people aged 15–24 years were chosen from across Sydney and outer metropolitan areas. The inaugural **Youth Collective** has launched the FOMArt (Fear of missing ART) program that takes place monthly in the Gallery and, at times, at outer metropolitan art centres.

Visitor experience

The Visitor Experience team's best-practice customer service standards continue to enrich onsite visitation. **Gallery Hosts** maintain a welcoming message across front-of-house operations such as ticketing, information, and at exhibition entrances. The team has also played an important role in enhancing visitor experience through experimental projects such as *Henry VR*.

The Visitor Experience team relies on **ongoing volunteer support** to engage audiences with quality interpretation through the volunteer guide programs, and assist with learning and participation programs. During the year between 130–150 volunteer guides and 130 task force volunteers collectively gave over 25,000 hours to the Gallery to enhance the quality of visitors' experience and support in a range of tasks.

The Gallery continues to draw on audience research to transform the visitor experience and initiate new projects in readiness for Sydney Modern Project.

Audio Experience Platform

The Audio Experience Platform aims to create consistent, scalable and varied audio experiences for visitors, developed in conjunction with service design experts Meld Studio and audio experts Art Processors. Stage 1, launched in July 2018 with the 'John Russell Audio Experience', was created in conjunction with the exhibition *John Russell: Australia's French impressionist*.

The Gallery continues to develop internal capabilities as it transforms into an art museum for the 21st century, coinciding with the opening of the Sydney Modern Project in 2021.

Digital for exhibitions

The lady and the unicorn

The lady and the unicorn exhibition featured a discovery room with touch screens that provided visitors with the opportunity to get closer to the detail of each tapestry from the front and the back. There were also two touch screens for children, showing the animals that could be found by looking closely at each of the six tapestries.

Rembrandt and the Dutch golden age

A suite of digital content was produced to support the summer show *Rembrandt and the Dutch golden age*, including an online feast of materials on golden age art, fashion, food and religion, plus a beautifully animated video explainer revealing just what made Dutch art from this period so special or what made it a 'golden age'.

Robert Mapplethorpe

The Mapplethorpe digital resource extended the story of Robert Mapplethorpe with tales of New York, photography, his friendship with Patti Smith and his political legacy.

2017 and 2018 Archibald, Wynne and Sulman prizes

Due to the 2018 Prizes being held earlier than usual, there were two *Archibald, Wynne and Sulman prizes* this financial year. There were 2154 entries submitted online for the *Archibald, Wynne and Sulman prizes* in 2017, and 2174 entries for 2018.

Online entry allows immediate access to statistics on the gender, location and other demographic information of all entrants and sitters, for use by the Gallery's communications team and other interested media.

The Gallery also presented digital Art Sets; children's labels and exhibition trail; education resources; and examinations of Indigenous finalists, women winners across the Archibald's history, and subjects by background.

2017 and 2018 marked the second and third years offering Archibald Prize finalist labels in audio and auslan format for ACCESS audiences.

Whiteley digital learning resource

The Gallery launched the first digital learning resource on artist Brett Whiteley, using the Art Board template to deliver a media-rich self-directed learning experience for secondary students and lifelong learners.

Strategy and planning

A high-level digital strategy for Sydney Modern Project was developed over the past year, outlining the digital opportunities and challenges that come with an expansion of this scale.

A digitisation specialist is working with the Digital Engagement team and internal stakeholders to assess the current state of digitisation at the Gallery and research best practice. This will be developed into a gap analysis to identify needs and a roadmap to inform the gallery's future direction.

Planning is well underway to deliver a new responsive and visually rich Art Gallery of New South Wales website. The new website is planned to launch three to six months before the Gallery's expansion opens.

Overall online visitation

Visitation to the Gallery's website (including our mobile site) for this year was 4,092,908 sessions (+11%), 2,919,886 users (+9%) and 14,841,000 page views (+12%). The highest number of sessions for any one day was 56,755 on 20 July 2017 when the winners of the 2017 Archibald, Wynne and Sulman prizes were announced.

This year, the most visited part of the site was the prizes database online showcasing the finalists and winners throughout the years of the Archibald, Wynne and Sulman prizes and the Dobell Prize for Drawing (27%), followed by the collection online (19%), exhibitions (13%), calendar (5%), education including *Inside ARTEXPRESS* (5%) and the Gallery Shop online (4%). The homepage received 5% of the traffic.

Eighty-two per cent of all online visitations are from Australia, with 73% of these from New South Wales. The percentage of website users accessing the Gallery's website via mobile devices (mobile or tablet) reached 52% this

year, making this the first year that content was accessed (and viewed) more frequently using mobile devices than on desktop computers.

The most popular artists (by profile page views rather than number of works) were Tracey Moffatt, Albert Namatjira, Tom Roberts, Sidney Nolan, Brett Whiteley, Margaret Preston, Jeffrey Smart, Rosalie Gascoigne, Margaret Olley and Lin Onus.

Visitation to the Gallery's pages on Google Arts & Culture (which includes 624 works from the Gallery's collection) for this year was 775,393 users (+66%) and 1,196,361 page views (+55%). Interestingly, the audience accessing the Gallery's pages on Google Arts & Culture is predominately an international audience (96%) compared to the much smaller percentage of international visitors that accesses the Gallery's website (18%).

Social media

Social networking continues to grow in importance and activity levels, demonstrating strong interaction, sharing and communication with an extremely engaged audience. Instagram remains the fastest growing channel, with 32% growth in followers over the last twelve months.

The Gallery's growth on social media can be attributed to the high-quality, engaging and interactive content shared across these channels, with an increased investment in content creation and amplification of posts.

Film

The Gallery's free weekly film program continued to grow, attracting record attendance of 40,299 in 2017–18. Each Wednesday and Sunday, audiences had an opportunity to enjoy four major thematic and retrospective film seasons. These included a series of British gothic horror cinema ('Straightlaced and Scandalous') and a sold-out season of Chinese cinema ('Starburst'), which heralded the Gallery's ongoing commitment to showcasing Asia-Pacific moving-image culture. Other highlights included the premiere of Isaac Julien's recently restored classic of black queer cinema, *Looking for Langston* 1989, with the artist in attendance, and a series of silent film events with live accompaniment by emerging Sydney musicians. In 2017–18, the film program maintained its partnerships with the Sydney Film Festival, Japan Foundation and the Documentary Australia Foundation. The Gallery expanded its commitment to developing into an internationally renowned space for screen culture in Sydney, a UNESCO City of Film.

Corporate partners

The Gallery is able to present inspiring exhibitions, programs and initiatives due to the outstanding and committed support of its family of sponsors and partners. These organisations share the Gallery's commitment to the vibrancy of culture in Sydney and are a vital part of our vision for the future.

We gratefully acknowledge the support of all our sponsors and partners, who enabled us to raise \$5.731 million cash sponsorship and \$589,000 of in-kind support in 2017-18.

Sponsorship retention remained high thanks to our loyal corporate partners and the inclusion of several multi-year sponsorship agreements which increase financial stability for the Gallery.

This year marked the eighth year of the Sydney International Art Series, an ongoing partnership with Destination NSW to bring the world's most outstanding exhibitions to Australia. The Gallery acknowledges the support received from the NSW Government through Destination NSW. Destination NSW's support also enabled *The lady and the unicorn* tapestries to travel from the Musée de Cluny in Paris to Sydney for the first time.

Our leadership partners **ANZ** and **Macquarie University** have enabled the Gallery to present exciting and important exhibitions and programs such as the *Archibald Prize* and Learning and participation engagement activities. Valued sponsorship from **EY** and **Singapore Airlines** allowed masterpieces from the Rijksmuseum to travel to Sydney for *Rembrandt and the Dutch golden age*.

We welcome and thank our new partners **Robert Oatley Wines** and **The Woolmark Company**.

Thanks also go to our presenting partners: **Aqualand** for its continued support; **Herbert Smith Freehills**, our Asian Galleries partner and legal partner; **JP Morgan** for its ongoing support of the Brett Whiteley Studio; **Macquarie Group** for its commitment to Australian art; and **UBS** for its continued connection with our Contemporary Galleries. Thanks also to official media partners **Fairfax Media (SMH)**, **JCDecaux** and official hotel partner **Sofitel Sydney Wentworth**.

In February 2018, the Gallery launched an expansion into the luxury brands sector. The **Luxury Syndicate** is a new corporate membership program offering prestige brands the opportunity to demonstrate their commitment to the arts and cultural sector.

We thank our generous and loyal supporters: **Clemenger BBDO** for its support of *Robert Mapplethorpe*; **Crestone** and **Paspaley Pearls**, attached to our Next Generation cultivation program, **Atelier**; **Porter's Original Paints**, our official paint supplier; **Valiant Events** for enhancing our unique VIP events; **Variety – the Children's Charity**, for supporting our Starting with Art program; and **City of Sydney**.

The Gallery also receives substantial support from members of the **President's Council** and **VisAsia Council**. The funds raised by these bodies sustain many of the Gallery's programs, particularly the Exhibitions program. Council members also provide a vital source of business expertise and advice and we are extremely grateful for their enthusiastic and loyal support of the Gallery.

Partnership with the Gallery provides opportunities for the corporate community to imaginatively and creatively build their brand identity and to engage with their clients in a way that sets them apart from their competitors. The Gallery's position as a cultural icon, presenting world-class exhibitions and cultural events, allows us to create valuable and lasting partnerships.

With an exciting program of upcoming exhibitions, community and education initiatives, and strategically tailored partnerships, there has never been better time to be involved with the Gallery.

Art Gallery of New South Wales Foundation Acquisition Program

The Art Gallery of New South Wales Foundation continues to raise funds to support the Gallery's acquisition program. Its policy is to invest its capital and use the income to purchase works of art for the Gallery's permanent collection.

The Foundation has over \$63 million in funds under investment. With the income from these investments the Foundation has to date acquired 39 major works for the collection. Most of these works were funded exclusively from Foundation income, however, in recent years with the price of the major Gallery acquisitions being in the many millions, funding is often a combination of Foundation and other sources, such as bequest funds and targeted fundraising.

The most recent work acquired solely with funds from the Art Gallery of New South Wales Foundation was Kimsooja, *Archive of mind* 2017. This participatory installation with clay, wooden table and stools, and a sixteen-channel soundtrack, was purchased in 2018.

The Foundation publishes its own bi-annual newsletter and a bi-annual e-newsletter, which contain details of recent acquisitions, arts-based activities and events, a listing of new patrons and a financial summary. A copy of the Foundation's financial reports is also available on the Gallery's website: www.artgallery.nsw.gov.au/about-us/corporate-information/annual-reports/foundation/

Collection benefactors and other support groups

Many Gallery departments have their own support group which raises funds either for their collection or for special projects. Patrons of all groups who pledge a minimum commitment

of \$1800 per year for four years are deemed to be patrons of the Foundation and are entitled to have their names listed on the Foundation's honour board for the duration of their support or as otherwise agreed. From 2016, \$300 of every \$1800 donation is directed to the Foundation's endowment fund and the balance of \$1500 is directed to the donor's area of choice.

Examples of works acquired in whole or in part with collection benefactor groups' funds last year include:

Aboriginal Collection Benefactors
Mumu Mike Williams, Willy Muntjantji Martin and Sammy Dodd, *Ngura (Country)* 2017

Contemporary Collection Benefactors
Mikala Dwyer, *The divisions and subtractions* 2017

Australian Prints, Drawings and Watercolours
John Nixon, *Suite of ten untitled collages* 2012–17

In addition to acquisitions, benefaction has enabled the Gallery to stage once-in-a-generation exhibitions. *The lady and the unicorn*, a highlight of 2017–18, received significant private support from the following patrons: Principal patron Hon Ashley Dawson-Damer AM; and Supporting patrons Bernard Le Boursicot OAM and Linna Le Boursicot, Joan Clemenger AO, Peter Clemenger AO and Martin Dickson AM.

Bequests

The Gallery's acquisition programs have again received considerable support through bequest funds, most notably from the estate of Wendy Barron, which funded works for the Australian and Aboriginal art departments; from the estate of Annie Douglas, in the name of Mollie Douglas, which funded the acquisition of ceramic works of Anne Dangar; from

the estate of Roger Pietri, which funded the acquisition of works for the Asian collection; and from the estate of Gil and Shay Docking, which funded works for the Australian Prints, Drawings and Watercolours department.

Two major bequests were received in 2017–18: the first was \$1.438 million from the estate of Margarita Zaneff and the second was \$1.035 million from the estate of Peter L Binnie.

Recognition

Donors of both art works and cash, and supporters who have pledged a bequest to the Gallery or to the Foundation, are generally offered acknowledgement through membership of the Foundation and are invited to have their names included on the Foundation's honour board in a category and for a length of time commensurate with their gift. They are also invited to Foundation events. Donations to the Gallery and the Foundation are tax deductible.

- Sydney Arts Fund (\$1 million annual grant over ten years), which supported gallery-wide strategic initiatives aligned with the Gallery's expansion

totalling \$375,000), which enabled the delivery of the Art Pathways Plus program to build enduring relationships between the Gallery (staff and resources) and teachers, students and art centres in Western Sydney.

Other philanthropic grants were also received from:

Gordon Darling Foundation for a Darling Travel Grant for staff international travel

Copyright Agency Cultural Fund supported the development of resources for the HOME project

Campbell Edwards Trust supported the Djamu Aboriginal student mentoring program

Art Gallery Society

The Art Gallery Society's proud and significant history of supporting the Art Gallery of New South Wales dates to its formation in 1953. It is an independent body whose purpose is to provide a range of services and programs to members and to support the Gallery.

In 2017-18 the Society's vibrant programs and exclusive benefits attracted 18,785 memberships representing 28,040 members.

The Society delivered 454 diverse member events attended by 43,842 people. Many of these supported the Gallery's exhibition program, ranging from talks and lectures to workshops, concerts and tours. Highlights included the always-popular Art Appreciation lectures, Resonate and Jazz at the Gallery concert series, and exclusive member parties. The task force volunteers continued to assist with Society and Gallery events and activities, contributing a total of 14,117 hours.

Society members donated \$292,800 to acquire Charles Conder's significant work *Rainy day* 1888, an exceptional addition to the Gallery's collection which will remain on permanent display. The Society again supported the Art After Hours program with a major contribution of \$250,000 to ensure Wednesday evenings continue to be an energised gathering of thousands of new and regular visitors, embracing stimulating programs and exhibitions.

Look magazine continued to be a key benefit for and connection to members, offering an insider's view of the Gallery, exhibitions and events. As well as the 84-page bi-monthly publication, members also received the eight-page 'what's on' calendar, *At the Gallery*.

World Art Tours continue to grow. In 2017-18 the program included twenty tours to destinations including the Caucasus, Uzbekistan, Bhutan, Jordan, Morocco, Madrid, Tokyo and the Setouchi Islands, St Petersburg and Eastern Italy. Highlights included the sold-out Elbe Art and Music River Cruise, from Berlin to Prague, plus Hamburg and Vienna.

This year we acknowledged Sir Laurence Street who sadly passed away. Sir Laurence's father, Sir Kenneth Street, established the Art Gallery Society in 1953.

Gallery employees

Women represent 66% of Gallery employees, an increase of 1% from last financial year. This percentage continues to surpass the NSW Public Sector benchmark of 50%. Women also represent 40% of the Gallery's Executive team and the representation in the Leadership team is 67%.

Cultural diversity

This year 33% of Gallery employees indicated that their first language spoken as a child was not English and 8% of employees identify as coming from a racial, ethnic or ethnic-religious minority group. Many employees who speak community languages assist other staff and visitors as well as earning a Community Language Allowance. As at 30 June 2017 the Gallery had staff officially able to offer assistance in community languages such as Hindi, Polish, Italian, French, Mandarin and Indonesian. An annual calendar of significant religious and holy days was circulated to all supervisors to enable scheduling of employees' commitments to meet their religious obligations.

Indigenous employees

Aboriginal and Torres Strait Islanders represent 1.3% of the Gallery's workforce which represents a slight decrease from last financial year. We are still below the NSW Public sector employment target of 2.6% but continue to work on strategies including the recruitment of many new Aboriginal artists educators.

Parliamentary Annual Report tables

Trends in the representation of workforce diversity groups

Workforce diversity group	Benchmark	2016	2017	2018
Women	50%	63.7%	64.8%	65.9%
Aboriginal and/or Torres Strait Islander people	3.3%	1.7%	1.4%	1.3%
People whose first language spoken as a child was not English	23.2%	10.9%	37.6%	33.2%
People with a disability	5.6%	0.6%	1.9%	2.2%
People with a disability requiring work-related adjustment	N/A	0.6%	1.9%	0.4%

Note 1: The benchmark of 50% for representation of women across the sector is intended to reflect the gender composition of the NSW community.

Note 2: The NSW Public Sector Aboriginal Employment Strategy 2014 – 17 introduced an aspirational target of 1.8% by 2021 for each of the sector's salary bands. If the aspirational target of 1.8% is achieved in salary bands not currently at or above 1.8%, the cumulative representation of Aboriginal employees in the sector is expected to reach 3.3%.

Note 3: A benchmark from the Australian Bureau of Statistics (ABS) Census of Population and Housing has been included for People whose First Language Spoken as a Child was not English. The ABS Census does not provide information about first language, but does provide information about country of birth. The benchmark of 23.2% is the percentage of the NSW general population born in a country where English is not the predominant language.

Note 4: Work is underway to improve the reporting of disability information in the sector to enable comparisons with population data. For this reason, no benchmark has been provided for People with a Disability or for People with a Disability Requiring Work-Related Adjustment.

Trends in the distribution of workforce diversity groups

Workforce diversity group	Benchmark	2016	2017	2018
Women	100	111	110	113
Aboriginal and/or Torres Strait Islander people	100	N/A	N/A	N/A
People whose first language spoken as a child was not English	100	97	94	90
People with a disability	100	N/A	N/A	N/A
People with a disability requiring work-related adjustment	100	N/A	N/A	N/A

Note 1: A Distribution Index score of 100 indicates that the distribution of members of the Workforce Diversity group across salary bands is equivalent to that of the rest of the workforce. A score less than 100 means that members of the Workforce Diversity group tend to be more concentrated at lower salary bands than is the case for other staff. The more pronounced this tendency is, the lower the score will be. In some cases, the index may be more than 100, indicating that members of the Workforce Diversity group tend to be more concentrated at higher salary bands than is the case for other staff.

Note 2: The Distribution Index is not calculated when the number of employees in the Workforce Diversity group is less than 20 or when the number of other employees is less than 20.

Employee remuneration and staff benefits

The Crown Employees (Public Sector Salaries) Award July 2017 provided a 2.5% pay increase to Gallery staff with effect from 14 July 2017. The Gallery continues to provide a range of staff benefits to employees. These include salary sacrifice for personal contributions to superannuation and salary packaging for purchase of motor vehicles.

Other staff benefits include staff discounts at the Gallery Shop, on Art Gallery Society membership, the restaurant and cafe. The Gallery has also re-negotiated arrangements for staff to access discounted parking at the Domain Car Park.

Staff are also offered before and after-hours on-site classes in pilates and yoga through a pay-per-use system.

Conditions of employment

The Gallery continues to review recruitment and employment practices ensuring that legislation and guidelines are met and practices are monitored on a regular basis. This year the Gallery undertook a review of recruitment, language used, processes and practices to ensure that all members of the community feel encouraged to apply for roles. The Gallery also renewed its staff induction process with the inclusion of a starter pack for new staff, followed by a series of welcome sessions in which participants hear directly from the Executive and Leadership team members on topics including the role of the Executive team, a brief history of the Gallery, staff responsibilities in relation to the Code of Ethics and Conduct, as well as caring for the collection and important work, health and safety responsibilities.

Training and scholarships

The Gallery is an active supporter of professional development. Staff are supported through the provision of study leave and flexible working hours and work arrangements to enhance their academic qualifications. This year full-time staff members undertook further study.

The Gallery also offered a Leadership Development program to department heads. The program was led by People Development Australia and ran for one day per month over a period of four months. Over twenty heads of department participated in topics ranging from Leading Others to Leading the Organisation.

After the launch of the Gallery's first Disability and Inclusion Access Plan, disability awareness training was offered to front-of-house staff and managers.

In conjunction with Art Gallery Society, the Gallery was proud to offer four staff members a paid scholarship of \$6250 each to undertake study, research or development in an area of their professional interest which aligned to the Strategic Goals. Eligible staff were asked to submit an application with endorsement from their manager. The four scholarship winners for 2017–18 were Karen Hancock (Graphic Designer), Sarah Bunn (Conservator), Rebecca Allport (Manager Retail) and Josephine Touma (Manager Public Programs; research trip scheduled for the 2018/19 financial year).

Employee Assistance Program

For many years the Gallery has offered employees a confidential counselling service, external to the Gallery. The counselling service is available to all staff and their immediate family and provides counselling on a range of issues including interpersonal relationships, financial planning, stress and critical incident debriefing. The current provider of counselling services to the Gallery is Optum.

Work, health and safety

Number of work-related injuries resulting in workers compensation claims: 3
 Number of time lost injuries: 0
 Number of work related illnesses: 0
 Prosecution under the OH&S Act: 0

For the first time in at least 18 years the Gallery has achieved a no-time-lost record due to injury in a twelve-month period – this is an outstanding achievement.

The Gallery's injury management process is effective in returning workers to pre-injury duties as quickly as possible. This is reflected in reduced time lost and the capacity of the Gallery to provide suitable duties and gradual return to work programs – minimising time lost. The Gallery actively implements injury management by maintaining contact with injured workers, treating doctors and insurers. Preventative measures such as flu injections and pilates classes are made available to all staff.

The Gallery's Work Health and Safety (WH&S) Committee is an internal advisory body, meeting on a quarterly basis that undertakes workplace inspections and reviews procedures and practices and, where appropriate, makes recommendations to management for improvements to minimise WH&S workplace risks. Quarterly reports on WH&S including initiatives, the incidence of accidents and worker's compensation claims are reviewed by the Committee, the Trust's Audit and Risk Committee and the Board of Trustees.

Industrial relations

There were no industrial disputes during 2017–18.

Risk management

Risk management is essential to good corporate governance. The Gallery is committed to a risk-management approach when implementing activities under our corporate plan's seven key strategic areas. External risks, their indicators and the management strategies that control them are part of the Gallery's strategic management processes. Internal risks are addressed through policies, procedures and internal controls.

The Gallery's strategic risks include: strategic financial management, relevance, change management, expansion and transformation project, strategic intent, government relationships and stakeholder management.

The operational risks are: corporate governance, storage and protection of art work, security management, business continuity/disaster recovery, information and cyber security, contract and procurement management, performance management and succession planning, operational financial management, intellectual property, work health and safety, legislative compliance and management of hazardous substances.

The Gallery's risk-management framework is managed in accordance with the NSW Government's Internal Audit and Risk Management policy (Treasury Policy Paper: TPP 15-03). The mandatory annual attestation certification is included below.

The Finance, Audit and Risk Sub-committee confirmed the setting of the Gallery's internal audit program and risk profile for 2017-18 and regularly reviewed work health and safety quarterly reports.

Work undertaken in policy and procedure areas included reviews of Gifts, Benefits and Hospitality, Financial Delegations, Performance Development Business Continuity and Disaster Management Plan and the Code of Ethics and Conduct. The committee meets each year with the senior managers of the external and internal audit team to discuss findings from their review of statutory accounts and other audited areas.

Internal audits 2017-18

Two internal audit reviews were completed by Deloitte during the year:

Catering contract internal audit

This internal audit assessed the adequacy and effectiveness of internal controls to ensure that licence fees payable to the Gallery are made in accordance with the contract.

Information systems internal audit

The internal audit assessed the effectiveness of general internal controls used to mitigate risks associated with IT security.

Recommendations from the audits are implemented by management on an agreed timeframe, as resources allow. The Finance, Audit and Risk Sub-Committee reviews and monitors implementation of internal audit review findings.

Insurance

As a NSW statutory authority, the Gallery's insurable risks are covered under the Treasury Managed Fund (TMF), the Government self-insurance scheme.

Policy development

During 2017-18 the Gallery continued to revise and refresh key policies including Gifts, Benefits and Hospitality, Financial Delegations, Performance Development Business Continuity and Disaster Management Plan and the Code of Ethics and Conduct, as outlined under the Risk Management Section.

Other Gallery entities

The Gallery is responsible for providing administrative support to three other entities, namely the Art Gallery of New South Wales Foundation, the Brett Whiteley Foundation and VisAsia. Each of these entities has a separate legal structure established by a trust deed or incorporated with a memorandum and articles of association. Each has a board of trustees/directors, as determined by its enabling legislation. Board meetings are generally held quarterly. The Gallery provides support including management, finance, corporate secretariat and general administrative services.

Customer service delivery

In accordance with our pledge of service, visitors to the Gallery are invited to leave feedback at the information desk using the hard copy Feedback Form or online via email or the 'contact us' form on the Gallery's website. In 2017–18, 501 comments were received. Overall, there were 191 positive comments, 198 negative comments and 112 suggestions and general comments. Comments are responded to by reception desk officers and referred to a relevant senior staff member for their reference or action, as appropriate.

The majority of positive comments received in 2017–18 related to the exhibitions *Rembrandt and the Dutch golden age* and *The lady and the unicorn*. The free guided tours provided by the volunteer guides, especially those of the Yiribana gallery, continue to be a source of inspiration to our visitors.

The lady and the unicorn caused many visitors to be moved, with one commenting: '*The lady and the unicorn* took my breath away. As soon as I entered the room, the hairs stood up on my arms! Loved it, and will tell everyone to go see it.' Another visitor went even further stating, 'I am still feeling so out of this world with the sheer magnitude and beauty of the tapestries. The size was challenging just to drink in the vastness of the work ...'

Rembrandt and the Dutch golden age gained praise for its exhibition design and curation, with one visitor commenting, 'I just wanted to say how impressed we were with the Rijksmuseum exhibition. It was very well displayed and we thought the written information was particularly well done. The information at each picture was a good length (not too long), very relevant and very clear to read. Overall the exhibition brought the era, the styles and the artists to life for us.'

The associated event, *Rembrandt Live*, also received a very strong, positive response. Negative comments noted the absence of seating with backs in the Gallery and disappointment with the cafe.

Compliance

The Gallery incurred \$8160 in external costs for the production of its 2017-18 Annual Report. The copies for submission were printed in-house with comb binding. The report is available online at www.artgallery.nsw.gov.au/about-us/corporate-information/annual-reports/agnsw

Building management

Building upgrades

Through ongoing generous government support, the Gallery continues to upgrade and refurbish its building assets in line with other prominent state institutions and government requirements. Projects completed in the 2017-18 financial year include:

- Refurbishment of the Rudy Komon Gallery, including upgrades to air-conditioning to improve air flow, making the ceiling trafficable to allow ongoing maintenance of services above the ceiling, and replacement of house lights with energy-saving LED lights.
- Refurbishment of the ceiling above the main travertine staircase, with installation of new acoustic insulation and LED lighting.
- The office areas housing the Learning and Participation, Events and Sydney Modern Project teams were reconfigured and refurbished, including new meeting spaces, an Artist's Prep room for the preparation of materials for public programs, and the installation of energy-saving LED lighting.
- A new office area was created on lower level 3 to house the Design, Digital Engagement and Publications and Rights teams.

Building maintenance

The maintenance of all three buildings owned by the Gallery – the Gallery Domain building, the off-site Collection Store and the Brett Whitely Studio – continued throughout the 2017-18 financial year, with minor upgrades to ensure the buildings remained regulation and code compliant, as well as ensuring the buildings continued to operate within the strict environmental standards necessary to protect the collections and meet artwork loan requirements.

Energy management

Electricity

Average daily electricity consumption at the Gallery's Domain site during the 2017-18 financial year was 15,913 kilowatt hours. This represents an 8% reduction in daily usage compared to 2016-17.

Gas

The average daily gas consumption at our Domain site during the 2017-18 financial year was 88 gigajoules. This is a 13% reduction in daily usage compared to 2016-17.

Water

The average daily water consumption remained consistent with a 1% reduction in daily usage to 97 kilolitres per day in the 2017-18 financial year.

REDUCTION IN ELECTRICITY USAGE

13%

Energy management

Motor vehicle fleet

The Gallery's small permanent motor vehicle fleet is maintained and acquired in accordance with the NSW Government fleet management policy, including purchase of fuel-efficient cars.

The Gallery's fleet comprises seven motor vehicles, including one sedan and one van which run on E10 petrol; one utility truck, one 2-tonne truck and one 4.5-tonne truck which use diesel; and a Prius Hybrid wagon. The Gallery overachieves the NSW Government policy that 5% of passenger fleets be hybrid, plug-in hybrid electric or electric vehicles.

The Gallery's motor vehicle procedures provide guidelines for environmentally-sound driving. All employees using petrol-powered fleet vehicles are directed to refuel with E10 unleaded petrol.

Waste reduction

Development of a new customer relationship management (CRM) system has allowed the Gallery to move to email invitations for the majority of Gallery events and other correspondence. This has achieved significant reductions in paper consumption.

The main Gallery printers/photocopiers are set to default to double-sided black-and-white printing. Staff are increasingly scanning documents, such as plans and contracts, rather than photocopying them and sending documents via the post office.

The development of the Gallery's intranet to replace previously paper-based systems continued in 2017–18. The 'log a job' feature allows staff to book work by, or report problems to, key service departments. The intranet also hosts training for a number of Gallery systems.

The Gallery continues to recycle used batteries.

The Gallery plans to upgrade the records management system and roll out to more staff, which will enable more efficient capture of digital records to decrease the use of paper-based records.

Resource Recovery Initiative

A designated recycling mini-skip is located on the loading dock for recycling all paper products, including flattened cardboard boxes. Every work station is issued with a recycling bin, which is collected regularly by the cleaners.

Bins are provided in the loading dock to ensure that glass and plastic can be appropriately recycled.

Wherever possible, construction and display materials are reused for exhibitions. All excess steel, wire and workshop, building materials, plant materials and hazardous materials are sent to an external supplier. The Conservation department recycles its paper and cardboard off-cuts internally and disposes of needles and syringes appropriately.

Expired lights are collected and disposed of appropriately. Used toner cartridges, drums and waste collectors are sent for recycling.

The Research Library and Gallery Shop continue to reuse cardboard boxes and bubble wrap for packaging inter-library loans and filling visitor and e-commerce merchandise orders.

All food and beverage services are handled by our contract cafe.

Financial performance

The Gallery's financial position in 2017-18 was consistent with prior years. The Gallery was able to maintain its financial position by controlling discretionary costs and increasing its commercial revenues.

During the financial year, visitation was maintained at 2016-17 levels, which had experienced a significant increase on 2015-16. The main drivers supporting the strong ongoing visitation level were a successful exhibition program; creative use of the Gallery's art collection in its various galleries in conjunction with a range of public programs; the ongoing success of the Art After Hours program on Wednesday nights; and a popular lecture and film program.

Revenues from the Gallery's commercial activities continue to make a vital contribution to its overall financial performance. A successful exhibition program benefited from the outstanding success of *The lady and the unicorn* exhibition and the earlier start date of the *Archibald, Wynne and Sulman prizes* exhibition in 2018. This had a flow-on effect to commercial revenues from venue hire and retail.

Exhibition ticket sales increased by 12% in 2017-18 through an increase in the volume of paid visitors. Venue hire, catering revenue and shop revenue increased by 11% over the previous year.

The Gallery continues to attract a high level of donations of works of art in-kind, with \$8.7 million in 2018 (\$18.7 million in 2016-17). Cash donations for the acquisition of art and the Sydney Modern Project amounted to \$20.8 million (\$13.9 million in 2016-17).

The Gallery holds investments with TCorp as well as term deposits with commercial banks. Investment revenue increased to \$2.8 million in 2017-18 (\$2.6 million in 2016-17).

In terms of costs, employee costs have increased due to the compulsory pay increase to all staff and the employment of additional staff as the Gallery commences increased activity levels relating to the Sydney Modern Project. Fixed costs were largely in line with prior years; however, increased security charges and gas utility charges have had an impact. Increases in variable costs were mainly a result of the higher level of trading activity across the Gallery's commercial operations.

The overall net result for the year was \$44.5 million (\$34.9 million in 2016-17), as reported in the Gallery's Statement of Comprehensive Income (SOC), which is prepared in accordance with Australian Accounting Standards. The result includes non-operating specific funds such as capital grants from government, art works donated, and cash and non-cash donations. These funds have already been expended either to acquire assets such as works of art or on specific capital projects. Consequently, these funds are not available for operating purposes. The Gallery's underlying operating result in 2017-18 was a surplus of \$55,000 (\$286,000 in 2016-17).

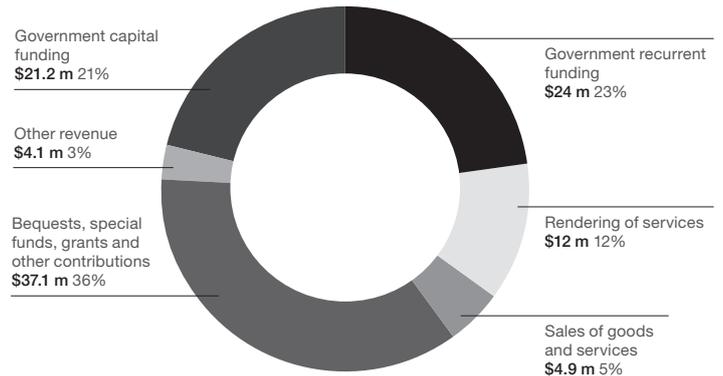

Looking forward

The Gallery continues to build detailed plans supporting its expansion. Working groups have been formed across the Gallery to focus on specific aspects of the plan as we await the outcome of the Development Application process.

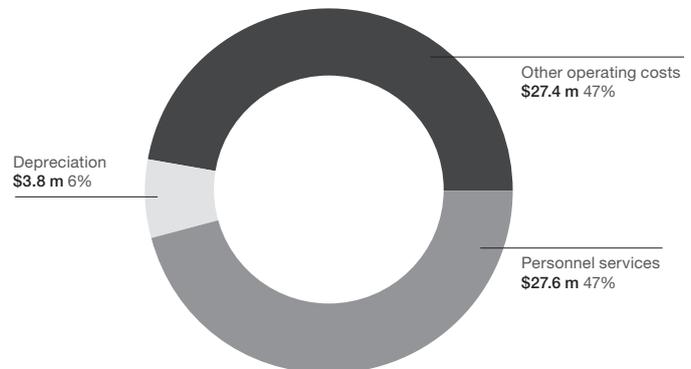

The Gallery remains focused on delivering an exciting program as it moves into the new financial year. The financial performance in the first two months of the new financial year has been in line with expectations.

Year in brief

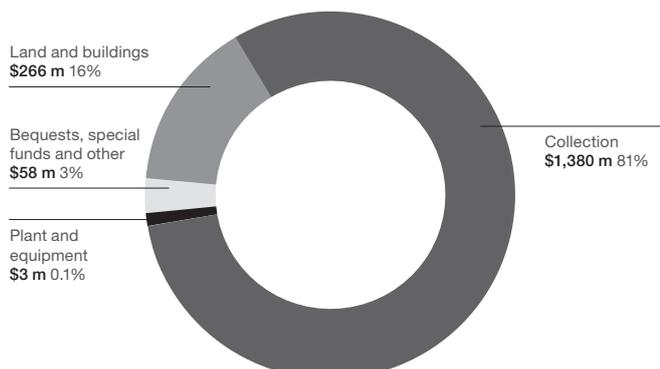

Revenue 2017–18 \$103.3 million

Expenditure 2017–18 \$58.8 million

INDEPENDENT AUDITOR'S REPORT

Art Gallery of New South Wales Trust

To Members of the New South Wales Parliament

Opinion

I have audited the accompanying financial statements of the Art Gallery of New South Wales Trust (the Trust), which comprise the Statement of Comprehensive Income for the year ended 30 June 2018, the Statement of Financial Position as at 30 June 2018, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, notes comprising a Summary of Significant Accounting Policies and other explanatory information, and the Responsible Entities' Declaration of the Trust and the consolidated entity. The consolidated entity comprises the Trust and the entities it controlled at the year's end or from time to time during the financial year

In my opinion, the financial statements:

- give a true and fair view of the financial position of the Trust and the consolidated entity as at 30 June 2018, and of their financial performance and cash flows for the year then ended in accordance with Australian Accounting Standards
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (PF&A Act) and the Public Finance and Audit Regulation 2015
- have been prepared in accordance with Division 60 of the *Australian Charities and Not-for-Profits Commission Act 2012* and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Trust and the consolidated entity in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Other Information

Other information comprises the information included in the annual report of the Trust and the consolidated entity for the year ended 30 June 2018, other than the financial statements and my Independent Auditor's Report thereon. The Trustees of the Trust are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the Statement by the Trustees in accordance with section 41C of the PF&A Act.

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Trustees' Responsibilities for the Financial Statements

The Trustees are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the PF&A Act, *the Australian Charities and Not-for-Profits Commission Act 2012*, and for such internal control as the Trustees determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the ability of the Trust and the consolidated entity to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting except where operations will be dissolved by an Act of Parliament or otherwise cease.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

My opinion does *not* provide assurance:

- that the Trust and the consolidated entity carried out their activities effectively, efficiently and economically
- about the assumptions used in formulating the budget figures disclosed in the financial statements
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

For the year ended 30 June 2018

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting entity

The Art Gallery of NSW Trust (the Gallery) is a statutory body of the NSW State Government. The Gallery is a not-for-profit entity (as profit is not its principal objective) and it has no cash generating units. The reporting entity is consolidated as part of the NSW Total State Sector Accounts.

The Art Gallery of NSW Trust (the Gallery) as a reporting entity comprises all the entities under the Gallery's control including the Gallery's exhibitions, merchandising, venue hire, and catering as well as the activities of the Australian Institute of Asian Culture, Visual Arts (VisAsia) and Art Gallery of NSW Staff Agency. Other entities associated with the Gallery but not controlled or consolidated include the Art Gallery of NSW Foundation and the Brett Whiteley Foundation.

The Art Gallery of NSW Staff Agency (the Agency), being a special purpose entity, is a NSW Government Services established on 24th February 2014 under the Government Sector Employment Act 2013 (GSE Act). The objective is to provide personnel services to the parent entity, Art Gallery of NSW Trust.

In the process of preparing the consolidated financial statements for the economic entity consisting of all entities controlled at year end or any time during the year, all inter-entity transactions and balances have been eliminated and like transactions and other events are accounted for using uniform accounting policies.

These financial statements have been authorised for issue by the Board of Trustees on 28 September 2018.

(b) Basis of preparation

The Gallery's financial statements are general purpose financial statements; which have been prepared on an accruals basis and in accordance with:

- applicable Australian Accounting Standards (which include Australian Accounting Interpretations)
- the requirements for the Public Finance and Audit Act 1983, the Public Finance and Audit Regulation 2015; and
- the Financial Reporting Directions mandated by the Treasurer.

Property, plant and equipment, collection assets, and financial assets at fair value through profit or loss are measured at fair value. Other financial statements items are prepared in accordance with historical cost convention.

Judgements, key assumptions and estimates that management have made are disclosed in the relevant notes to the financial statements.

All amounts are rounded to the nearest one thousand dollars and are expressed in Australian currency.

(c) Changes to accounting policy

There were no changes to accounting policy this year.

(d) Statement of compliance

The financial statements and notes comply with Australian Accounting Standards, which include Australian Accounting Interpretations.

(e) Funds and reserves

(i) Revaluation surplus

The revaluation surplus is used to record increments and decrements on the revaluation of non-current assets. This accords with the Gallery's policy on the revaluation of property, plant and equipment as discussed in note 10.

(ii) Accumulated Funds

The category of 'Accumulated Funds' includes all current and prior period retained funds.

(f) Insurance

The Gallery's insurance activities are conducted through the NSW Treasury Managed Fund Scheme of self insurance for Government agencies. The expense (premium) is determined by the Fund Manager based on past claim experience, asset values and risk.

(g) Accounting for the Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where:

- the amount of GST incurred by the Gallery as a purchaser that is not recoverable from the Australian Taxation Office is recognised as part of the cost of acquisition of an asset or as part of an item of expense; and
- Receivables and payables are stated with the amount of GST included.

Cash flows are included in the statement of cash flows on a gross basis. However, the GST component of cash flows arising from investment and financing activities which are recoverable from, or payable to the Australian Taxation Office are classified as operations cash flows.

Personnel Services - salaries and wages, annual leave, sick leave and on-costs:				
Salaries and wages (including non-monetary benefits), annual leave and paid sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the service are recognised and measured at the undiscounted amounts of the benefits.				
Annual leave is not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. As such it is required to be measured at present value in accordance with AASB 119 Employee Benefits (although short-cut methods are permitted). Actuarial advice obtained by Treasury has confirmed that the use of a nominal approach plus the annual leave on annual leave liability can be used to approximate the present value of the annual leave liability. The entity has assessed the actuarial advice based on the entity's circumstances and has determined that the effect of discounting is immaterial to annual leave.				
Unused non-vesting sick leave does not give rise to a liability as it is not considered probable that sick leave taken in the future will be greater than the benefits accrued in the future.				
Long service leave and superannuation				
The entity's liabilities for long service leave and defined benefit superannuation are assumed by the Crown Entity. The entity accounts for the liability as having been extinguished, resulting in the amount assumed being shown as part of the non-monetary revenue item described as 'Acceptance by the Crown Entity of employee benefits and other liabilities'.				
Long service leave is measured at present value in accordance with AASB 119 Employee Benefits. This is based on the application of certain factors (specified in NSW15/09) to employees with five or more years of service, using current rates of pay. These factors were determined based on an actuarial review to approximate present value.				
The superannuation on-cost for the financial year is determined by using the formulae specified in the Treasurer's Directions. The expense for certain superannuation schemes (i.e. Basic Benefit and First State Super) is calculated as a percentage of the employees' salary. For other superannuation schemes (i.e. State Superannuation Scheme and State Authorities Superannuation Scheme), the expense is calculated as a multiple of the employees' superannuation contributions.

6 CURRENT ASSETS - CASH AND CASH EQUIVALENTS

Cash at bank and on hand	4,203	2,629	4,048	2,328
Short term deposits	22,500	9,800	21,100	8,500
	26,703	12,429	25,148	10,828

Details regarding credit risk, liquidity risk and market risk arising from financial instruments are disclosed in notes 16.

For the purpose of the Statement of Cash Flows, cash includes cash at bank, cash on hand and short term deposits. Cash and cash equivalent assets recognised in the Statement of Financial Position are reconciled at end of the financial year to the Statement of Cash Flows as follows:

Cash and cash equivalents (per Statement of Financial Position)	26,703	12,429	25,148	10,828
Closing cash and cash equivalents (per Statement of Cash Flows)	26,703	12,429	25,148	10,828

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Interest is earned on daily bank balances and received monthly at the normal commercial rate.

The Gallery has placed funds in bank deposits "at call" or for a fixed term. The interest rate payable is negotiated initially and is fixed for the term of the deposits. These term deposits are usually held to maturity. The fair value includes the interest accrued at year end.

7 CURRENT ASSETS - RECEIVABLES

Trade debtors (sale of goods and services)	725	1,090	725	1,090
Accrued income	256	301	252	298
Other receivables	427	310	427	310
Prepayments	510	1,685	510	1,685
Total receivables	1,918	3,386	1,914	3,383

Details regarding credit risk, liquidity risk and market risk, including financial assets either past due or impaired are disclosed in note 16.

Trade and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These financial assets are recognised initially at fair value, usually based on the transaction cost or face value. Subsequent measurement is at amortised cost using the effective interest method, less an allowance for any impairment of receivables.

All trade debtors are recognised as amounts receivable at balance date. Collectability of trade debtors is reviewed on an ongoing basis. Procedures as established in the NSW Treasurer's Directions are followed to recover outstanding amounts, including letters of demand. Debts which are known to be uncollectible are written off. An allowance for impairment is raised when there is objective evidence that the entity will not be able to collect all amounts due. Any changes are accounted for in the Statement of Comprehensive Income when impaired, derecognised or through the amortisation process. The evidence included past experience and current and expected changes in economic conditions and debtors credit ratings. No interest is earned on trade debtors. The carrying amount approximates fair value. Sales are made on 30 day terms.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

There were no transfers between Level 1 and 2 during the period for collections.

Land was revalued this year by FPV Consultants, a certified practising valuer. Increase in value has been recorded in the asset revaluation reserve.

The Gallery's building was revalued in 2016 at fair value by qualified professional personnel from the Buildings Engineering Services, NSW Public Works. The increase in value is recorded in the asset revaluation reserve.

Library collection was revalued in 2015 at fair value by Mr Simon Taaffe, accredited valuer for the Taxation Incentives for the Arts Scheme for Australian books, including artists' books and manuscripts after 1900.

The art collection was revalued in 2015 at fair value by RHAS Valuers. The increase in value was recorded in the asset revaluation reserve.

Details regarding valuation techniques and inputs are disclosed in Note 10.

In between comprehensive revaluations the Gallery conducts interim revaluations to determine whether fair value may differ materially from carrying value. For land and building indexation factors are obtained from NSW Public Works. For the artwork and library collections desktop valuations are performed by the Gallery's internal experts.

Acquisitions of assets

The cost method of accounting is used for the initial recording of all acquisitions of assets controlled by the Gallery. Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire the asset at the time of its acquisition or construction or where applicable the amount attributed to that asset when initially recognised in accordance with the specific requirements of other Australian Accounting Standards.

Gifts of artworks or works acquired at no cost, or for nominal consideration, are initially recognised at their fair value at the date of acquisition and brought to account as assets and revenues for the period.

Capitalisation thresholds

Property, plant and equipment, and intangible assets costing \$5,000 and above individually (or forming part of a network costing more than \$5,000) are capitalised.

Revaluation of property, plant and equipment and collection assets

Physical non-current assets were valued in accordance with the "Valuation of Physical Non-Current Assets at Fair Value" Policy and Guidelines Paper (TPP14-01). This policy adopts fair value in accordance with AASB 13 Fair Value Measurement and AASB 116 Property, Plant and Equipment.

AASB 13 Fair Value Measurement is complied with for this revaluation using the market approach. Appropriate valuation technique is used to measure the fair value and the following fair value hierarchy is being used:

- Land – Level 2 – other observable inputs used
- Building – Level 3 – largely relied on unobservable inputs
- Collections – Level 2 – other observable inputs used
- Collections – Level 3 – largely relied on unobservable inputs

Collection assets include artworks.

There is a part of the building that is listed in the heritage assets.

The Gallery revalues each class of property, plant and equipment at least every five years or with sufficient regularity to ensure that the carrying amount of each asset in the class does not differ materially from its fair value at reporting date. Details of the last revaluations are shown at Note 10 and were based on independent assessments.

Impairment of property, plant and equipment

As a not-for-profit entity with no cash generating units, impairment under AASB 136 Impairment of Assets is unlikely to arise. As property, plant and equipment is carried at fair value, impairment can only arise in the rare circumstances where the costs of disposal are material. Specifically, impairment is unlikely for not-for-profit entities given that AASB 136 modifies the recoverable amount test for non-cash generating assets of not-for-profit entities to the higher of fair value less costs of disposal and depreciated replacement cost, where depreciated replacement cost is also fair value.

Costs incurred to date on the Sydney Modern Project have been assessed under AASB 136 Impairment of Assets criteria. The Sydney Modern Project has received funding approval from the NSW Government, thus costs incurred to date will be held in Work in Progress account included in Buildings and be reclassified when the project is complete.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2018

Depreciation of property, plant and equipment

Except for certain heritage assets and collection assets, depreciation is provided for on a straight-line basis for all depreciable assets so as to write off the depreciable amount of each asset as it is consumed over its useful life to the Gallery.

Land is not a depreciable asset. Certain heritage assets have an extremely long useful life, including original art works and collections and heritage buildings because appropriate curatorial and preservation policies are adopted. Such assets are not subject to depreciation. The decision not to recognise depreciation for these assets is reviewed annually.

Depreciation rates for each category of depreciable assets are as follows:

Plant and Equipment 7-20%
Motor Vehicles 20%
Furniture and Fittings 20%
Office Equipment 33%
Computer Equipment 33%
Catering Equipment 20%
Other Equipment 20%
Building Infrastructure 1-7%

These rates are reviewed annually to ensure they reflect the assets' current useful life and residual values.

Additions	1,432	142
Amortisation	(63)	(46)
Net carrying amount at end of year	<u>1,990</u>	<u>621</u>

The Gallery recognises intangible assets only if it is probable that future economic benefits will flow to the Gallery and the cost of the asset can be measured reliably. The intangible assets held by the Gallery comprise the website and software for internal use and are recognised at cost.

Intangible assets are subsequently measured at fair value only if there is an active market. As there is no active market for the Gallery's intangible assets the assets are carried at cost less any accumulated amortisation.

The useful life of intangible assets is assessed to be finite. The Gallery's intangible assets are amortised on a straight line basis over 7-10 years.

Intangible assets are tested for impairment where an indicator of impairment exists. If the recoverable amount is less than its carrying amount, the carrying amount is reduced to recoverable amount and the reduction is recognised as an impairment loss.

These amounts represent liabilities for goods and services provided to the Gallery and other amounts, including interest. Trade and other payables are recognised initially at fair value usually based on the transaction cost or face value. Subsequent measurement is at amortised cost using the effective interest method. Short-term payables with no stated interest rate are measured at the original invoice amount where the effect of discounting is immaterial.

16 FINANCIAL INSTRUMENTS

The Gallery's principal financial instruments are outlined below.

(a) Financial instrument categories

Financial Assets	Notes	Category	Carrying Amount	Carrying Amount	Carrying Amount	Carrying Amount
Class:						
Cash and cash equivalents	6	N/A	26,703	12,429	25,148	10,828
Receivables (excluding prepayments and statutory receivables)	7	Receivables (at amortised cost)	725	1,090	725	1,090
Financial assets at fair value	9	At fair value through profit or loss designated as such upon initial recognition	36,213	31,828	36,213	31,828
Payables (excluding unearned revenue and statutory payables)	12	Financial liabilities (at amortised cost)	4,408	4,185	7,586	7,160
Receivables - trade debtors			725	1,090	725	1,090
		Past due but not impaired < 3 months	2	2	2	2

The Gallery is not materially exposed to concentrations of credit risk to a single trade debtor or group of debtors. The only financial assets that are past due are 'sales of goods and services' category of the Statement of Financial Position. There is no debtor in receivership as at 30 June 2018. (nil 2017)

TCorp Hour Glass Investment facilities

The Gallery has investments in the following TCorp's Hour Glass Investment facilities. The Gallery's investments are represented by a number of units in managed investments within the facilities.

Facility	Investment Sectors	Investment horizon	Carrying Amount	Carrying Amount	Carrying Amount	Carrying Amount
Medium term growth facility	Cash, Australian bonds Australian and international shares listed property and emerging markets	3 to 7 years	15,595	15,119	15,595	15,119
Long term growth facility	Cash, Australian bonds Australian and international shares listed property and emerging markets	7 years and over	20,618	16,709	20,618	16,709
Total			36,213	31,828	36,213	31,828

The unit price of each facility is equal to the total fair value of net assets held by the facility divided by the total number of units on issue for that facility. Unit prices are calculated and published daily.

Investments are initially recognised at fair value plus, in the case of investments not at fair value through profit or loss, transaction costs. In accordance with the Investment Policy and in line with NSW Treasurer's Direction, the only equity based investments permitted are in TCorp, a government approved investment fund. The Gallery determines the classification of its investments after initial recognition and when allowed and appropriate, re-evaluates this at each financial year end.

The Gallery investments in TCorp Hour Glass medium and long term facilities are classified as "at fair value through profit or loss" based on its investment strategy. The Gallery's investments are represented by a number of units in managed investments within the facilities. Each facility has different investment horizons and comprises a mix of asset classes appropriate to the investment horizon. The fair value of these investments is determined by reference to quoted current bid prices at the close of business on the reporting date. Any change in unit price impacts directly on profit (rather than equity). The movement in the fair value of the Hour Glass Investment facilities incorporates distributions receivable as well as unrealised movements in fair value and is reported in the line item 'Investment revenue'.

These investments are generally able to be redeemed with 24 hours notice. The value of the investments represents the Gallery's share of the value of the underlying assets of the funds and is stated at fair value, based on the market value.

TCorp appoints and monitors fund managers and establishes and monitors the application of appropriate investment guidelines.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

For the year ended 30 June 2018

(ii) Liquidity risk

Liquidity risk is the risk that the Gallery will be unable to meet its payment obligations when they fall due. The Gallery continuously manages risk through monitoring future cash flows and maturities planning to ensure adequate holding of high quality liquid assets.

The Gallery has no loans or overdrafts and no assets have been pledged as collateral. An overdraft facility is not considered necessary as arrangements have been put in place to call in term deposits at short notice if needed. A penalty of reduced interest rate may sometimes be incurred.

The liabilities are recognised for amounts due to be paid in the future for goods or services received, whether or not invoiced. Amounts due to suppliers (which are unsecured) are settled in accordance with the policy set out in NSW Treasury circular TC 11/12. If trade terms are not specified, payment is made no later than the end of the month following the month in which an invoice or a statement is received.

(iii) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Gallery endeavours to limit the market risk by investing in NSW TCorp funds which provide diversification through asset allocation over a spread of financial assets (cash, bonds, fixed interest securities and equities) over medium and long term investment horizons. NSW TCorp is required to act in the best interest of the unit holders and to administer the investments accordingly. Notwithstanding these controls, market risk is inevitable in the equity markets, which is subject to global volatility.

(iv) Currency risk

The Gallery is exposed to currency risk on purchases made in currencies other than Australian Dollars. The Gallery fully hedges any substantial future foreign currency purchases when contracted. The Gallery uses forward exchange contracts to hedge its currency risk, as soon as the liability arises.

(v) Interest rate risk

Interest rate risk is limited as the Gallery only enters into fixed interest terms on its term deposits. The Gallery has no interest bearing liabilities and therefore is not exposed to interest rate risk on borrowings.

Fair value

Financial instruments are generally recognised at cost, with the exception of the TCorp Hour-Glass facilities, which are measured at fair value. The amortised cost of financial instruments recognised in the statement of financial position approximates the fair value, because of the short-term nature of many of the financial instruments.

A number of the Gallery's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When measuring fair value, the valuation technique used maximises the use of relevant observable inputs and minimises the use of unobservable inputs.

There were no transfers between Level 1 or 2 during the periods. The value of the Hour-Glass investments is based on the entity's share of the value of the underlying assets of the facility, based on the market value. All of the Hour-Glass facilities are valued using 'redemption' pricing.

The Gallery recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Refer Note 10 and Note 16 for further disclosures regarding fair value measurements of financial and non-financial assets.

Impairment of financial assets

All financial assets, except those measured at fair value through profit or loss, are subject to an annual review for impairment. An allowance for impairment is established when there is objective evidence that the Gallery will not be able to collect all amounts due.

For financial assets carried at amortised cost, the amount of the allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the impairment loss is recognised in the net result for the year. Reversals of impairment losses of financial assets carried at amortised cost cannot result in a carrying amount that exceeds what the carrying amount would have been had there not been an impairment loss.

19 BUDGET REVIEW

On the financial statement the split for employee related and other operating expenses differ to the published budget. Due to the GSE Act, the split had to be done to provide a more realistic comparison. Also, the published budget figure for property, plant and equipment had to be split to give better information.

The budgeted amounts are drawn from the original budgeted financial statements presented to Parliament in respect of the reporting period. Subsequent amendments to the original budget (e.g. adjustment for transfer of functions between entities as a result of Administrative Arrangements Orders) are not reflected in the budgeted amounts.

Net result

The actual net result is better than budget due to higher than expected cash donations, donation of artwork, exhibition ticket sales and programs revenue, venue hire revenue and shop merchandise sale revenue. This is offset by increase in overall expenses.

Assets and Liabilities

Higher cash and cash equivalent balances compared to budget due to funds received for the Sydney Modern capital campaign donations. The funds are invested in Toorp and term deposits and will be used as the project enters the construction phase.

Non current asset has increase mainly due to capitalisation of Sydney Modern expenses, art acquisition and gifts and land revaluation.

Cash flows

The net cash flows from operating activities better than budget due to increase in sales of goods and services and donations. Net cash flows from investing activities higher than budget due to capital expenditure and cash investments.

20 EVENTS AFTER THE REPORTING PERIOD

There are no significant events after the reporting period that will impact the financial statements.

21 CONTINGENT LIABILITIES

The Treasury Managed Fund normally calculates hindsight premiums each year. There are no other contingent liabilities. (2017 - Nil)

END OF AUDITED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

Art Gallery of New South Wales Trust Staff Agency

To Members of the New South Wales Parliament

Opinion

I have audited the accompanying financial statements of the Art Gallery of New South Wales Trust Staff Agency (the Staff Agency), which comprise the Statement of Comprehensive Income for the year ended 30 June 2018, the Statement of Financial Position as at 30 June 2018, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, notes comprising a Summary of Significant Accounting Policies and other explanatory information.

In my opinion, the financial statements:

- give a true and fair view of the financial position of the Staff Agency as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (PF&A Act) and the Public Finance and Audit Regulation 2015.

My opinion should be read in conjunction with the rest of this report.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Staff Agency in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Other Information

Other information comprises the information included in the Staff Agency's annual report for the year ended 30 June 2018, other than the financial statements and my Independent Auditor's Report thereon. The Trustees are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the Statement by the Trustees in accordance with section 41C of the PF&A Act.

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

The Trustees' Responsibilities for the Financial Statements

The Trustees are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the PF&A Act, and for such internal control as the Trustees determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Staff Agency's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting except where the Staff Agency will be dissolved by an Act of Parliament or otherwise cease operations.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

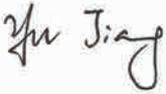

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/auditors_responsibilities/ar4.pdf. The description forms part of my auditor's report.

My opinion does *not* provide assurance:

- that the Staff Agency carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

1 Summary of Significant Accounting Policies

(a) Reporting Entity

The Art Gallery of New South Wales Trust Staff Agency's (Staff Agency) objective is to provide personnel services to the Art Gallery of New South Wales Trust.

The Staff Agency commenced operations on 24 February 2014, when it assumed responsibility for the employees and employee related liabilities of the former employer, the Department of Trade and Investment, Regional Infrastructure and Services. The assumed liabilities were recognised on 24 February 2014 together with the offsetting receivable representing the related funding due from the former employer for the year ended 30th June 2014. The funding and liabilities are due from the Trust for the year ended 30th June 2018.

These financial statements for the period ended 30 June 2018 have been authorised for issue by the Board of Trustees on 28 September 2018.

(b) Basis of Preparation

The entity's financial statements are general purpose financial statements which have been prepared in accordance with the requirements of Australian Accounting Standards which include Australian Accounting Interpretations, the Public Finance and Audit Act 1983, the Public Finance and Audit Regulation 2015 and specific directions issued by the Treasurer.

Generally, the historical cost convention has been adopted. However, certain provisions are measured at fair value.

The accrual basis of accounting has been adopted in the preparation of the financial statements.

Management's judgements, key assumptions and estimates are disclosed in the relevant notes to the financial statements.

The financial statements have been prepared on a going concern basis which assumes that repayment of debts will be met as and when they fall due, without any intention or necessity to liquidate assets or otherwise winding up the operations.

All amounts are rounded to the nearest one thousand dollars and are expressed in Australian currency.

c). Statement of Compliance

The financial statements and notes comply with Australian Accounting Standards, which include Australian Accounting Interpretations.

The Staff Agency has adopted all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective from the current annual reporting period. The impact to the Staff Agency of the adoption of the new standards and interpretations was insignificant.

(d) Income Recognition

Income is measured at the fair value of the consideration received or receivable. Revenue from the rendering of personnel services is recognised when the service is provided and only to the extent that the associated recoverable expenses are recognised.

(e) Receivables

A receivable is recognised when it is probable that the future cash inflows associated with it will be realised and it has a value that can be measured reliably. It is derecognised when the contractual or other rights to future cash flows from it expire or are transferred.

A receivable is measured initially at fair value and subsequently at amortised cost using the effective interest rate method, less any allowance for impairment. A short-term receivable with no stated interest rate is measured at the original invoice amount where the effect of discounting is immaterial. An invoiced receivable is due for settlement within thirty days of invoicing.

(f) Payables

Payables include accrued wages, salaries, and related on costs (such as payroll tax, fringe benefits tax and workers' compensation insurance) where there is certainty as to the amount and timing of settlement.

A payable is recognised when a present obligation arises under a contract or otherwise. It is derecognised when the obligation expires or is discharged, cancelled or substituted.

A short-term payable with no stated interest rate is measured at historical cost if the effect of discounting is immaterial.

(g) Employee benefits and other provisions

i. Salaries and wages, annual leave, sick leave and on-costs

Salaries and wages (including non-monetary benefits), annual leave and paid sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the service are recognised and measured at the undiscounted amounts of the benefits.

Annual leave is not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. As such it is required to be measured at present value in accordance with AASB 119 *Employee Benefits* (although short-cut methods are permitted). Actuarial advice obtained by Treasury has confirmed that the use of a nominal approach plus the annual leave on annual leave liability can be used to approximate the present value of the annual leave liability. The entity has assessed the actuarial advice based on the entity's circumstances and has determined that the effect of discounting is immaterial to annual leave.

Unused non-vesting sick leave does not give rise to a liability as it is not considered probable that sick leave taken in the future will be greater than the benefits accrued in the future.

ii. Long service leave and superannuation

The entity's liabilities for long service leave and defined benefit superannuation are assumed by the Crown Entity. The entity accounts for the liability as having been extinguished, resulting in the amount assumed being shown as part of the non-monetary revenue item described as 'Acceptance by the Crown Entity of employee benefits and other liabilities'.

Long service leave is measured at present value in accordance with AASB 119 *Employee Benefits*. This is based on the application of certain factors (specified in NSWTC 15/09) to employees with five or more years of service, using current rates of pay. These factors were determined based on an actuarial review to approximate present value.

The superannuation on-cost for the financial year is determined by using the formulae specified in the Treasurer's Directions. The expense for certain superannuation schemes (i.e. Basic Benefit and First State Super) is calculated as a percentage of the employees' salary. For other superannuation schemes (i.e. State Superannuation Scheme and State Authorities Superannuation Scheme), the expense is calculated as a multiple of the employees' superannuation contributions.

iii. Consequential on-costs

Consequential on-costs to employment are recognised as liabilities and expenses where the employee benefits to which they relate have been recognised. This includes outstanding amounts of payroll tax, workers' compensation insurance premiums and fringe benefit tax.

(h) Comparative Information

Except when an Australian Accounting Standard permits or requires otherwise, comparative information is disclosed in respect of the previous period for all amounts reported in the financial statements.

(i) Accounting Standards issued but not yet effective

The Staff Agency did not early adopt any new accounting standards and interpretations that are not yet effective. It is considered that the adoption of these standards will not have any material impact on the Staff Agency's financial statements.

(b) Credit Risk

Credit risk arises when there is the possibility that the counterparty will default on their contractual obligations, resulting in a financial loss to the Staff Agency. The maximum exposure to credit risk is generally represented by the carrying amount of the financial assets (net of any allowance for impairment).

Credit risk arises from the financial assets of the entity. No collateral is held by the Staff Agency and it is not granted by any financial guarantees.

Receivables

As at 30 June 2018, the entity had debtors of \$3.178 million which represent personnel services receivable from the Trust.

(c) Liquidity risk

Liquidity risk is the risk that the Staff Agency will be unable to meet its payment obligations when they fall due. The Staff Agency's exposure to liquidity risk is deemed insignificant based on prior periods' data and current assessment of risk.

The liabilities are recognised for amounts due to be paid in the future for goods or services received, whether or not invoiced. Amounts owing to suppliers (which are unsecured) are settled in accordance with NSW TC 11/12.

The table below summarises the maturity profile of the entity's financial liabilities and the interest rate exposure.

Maturity analysis and interest rate exposure of financial liabilities:

Financial Instruments	Weighted Average Effective Int. Rate	Nominal Amt	Interest Rate Exposure			Maturity Dates		
			\$000			< 1 year	1-5 years	> 5 years

(d) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The entity has no exposure to interest rate risk, foreign currency risk and does not enter into commodity contracts.

(e) Fair value measurement

Financial instruments are recognised at cost, the amortised cost of financial instruments recognised in the statement of financial position approximates fair value, due to short-term nature of many of the financial instruments.
